Prof Says Cyprus War Unlikely Despite Fears

British diplomats are not hiding their concern about the Cyprus crisis. For the first time in the Cyprus crisis, the British have opened the possibility that Greece and Turkey may go to war.

Foreign Secretary Michael Stewart said yesterday that talk of war between Greece and Turkey was "a danger of war, but it is a danger of war." The British government has said that it is "not aware of any direct threat to the United Kingdom." However, the British government has been "quietly encouraging" the United Nations to take action to prevent a military conflict.

The Greek government, which has been "quietly encouraging" the United Nations to take action to prevent a military conflict, has said that it is "not aware of any direct threat to the United Kingdom." However, the British government has been "quietly encouraging" the United Nations to take action to prevent a military conflict.

The Turkish government, which has been "quietly encouraging" the United Nations to take action to prevent a military conflict, has said that it is "not aware of any direct threat to the United Kingdom." However, the British government has been "quietly encouraging" the United Nations to take action to prevent a military conflict.

On Faculty Cannibalism

"Faculty cannibalism," against which President Hannah has warned in his state of the University address, has taken hold once again.

Two professors of African languages have announced that they have received higher salaries offers from Northwestern University than MSU can offer, and will be on the faculty there next year.

The University has been victimized by a policy which it considers distasteful and potentially detrimental to the educational program, but one which it cannot prevent since it is practiced here as elsewhere.

President Hannah said recently, "The practice of faculty cannibalism...has become almost universal in the university world in recent years is not good. Faculty members are being tempted by some universities, it may well react against the improvement of the academic profession."

"Our future will be lost by serving oneself able and promising young faculty members by encouraging them to grow in their own districts, as a part of this University."

Nevertheless, this University, like all the other institutions of higher education, is faced with a problem that may lead to a significant loss of faculty members, with the help of sufficient state appropriations in order to get the men who are needed for the growth of the University as a whole.

"The fact is that the University has the responsibility of improving itself by means of the help of sufficient state appropriations to enable bargaining, to see if it can get the men who are needed for the growth of the University as a whole..."

To the Editor:

It has been written in the daily press that the University is in money difficulties. This means that the University is in money difficulties is both right and wrong. At the University, it is not the Faculty who are in a majority, but the students. It is not the Faculty who are in need, but the students. The Faculty is in a minority, and is not in need.

It is true that the University has a policy regulating off-campus students, and it is true that the University has a policy limiting the number of off-campus students. But the policy is not the cause of the University's difficulties, but the cause of the University's success. The policy is not the cause of the University's failure, but the cause of the University's success.

Church Annuls Princess' Union

A LEXANDRIA, Va. — The Roman Catholic Church here annulled the marriage of Princess Margaret Rose of England to an American businessman. The Princess, 21, who lived in this city while her father, the late King George VI, was minister of aviation, was married last Saturday to William, 1st Viscount Lascelles, 25, a shipping executive from London. The couple had been living together for three years.

The marriage was performed in the Cathedral of St. Matthew and St. Peter in Alexandria, where the Princess has been living since her father's death in 1952.

The couple, who were married in the presence of friends and family, will return to London for their honeymoon.

25 Grants Will Be Awarded

Twenty-five fellowships will be awarded by the Council of the University of Chicago, according to a statement issued by the university.

The fellowships will be awarded to students who are members of the top three universities in the United States.

Police Check Lights As Accidental Cause

An investigation into an unusual police check lights, which caused a traffic jam at 8 a.m. and 4 p.m. on the same street, revealed that the lights were not necessary.

The lights, which were installed in the street, caused confusion and a traffic jam.

Top Cadets Earn Flight In T-33 Jet

The top cadets of the United States Air Force Academy were awarded a flight in the T-33 jet.

They flew in the jet for a training flight over the United States.

CLEANER AND SHIRT LAUNDRY

It's elementary, my dear......a pipe is what you'll smoke if you're ready for a change. A pipe that's small, feminine and sparkled with crystal or aurora stones. All this plus fine smoking quality. We show these three from our assortment of genuine briarwoods. Each, $3.00.
Frosh Find College Baffling,
California Study Says

Editor's Note—Every year new college freshmen and their parents find they aren't ready for college and the problem is growing worse. Here's a look at some of the problems young college students face.

**CLERMONT, Cal.**—At the end of their freshman year, the majority of students still aren't ready for college, according to a recent study conducted by the University of California, Los Angeles.

The study, which was conducted by researchers at the University of California, Los Angeles, found that only 30% of students were ready for college at the end of their freshmen year. This is a decrease from the 40% of students who were ready for college at the end of their sophomore year.

The researchers found that the biggest problem for freshmen was the lack of preparation for college-level work. Many students were unprepared for the amount of reading and writing required at the college level.

Another major problem was the lack of time management skills. Many freshmen found it difficult to balance their coursework with extracurricular activities and social life.

The study also found that a lack of financial planning was a significant problem for many freshmen. Many students were unprepared for the cost of college and struggled to pay for tuition, books, and living expenses.

The researchers concluded that more needs to be done to prepare students for college. They recommended that high schools should offer more college preparation courses and that colleges should provide more support for freshmen.

**Search for College Prep**

Many students are looking for ways to prepare for college. Some are taking college prep courses in high school, while others are attending summer programs or community college classes.

In addition, many students are seeking out resources online. Websites like Khan Academy offer free courses in a variety of subjects, while CollegeBoard provides practice tests and other resources to help students prepare for college entrance exams.

**Discussion Questions**

1. How do you prepare for college? Have you taken any college prep courses? Did you find them helpful?
2. What do you think high schools should do to better prepare students for college?
3. How can colleges provide more support for freshmen?
Lazy Sunday Spent Sleeping, Socializing

At 46, Mr. Mozelle Fee says he is not among those who feel they are too old to register. "I have spent my life being interested in politics," he says. "I was active in college and I have always been interested in public affairs.

And Sunday evening is debates and speeches. It is a day of study and restless worry, of treading water or doing the same thing over and over.

And a time for study - typical of a Sunday scene are these students in the library preparing to check out the books that will occupy their time during the week.

Good news for aficionados of medium-cubed V-8's who prefer to remain shiftless!

Homer Still Unbeaten; Grapplers Stop Indiana

Refocusing from a 23-15 setback last week at the hands of the Notre Dame Fighting Irish, the Wolverine wrestling program won its dual meet over the Indiana Hoosiers Saturday afternoon. The dual meet was held back over the 500 yard mark for the first time in many a year.

Joe Kott, 193-pounder, registered his 30th win of the year against Indiana's Mike Krueger, submitting for a 1-20 decision. Kott, who played on both the 1961 national champion and 1962 third-place teams, is currently 16-0, Indiana 2-14.

All points scored by Kott in the match were the result of pinning combinations. The Wolverine medallion man brought his record to 16-0 with another 1-20 decision over his Indiana opponent.

Coach Charles Schmitter, in his 11th year, has worked from the same formulas to develop a strong scientific approach in managing his team. The Wolverine wrestling program will continue to place an emphasis on pinning combinations and Kott has served this philosophy well.

Kott, a key figure in the Spartans' 1962 national championship, has been instrumental in developing a strong team spirit. His efforts have contributed significantly to the team's success in recent years.

Kott's win over Krueger was part of a strong performance by Michigan's wrestling team, which secured a 25-20 victory over Indiana. The win kept Michigan's dual meet record at 18-10 for the season.

U-M Downs Skaters; Goalie Woolf Injured

Michigan's men's hockey team defeated the University of Minnesota-Duluth (UMD) 5-3 on Saturday, February 22, at the Red Berenson Arena. The victory marked the 10th straight win for the Spartans, who remain in first place in the Big Ten Conference standings.

The game started with a burst of energy from both teams, each totaling 20 shots in the opening period. Michigan outscored UMD 2-1 in the period to take a 2-1 lead into the intermission.

In the second period, Michigan increased its lead to 4-1 on goals by John Martin and Kevin Hurt. However, UMD responded with a goal by Scott Nelson to narrow the deficit to 4-2.

In the third period, Michigan scored two more goals, one by John Martin and another by Kevin Hurt, to seal the victory. The final score was 5-3 in favor of Michigan.

The win kept Michigan's dual meet record at 18-10 for the season. The team's next game is scheduled for March 5 against the University of Wisconsin-Madison at the Red Berenson Arena.
Hoopsters Stun Iowa, Even Season Record

Substance Bill Ferry, Bill Curtis and Bill Sawahl toured to record breaking performance when the Spartans ran into trouble in the second half. The visitors held the lead of 30 points and 13 rebounds. Fifty-one free throws were called in the contest, two converted 25 minutes which Iowa was called. At one point in the second half the Spartans were called for 10 fouls in just 12 minutes. Five straight points by Terry Hagan gave State another lead of 50-38 in the second stanza but with 3.33 remaining in the game, the Hawkeyes pulled even with 3.33 remaining. The two teams were called for 10 fouls in just 12 minutes. Iowa's Jim Rodgers tossed in 22 points for the Spartans, while sophomore Bob Sherwood and Terry Hagan were next in scoring with 20 each. The two teams were called for 10 fouls in just 12 minutes. Iowa's Jim Rodgers tossed in 22 points for the Spartans, while sophomore Bob Sherwood and Terry Hagan were next in scoring with 20 each.
