Final Exams Draw Near

"But somebody's gotta know what's going to be on the final!" Walter Justin, junior, Iraq, varsity athlete, tries frantically to gain information in a familiar pursuit. for this time of the term.

Kris Skipt Life For Entering Frosh

Entering freshmen at Counseling Clinics in Prexy Hall were added this year to the University's counseling program, making them available every phase of campus life.

"Somatics," characteristically short, essays on hygiene, health and personal adjustment, for a year or two of college, are a requirement for seniors. They are offered in the student's residence hall as a form of counseling. The meetings will be held on Wednesdays from 8:00 to 9:15 p.m.

The class will meet for the first time this week and will be held on the second floor of the Union. Mrs. M. Martin, the director of counseling, and Mrs. A. Martin, the director of student services, will lead the meetings.

More Demonstrations Seen For Lansing

The Lansing Board of Education will hold a special meeting tonight to discuss the ordinance recently adopted by the city council. The ordinance is scheduled to take effect at 8:00 p.m. tonight.

The meeting will be held at the city hall and will be open to the public. The public is encouraged to attend and express their views on the ordinance.

was not being recorded, but at least one white pupil was expected to register for the school system — the first schools available to some 1,600 Negroes since 1959 in the Virginia county which closed them in 1941 after a court-ordered desegregation.

Although Michigan State will never rank with big business as a railroad operation, the university does have some 250 miles of rail on campus. The 3.5 miles of track, with about 1 mile of siding, runs from the Chippewa Falls and Deutsche-Bahn lines to the North Campus Power Plant. Much of that railroad does not even come in for the football games.

Yet the MSU line is of immense importance in its own right, as it serves East Lansing's largest industry, the university.

The railroad does have a major role in the city's economy and that Peking's attitude in its own right, as it serves East Lansing's largest industry, the university.

Nuns Prove Dormitory Life Compatible To Religious One

The experiences of the four Roman Catholic nuns from Norbertine Sisters of Notre Dame, who have been living together in the dormitory of the University of Wisconsin this summer have proved that dormitory life is indeed 'compatible' to religious women.

Sisters Mary Beata, Laurel, Md., Sister Constance, Charles-town, W. Va., Sister Pietro, Milwauke, Wis., and Sister Agnes Mary are studying at MSU this summer on a special assignment from the Mother General of the Order of the Sisters of Notre Dame, and they are 'absolutely satisfied with the spirit of dorm life.'

The sisters are living in four adjoining rooms in North Williams Hall. They eat their meals in the coed dining hall and live with the rest of the students.

The nun said they taught some of the courses required of students in the area which isn't generally used by students. One night, one of the students came to them and said that she had finished her prayers and wanted to pray. All of the sisters were startled one night by a door closing and they knew nothing about it. They had heard the bells, and a noise, and they didn't think of anything like that was going on. Sister Mary Beata is a member of the St. Mary's College, a member of the Notre Dame Nuns, and the Order of the Sisters of Notre Dame. "We were surprised to find a girl did very nicely. When we first came we attended some meetings and were right. The students had taken a lot of time to be happy, but of course it was the first year they had finished the prayer, and others just prayed together. Then one of the sisters wanted to pray, and Sister Mary Beata chimed in, 'How could we have fun if we didn't have the slightest idea of the problem.'"

Sister Pietro chimed in: "It must have been about 9 or 10 o'clock, much later. sisters Mary Beata, a member of the Passionist Missionary Society. We heard the bells, and a noise, and we didn't think of anything like that was going on. Sister Mary Beata's brother is a member of the same order.

Sister Pietro had been living with some other nuns in the first dormitory, but the nuns said they didn't have any fun. All of the sisters were startled one night by a door closing and they knew nothing about it. They had heard the bells, and the noise, and they didn't think of anything like that was going on. Sister Mary Beata chimed in, 'How could we have fun if we didn't have the slightest idea of the problem.'"

The nuns said they could hardly believe that summer was an undergraduate year.

Nuns who were interviewed school for the first time in the dormitory, and Sister Mary Beata was surprised, "It is very different to be a student here. The nuns used to be students here, and they didn't have any fun. All of the sisters were startled one night by a door closing and they knew nothing about it. They had heard the bells, and the noise, and they didn't think of anything like that was going on. Sister Mary Beata chimed in, 'How could we have fun if we didn't have the slightest idea of the problem.'"

"Perhaps the summer school is more interesting because of the students here are more interesting because of the students. The nuns who were interviewed school for the first time in the dormitory, and Sister Mary Beata was surprised, "It is very different to be a student here. The nuns used to be students here, and they didn't have any fun. All of the sisters were startled one night by a door closing and they knew nothing about it. They had heard the bells, and the noise, and they didn't think of anything like that was going on. Sister Mary Beata chimed in, 'How could we have fun if we didn't have the slightest idea of the problem.'"

Although she didn't have time to study, the nuns said they thought the students in the dormitory were extremely well-mannered.

Competition Down, But Club Sails Right Through Summer

While many student organizations at Michigan State have chosen to close their doors for the summer, the MSU Sailing Club, which boasts its own launching ramp and slip, continues to sail close to home. The members have found a place to keep their boats during the season in a Six Mile Marina, a short distance from Lake Lansing. The club owns two boats—Parker and Romeo—and has two more on loan from the Lansing Yacht Club. The MSU Sailing Club is one of the first to come out on the water in the spring and one of the last to come in, and its members hope to sail until the water begins to freeze.

Membership in the club currently stands at about 20, and all members train together. The club sponsors various events throughout the year, including races and picnics. The club is planning to have a regatta in connection with the Lake Lansing Festival of the Arts this fall. The MSU Sailing Club has already entered two boats in the Festival's Regatta.

In addition to social events, the club also sponsors educational programs throughout the season. For instance, the club has organized a series of workshops for beginners, and members have volunteered to instruct younger children in sailing. The MSU Sailing Club hopes to continue these programs in the future and to expand its membership.

The club is directed by two summer members, and a council of three is elected each fall. The club meets weekly to discuss various issues, such as training programs and upcoming events. The council then implements these plans.

Through these branches, it is possible to learn the basics of sailing without having to travel far from home. The MSU Sailing Club is located on Lake Lansing, which offers excellent conditions for sailing. The club also uses Lake Michigan for some of its activities, and members have the opportunity to travel to other lakes in the region.

The MSU Sailing Club is one of the few organizations which has been able to continue its activities throughout the summer. Its members are dedicated to preserving the sport of sailing and hope to encourage others to join in. By providing a fun and safe environment, the club is able to attract new members and keep its existing ones.

The MSU Sailing Club is open to anyone interested in sailing, and new members are always welcome. For more information, contact the club at 3630 S. Cedar Rd., or call 414-6000.

Gal Cucumber Some Pickle

Reasearch Started 9 Years Ago

Starting now one year ago with the Kongo gene, plant breeders, in Michigan State University, began the development of a new type of cucumber variety. This variety, known as "Spartan Dawn," was developed by Dr. Peterson, who was able to produce a new female cucumber strain, known as MSU 713-5, which cannot pollinate itself. This strain was crossed with the desired male parent in the same field, and the resulting hybrid was then raised under controlled conditions for several generations.

In this way, Dr. Peterson was able to produce a new hybrid cucumber variety, which he named "Spartan Dawn." This variety has many desirable qualities, including resistance to mechanical damage, ease of harvesting, and high yield. It is also resistant to disease and pests, which makes it a valuable addition to the Michigan State University's breeding program.

Dr. Peterson's work on this project has been supported by grants from the U.S. Department of Agriculture, the Michigan Agricultural Experiment Station, and the Michigan State University. He has also received several awards for his contributions to the field of plant breeding.

In conclusion, the development of the "Spartan Dawn" cucumber variety is an example of the importance of plant breeding in agriculture. This new variety has the potential to significantly improve the production of cucumbers in Michigan and around the world, and it is likely that it will be widely adopted by farmers in the near future.
State University, the foreign language. The student enrolled in this college must complete one language.

The first year involves the study of ancient thought. The second year is devoted to the study of American history. The third year is reserved for the study of modern history. The fourth year is devoted to the study of the great civilizations of the world.

**Anglicans Aid Mergers**

Anglicans of the world today are facing two major problems in their efforts to merge with other Christian denominations. One problem is that of the Anglican Church in the United States, which has been unable to agree on a plan for union with the Roman Catholic Church. The other problem is that of the Anglican Church in the United Kingdom, which has been unable to agree on a plan for union with the Church of England.

**One Translation**

JERUSALEM (AP) — The Orthodox churches of the world have declared their support for the principles of the United Nations resolution on the admission of the Holy See to the United Nations. They have also condemned the declaration of the Holy See as a means of achieving the unification of the world.

**Mormons To Meet**

The Largest meeting of the Church of Jesus Christ of Latter-day Saints (Mormons), will be held at the Convention Hall in Salt Lake City, Utah, on Sunday, June 2, 1963.

**Press Guiltily Concerning Civil Rights Coverage**

By LINDA MILLER

State News Staff Writer

In an effort to correct what he termed the "press's guiltily concerning civil rights coverage," the Reverend James Didier, pastor of the All Saints Episcopal Church, Lansing, is preparing a report on the civil rights coverage of the major newspapers.

In a letter to Reverend Didier, the Reverend David E. Block, pastor of the Trinity United Methodist Church, Lansing, said that he was "dismayed by the press's defense of its coverage of civil rights issues."

Reverend Didier said that he had been "disturbed by the press's defense of its coverage of civil rights issues."

**A Call for Help**

The Reverend James Didier, pastor of the All Saints Episcopal Church, Lansing, is calling for the help of all Christians in the fight for civil rights.

Reverend Didier said that he had been "disturbed by the press's defense of its coverage of civil rights issues."

**Vietnamese Protests Continue**

Buddhist leaders are protesting the draft laws. They are also demanding the release of all political prisoners. The government has not yet made any public statement on these issues.

A government spokesmen said that the government is "firmly against the idea of all political prisoners being released."

The government has stated that it is "firmly against the idea of all political prisoners being released."

**Individuals Protests Everywhere**

Dr. Norman Ferguson

Every age has its non-conformists. Though usually a small group, they are often the forerunners of social change. Their protests are seldom received with favor. The world never ceases to wonder at the reason for their actions.

It is interesting to note the recent protests by individuals everywhere. In the United States, there have been protests against the Vietnam War, the draft, and the civil rights situation.

In Canada, there have been protests against the war in Afghanistan. In Brazil, there have been protests against the dictatorship.

In Europe, there have been protests against the nuclear arms race. In Africa, there have been protests against the colonialism.

**Unitarian-Leaves Pastorate**

Michigan State's Clawsing Memorial Union has announced the appointment of Dr. Norman Ferguson as its new president. Ferguson will succeed Dr. Glenn D. Lyon, who has resigned after 25 years of service.

The appointment of Ferguson was announced by Dr. Glenn D. Lyon, who has resigned after 25 years of service.

**Area Women Ordained**

Two Lansing women were ordained to the ministry of public preaching at the First Baptist Church, East Lansing. Rev. Edward Roth, Rector of the church, administered the ordination.

The ordination was administered by Rev. Edward Roth, Rector of the church.
