Bogue Bridge Land Purchase Approved by East Lansing

A major step toward easing the University traffic problem was taken Monday night when the East Lansing City Council approved a request by J. Pulte, Inc., of Birch Run, to purchase the right-of-way for the Bogue Bridge by a 3 to 1 vote, with one councilman absented.

Under no circumstances shall the use of any property be continued which is found to be in violation of the ordinance.

An MSU faculty member, D. D. Thomas, pointed out that the United States will observe it "in letter and in spirit." The ordinance states:

**Higher Education Suffers**

United States policy toward Latin America is being shaped by battles along all these lines. And the big losers, if the present trend holds, will not be the great powers, for one can see that serious damage is being inflicted on the back of a hemisphere still precarious in an old order eager to retain it. If the hemisphere is collectively to forestall any such threat, then some headway must be made toward democracy.

The diplomatic coup was a "successful" visit to Havana and to Rio de Janeiro by President Goddard of Brazil. But the military aid that had been promised to Cubans in support of Cuba in this crisis properly functioned as the and setting up a reelected government. The United States expectedly and necessarily for the供销 of the international scene.

United States policy toward Latin America has been a very long one. It is the result of many of its problems. The State Department has always been very sensitive to the situation because of America's interest in the Latin American countries. It has always been very sensitive to the situation because of America's interest in the Latin American countries.

**Letters To The Editor**

To the editor:

Regarding your recent letter on the subject of the re-election of Mr. John Doe, I would like to point out that while Mr. Doe was re-elected, he did so with a very narrow margin of votes.

I believe that the voting was conducted fairly and that there were no violations of election laws. However, I do have concerns about the possibility of fraud in the voting process.

I urge you to take these concerns seriously and to ensure that the voting process is conducted fairly and transparently.

Sincerely,

[Your Name]
