 Hundreds March Quietly

At Lansing's City Hall

BY SUE JACOBY
State News Staff Writer

Thousands of people, including demonstrators marched through downtown Lansing Monday in protest the anti-bias legislation pending in the Michigan State Senate. About 400 demonstrators of all ages, approximations 200 males and 100 females, adopted the slogan "Marching for a City Hall carriage."

Ten speakers, in reading the "New Year's" and "Threaten Speeches" at the annual meeting of the Michigan Human Relations Council, were among the speakers featured in Lansing and attacking the 200 persons who contributed to this demonstration. Similar demonstrations were also organized in Lansing and attacking the 200 persons in the same meeting.

"The present human relations program is one of the most important and significant of our time," said one speaker. "It is a program that we can all be proud of."

"We are here today to show our support for this program," said another speaker. "We will continue to work for its success."

At the end of the meeting, the demonstrators marched through downtown Lansing to the State Capitol, where they were met by police who arrested 20 of them.

See, Hart is New Subcommittees Head

WASHINGTON — Michigan Senator Philip Hart has been named chairman of the Senate Anti-Trust and Monopoly Subcommittee. Hart succeeds the late Sen. Estes Kefauver of Tennessee.

Hart, a Democrat, has taken a leading role in recent anti-trust legislation. He said the subcommittee, under Hart, will be "well advised to consider the provisions which might instigate regionalization."

"We are here today to show our support for this program," said another speaker. "We will continue to work for its success."

At the end of the meeting, the demonstrators marched through downtown Lansing to the State Capitol, where they were met by police who arrested 20 of them.

As a political leader who worked on the project which developed the atomic bomb, said the East Lansing Rotary Club Monday night that they recognized the need for effective defense, but "there is a limit to what can be done."

"We must be ready to defend ourselves," said the speaker. "But we must also recognize the need for a reduction in the arms race."

the ability of the merchants of East Lansing to provide for them, it is the obligation of the University to take care of these needs.

We predict that student demands for varied services, more than presently are provided by surrounding merchants, will increase greatly as the University grows.

The University has always been out of the way to play fair with East Lansing merchants -- but its responsibility to its students will always have to come first.

**Performing Arts Co. Supplements Theatre**

By LINDA MILLER
State News Staff Writer

"in this theatre we try to make poetry out of everyday actions," believed Ralph Rutledge, director of University Theatre. He and the Performing Arts Company which he heads will soon be opening a new theatre, the Performing Arts Theatre, adjoining the College of Arts and Sciences. Rutledge said that the theatre is designed to be a "symbol of the arts." The theatre will be a place where "theatre, music, and dance" can be presented. The theatre will be used for a variety of performances, including plays, concerts, and lectures.

**Graduate Students To Register Early**

Graduate students are urged to register as early as possible. The early registration period is from 9 a.m. to 4 p.m. on Monday, October 21. All graduate students are required to register during this period, even those who have already registered.

Placed By Personnel Center

3,800 Non-Academic Workers

By ERIC FILSON

The MSU Personnel Center, located in the Administration Building in Room 16, is responsible for the recruitment and maintenance of all the non-academic workers on campus. The Personnel Center is under the administration of the Personnel Director, who reports to the University President. The center is responsible for the recruitment and selection of all non-academic employees, including secretaries, clerks, maintenance workers, and various other positions. The Personnel Center also administers all personnel policies, procedures, and benefits for non-academic employees.

Recruitment

The Personnel Center receives applications from individuals interested in working for the University. These applications are screened by the Personnel Department, and those meeting the requirements of the positions are invited for interviews. The interviews are conducted by members of the Personnel Department, who evaluate the candidates' qualifications and determine if they are suitable for the positions. The Personnel Center also reviews the applications and interviews of candidates for positions in the central university administration, including the deans of the various colleges.

Selection

The Personnel Center is responsible for selecting the best-qualified candidates for the positions advertised. The selection process includes review of applications, interviews, and references. The Personnel Center also administers the examinations for some positions, such as secretaries.

Benefits

The Personnel Center administers the benefits program for non-academic employees, including health and life insurance, retirement plans, and other benefits. The Personnel Center also administers the payroll system and ensures that all employees are paid accurately and on time.

The Personnel Center is dedicated to providing excellent service to both the University and the employees. The Personnel Center is located in the Administration Building, Room 16, and is open from 8:00 a.m. to 5:00 p.m. Monday through Friday. The Personnel Center can be reached at 482-1600.

University Theatre Comes To Dorms — Save Walk

By LINDA MILLER

The University Theatre has announced that it will present a new production at the new dorms, beginning in the fall semester. The production will be a full-scale theatrical production, and will be performed in the University Theatre's new dormitory housing facility.

The new dormitory facility, which is located on the University's South campus, will provide housing for approximately 1,000 students. The dormitory will include a variety of facilities, including a full-scale theatre, which will be used for the production.

The production will be directed by Jonathan L. Snyder, who is the University Theatre's new director. Snyder is a well-known director, and has directed many productions at the University Theatre.

The production will be a musical, and will feature a cast of University Theatre students. The production will be a full-scale theatrical production, and will be performed in the University Theatre's new dormitory housing facility.

The Personnel Center is located in the Administration Building, Room 16, and is open from 8:00 a.m. to 5:00 p.m. Monday through Friday. The Personnel Center can be reached at 482-1600.
