US Helps Avert Full-Scale War In Border Dispute

WASHINGTON (UPI)—The situation of a major U.S. role in efforts to avoid a full-scale war between Algiers and Morocco is emerging from several sources as one unusual heavy US diplomatic and financial pressure on Egypt to restrain its support for Morocco was best seen in the past days. The United States has taken a very clear position against any Egyptian military action against Morocco. Washington has made it clear that it considers such a move undesirable and potentially dangerous. The United States feels France should play an active role in resolving the crisis.

The United States has also underscored the need for a careful, measured response to the Moroccan threat. The United States has urged both sides to avoid any steps that could escalate the situation and has encouraged dialogue to resolve the dispute peacefully.

The United States has been working closely with other countries in the region to ensure a peaceful resolution to the crisis. The United States has also been engaging with both Algeria and Morocco to finding a diplomatic solution that respects the sovereignty and territorial integrity of both countries.

The United States has expressed concern over the potential for a full-scale military conflict and has emphasized the importance of maintaining stability and security in the region. The United States has also been engaged in bilateral discussions with both Algeria and Morocco to address their concerns and find a negotiated settlement.

The United States has been encouraging both sides to show restraint and respect for each other's sovereignty. The United States has also been working to ensure that any response to the Moroccan threat is proportionate and does not further escalate tensions in the region.

The United States has been urging both sides to engage in direct talks to resolve the dispute and has been providing diplomatic and economic support to help alleviate the tensions.

The United States has also been engaging with the wider international community to find a solution that is acceptable to both Algeria and Morocco and respects the rights and interests of all parties involved.

The United States has been committed to working closely with all stakeholders to find a peaceful and sustainable solution to the crisis. The United States has also been emphasizing the importance of maintaining stability and security in the region and avoiding any actions that could lead to a full-scale military conflict.
A Student Challenge

Right now while the iron is hot from the fire, it would be a good idea if some student organization would take the possibility of sponsoring next year's Homecoming Dance. It is already too late in the public domain, the dance this year was not sponsored by the students to the Ingham County Alumni. This, in fact, has been the practice for so many years that no one can remember if students ever did sponsor the affair.

Maybe we haven't, or haven't, we don't know; but we think it's about time they did. The idea that residents of the Class Council have had with the J Hop, prove that a student organization can handle a big dance...as well as if not better than an adult.

Take for instance this years dance, with all respect to a fine Alumni organization that has done a "lousy" job for many years, just how many people have a college that would care to hear...Claude Thrillin! It's not that he doesn't have the down...but for a Big Ten Homecoming Dance?

There is one indication that

The Dean of Students Office would cast a kind eye toward a student sponsored dance. They have themselves gone to criticism when they approve late permissions for the Homecoming weekend, but then have to say that the central event of the evening, the dance, won't be on the approved list.

In this case, the rules operate under which permit them to approve a dance for a late permission unless it is a student sponsored affair. I hope the lack of coordination between the Alumni Office and the Dean of Students could have resulted in some simple change that would be an editorial of a different color.

For at the hand, we think it's time for a top-flight student organization to step forward and take the reins of this time honored affair. How about a combined committee of MWA and WIC.

The Ingham County Alumni Club has never produced any fine dances and have put their profits to good use in student loan programs...the dance is by nature a student affair, and it should be sponsored by students.

Some British educators are worried about the quality of if the university system is expanded. The large state universities in the United States are rapidly expanding, but there is no fear that quality will suffer.

The American university system is based on the theory that a college should be small enough for everyone to open to anyone who can pay. This education is becoming increasingly important in this nuclear age.

If the British build their expanded system as it has been built in the United States, they certainly should have no fear of quality.

National Merit Scholarship Fellowships

Each year, among other things, the National Merit Scholarship Foundation announces its program of Fellowships, which are awarded to high school seniors who have shown exceptional ability in scholarship and leadership.

The award is for four years of undergraduate study at an accredited college or university, with a commitment to return to the United States to work in a field beneficial to the nation.

For the academic year 1963-64, the National Merit Scholarship Foundation is awarding 3,200 National Merit Fellowships, with a total value of $22 million.

The Fellowships are awarded on the basis of academic excellence, leadership potential, and personal qualities.

The selection process is highly competitive, and the awards are made to students who have demonstrated exceptional ability in scholarship and leadership.

The National Merit Scholarship Foundation is committed to supporting education and leadership in the United States.

It is estimated that by the 1980s, the number of American college graduates will be more than double the number of graduates in 1960.

In the meantime, the Foundation is committed to supporting education and leadership in the United States.

Pedestrian Strikes Back

SWINDON, England, Oct. 31 (AP) — 20-year-old student, was found guilty today of causing a general strike in the town by burning down several buildings.

The trial resulted from a bolted trail of thousands leading up to the scene of the blaze, which was encased in Gould's feet.

"We've had enough of these troublemakers who are causing a lot of trouble," said the defendant, "and we're going to put an end to it once and for all."

Carnahoin Challenges Students

Within minutes the trail stopped at a pair of shoes encasing Gould's feet. The Contemporary French Theatre will be the topic of a lecture by John LaCoste, President of Student Government, who will introduce the All-University Judiciary.

For the vacancies, the nominating committee shall interview the candidates and recommend a list to the President of Student Government who will serve as chairman of the All-University Judiciary, and the other member having the longest term of service shall serve as the permanent vice-chairman of the court. The other member shall serve as the permanent secretary of the court.

The justices of the All-University Judiciary shall be: One representative from the Men's Division of Student Affairs, one representative from the Women's Division of Student Affairs, and one representative from the All-University Judiciary who are beginning their senior year. Petitioning shall be conducted for at least five school days before the court convenes.

John LaCoste wanted a part in scientific progress

In the 1960s, the Philippine government was struggling to find ways to develop their country. In this period of uncertainty, John LaCoste, a science student, wanted to be a part of the scientific progress that was happening in the Philippines. He was determined to play a role in the country's development and became involved in the All-University Judiciary to help shape the future of the Philippines.

Carnahoin said the court would continue its work with the commission and, as always, "we will do our best to meet the needs of the students and the community."

The Student Traffic Appeal Court shall become the final court of appeals involving summonses written pursuant to the Student Traffic Code, and the other member having the longest term of service shall serve as the permanent vice-chairman of the court.

The justices of the All-University Judiciary shall be: One representative from the Men's Division of Student Affairs, one representative from the Women's Division of Student Affairs, and one representative from the All-University Judiciary who are beginning their senior year. Petitioning shall be conducted for at least five school days before the court convenes.

One representative from the Men's Division of Student Affairs, one representative from the Women's Division of Student Affairs, and one representative from the All-University Judiciary who are beginning their senior year. Tie Season Mark

Soccermen Storm Ohio

ATHENS, Ohio—Wind gusts up to 20 miles an hour failed to reach the swirling surge of Michigan State's soccer team as it controlled the action on the home soccer field. The Spartans posted four goals alongside the unbeaten Billikens to post-season play.

The mark of 58 goals set in-five years of competition for an N.C.A.A. Big Ten Conference program by State, is not likely to be surpassed for several years, according to Walter Johnson, Michigan State's head soccer coach.

Four of the goals were scored on the home campus, before 1,582 soccer fans who witnessed the match between State and Saint Louis University.

With the win, State held its rank as the top Big Ten team and has posted its third straight victory of the season. The team's next match will be against the Wisconsin Badgers in Madison on October 24.

KALAMAZOO, Mich.—The appearance of Bobby Chava, the new attackman, and the surprising absence of junior goalkeeper Steve Juday from the starting lineup of the Michigan State University soccer team caused a stir in the goose hats of the Essentium Lion football fans.

Chava, a sophomore, replaced Juday in the starting lineup for the Spartans' match against the University of Michigan. Juday, who has been the team's goalkeeper since his freshman year, was not in the starting lineup for the first time in his career.

The absence of Juday was due to a shoulder injury he sustained in the first period of the match against Lincoln University on October 13. Juday was taken to a local hospital for treatment and it was announced that he would be out of action for several weeks.

Chava, a junior, was expected to fill Juday's role for the remainder of the season, but his performance in the match against the Michigan Wolverines was less than spectacular.

The match ended in a 1-1 tie, with Chava making a number of saves to keep the score from going higher.

Michigan State's next match will be against the University of Wisconsin on October 24.

Campus UN Dooms Rule In Rhodesia

The campus United Nations Organization proceeded with plans for the present winter’s main meeting, a debate motion calling for the termination of all colonialism by the year 1965.

The debate motion, which asks the governments of the United Nations to take immediate steps toward the termination of colonialism in all parts of the world, was adopted by a vote of 25 to 24.

Carlin Named Head Of Education Group

Edward A. Carlin, head of the University College and also director of the University’s Educational Development Department, has been named chairman of the newly created Board of Trustees of the University College.

The board, which will be composed of 10 members, will be responsible for the overall administration of the University College and for the development of the curriculum.

Emphasis was placed at the dedication on general education, liberal education, and the development of the University College.

Carlin and about 20 other members of the University College faculty attended the dedication, the occasion of which was dedicated primarily to the general education and liberal education departments.

Sigma Chi Dedication

The new Sigma Chi house was dedicated to Mr. & Mrs. R. E. Rollings, Sr., Saturday evening. The dedication ceremonies took place about 8:30 p.m., in front of a large audience of friends and relatives of Sigma Chi.

Two students were selected to make the dedication speeches: Norman Moss, Detroit Junior and Pi Kappa Phi, and Myron H. Bordman, Toledo Senior and Sigma Alpha Epsilon.

The dedication included a short address by Mr. Rollings, Sr., and Sigma Chi's official song, "The Old North Star." Sigma Chi members then introduced their house guests and welcomed them to the house.

Italian Beethoven

VATICAN CITY (UPI)—The Catholic Church Sunday honored 15th century musical master, "Hopeful" Leonard Marci, in an unusual ceremony at Vatican City. Dedication is usually the realm of the popes, but in a rare exception by the Vatican, Beethoven's music was selected on the occasion.

The ceremony was held in the Saint Peter's Basilica, the largest church in the world. The dedication was attended by many high-ranking church officials and representatives from various countries.

The dedication marked the 225th anniversary of Beethoven's birth, and was a way to celebrate his musical achievements and influence.

Here and there in the world, people who were not interested, held that position as they did their business. The people who were interested in the situation, for example, and the United Kingdom was present for the first time at the Friday night General Assembly meeting.

Vatican City (UPI)—The Pope declared that the situation in Southern Rhodesia is a problem in itself and that the United Kingdom has a right to be present at the meeting.

The Pope also emphasized that the situation in Southern Rhodesia is a problem of concern to the United Nations and the international community.

The Pope concluded his speech by saying that the United Nations should play a role in the resolution of the situation in Southern Rhodesia.

The Pope's speech was well received by the attendees, who appreciated his clear and concise statements on the situation in Southern Rhodesia.

The Pope's speech was followed by a series of other speeches, which included representatives from various countries and organizations, who shared their views on the situation in Southern Rhodesia.
