**Wilson Tells Reds To Take LBJ Offer**

UNITED NATIONS, Aug. 24 (AP) — President Johnson today urged the United States to make a peace offer to the Communists in Vietnam. The offer would include a withdrawal of American troops from Vietnam and a guarantee of an end to the war. Johnson's offer was made in a speech to the United Nations. The president also said he would support the peace offer if the United States were to make a peace offer to the Communists.

**Reaction To Senate Inquiry Is Mixed**

Editor's Note: Second of a three-part series. By CELLEN GUSHER, State News Staff Writer

"The president's peace offer is a positive step," said Senator John F. Kennedy. "I think it's a great start." Senator Kennedy said he would support the president's peace offer if the United States were to make a peace offer to the Communists.

**Classes Meet On Good Friday**

Classes will be held as usual on Good Friday. President缓冲血 Abner K. Slichter announced the decision on Friday morning. The president said the university had made arrangements to ensure that classes would be held on Good Friday. The decision was made to avoid any disruption to the university's academic calendar.

**Prominent Faculty Members Discuss Their Views**

Some faculty members discussed their views on the peace offer. Professor Thomas H. Smith said the offer was a good start, but he added that the United States should not expect the Communists to accept the offer immediately. Professor Smith said the United States should continue to negotiate with the Communists to reach a peace agreement.

Do You Care... Then Vote

Today's election is of particular significance because students will be voting for the first time. The Associated Students of Michigan State University (ASMSU) has brought about this election through the agitation of members of a Student Board. It is hoped that the new organization, ASMSU, will gain more support.

The first step is to vote. Your vote is an act of democratic participation. Nor is your not-voting a vote against it. You will be governed by the individual decisions of your peers, voted in as a new order, and you will have no voice in the administration. If all the flaws of the student government have been removed. But the ASMSU constitution lays a groundwork to build a strong organization. An interested student body can make the organization grow into a powerful one.

If nobody votes it will mean public disarray. Administrators are in a position to listen to a group that represents only a few. They have the power and it will take a strong voice to get through. Give ASMSU a strong voice to express your opinions.

War In Viet Nam

By Soo Sam Lee

AEGEE, a young man from Lee in the junior form last year, Korea, returning in industrial psychology.

It is a fact, the United States, on the one hand, is the world's leading producer of goods and services, and the Soviet Union on the other hand, is one of the world's leading producers of goods and services. These two nations are our primary trading partners, and their economies are interdependent. That is why our national security is tied to the economic security of the two nations. Thus, the United States cannot afford to ignore the economic policies of the Soviet Union. The United States, in turn, cannot afford to ignore the economic policies of the Soviet Union.

There are many factors that contribute to the interdependence of the two nations. One is the United States' dependence on the Soviet Union for raw materials. Another is the United States' dependence on the Soviet Union for industrial products. Still another is the United States' dependence on the Soviet Union for agricultural products.

Strong Pitch For Summer Ball

By DUANE LANCASTER
State News Sports Writer

Football coach Don Litwhiler has announced a plan that would do away with the arduous spring training and practice sessions that are currently a part of the Big Ten Conference schedule. Litwhiler proposes to eliminate this spring competition by switching to summer training camp for the players. He also suggests that the participating teams be paid for the players, but both Litwhiler and assistant coach Frank White feel this plan would not be economically feasible. Litwhiler also believes that the proposed plan would be more successful if the team talented players were put into an environment where they could be exposed to the full demands of competition.

Second In A Series

Here, another look at the players who may play for the Michigan Wolverines this year.

"I feel that this spring competition is too cheap," Litwhiler said. "We can't afford to lose $20,000 for the spring competition. We could have a better system if we had more money available." Litwhiler also said that the proposed plan would be more successful if the team talented players were put into an environment where they could be exposed to the full demands of competition.

The spring competition isn't the only worry for Head Coach Daffy Daugherty. "I don't know how we're going to control the spring competition," Daugherty said. "The players are going to be so tired after the spring competition that they won't be able to perform at their best." Daugherty also said that the proposed plan would be more successful if the team talented players were put into an environment where they could be exposed to the full demands of competition.

Polanski’s ‘Knife In Water’ Studies Maturity’s Meaning

Travel Service Opens Soon

By FAYE E. UNGER

MARY HARDWICK, East Lansing

The role of Mary Tyrone in "Life" was her portrayal of a woman who was dependent on her husband. She had studied each other's roles and the two actors complemented each other. Thirty years later, she is still acting today. Her life is a study in the meaning of maturity.

The addict role is challenging for Mary Hardwick, a graduate student, is now tackling her role in "Knife In Water," a film directed by Roman Polanski. She is studying each of the 20 professors who will appear in the film. Through May 3, the exhibition includes paintings, prints, pen-and-ink drawings, and watercolors. The collection of Okinawan artists will be open Sunday, 10 a.m. to 9 p.m., and Tuesday through Friday, 9 a.m. to 5 p.m.
