City Hears Demand For Open Occupancy

The East Lansing City Council Monday night heard a demand from several citizens for immediate action on an open occupancy ordinance, the final step in the process of making the city open to Negroes.

Mayor Marvin C. Bemis, who announced the meeting, assumed control of the session and told the council that 'there will be no discussion of the proposal to end segregation in local schools unless the ordinance is passed.' He said the council would consider it on the 18th of this month.

Mayor Bemis has no power to compel the council to pass the ordinance but he can hear the matter and call for a vote, if the council chooses to do so.

Marines Beat Off Viet Cong Attack

U.S. Marines on Tuesday repulsed an attack by Viet Cong guerrillas in the Long Binh area, south of Saigon in South Vietnam, the first such attempt to push the guerrillas into the coastal plain where U.S. troops are moving in to defend the South Vietnamese capital.

The marines were ambushed by men who are armed with mortars and small arms.

Blood Donations Lag: Munn Calls For Help

"And here, there are no more sailors in the navy, and they don't have any navy in this country, and we don't have any more sailors in the navy," Mrs. Mj. said. "It's a shame to have a country that's not able to take care of its own people."

The blood drive is held as part of the year's campaign and is sponsored by the American Red Cross.

The drives are held in the month of May and are sponsored by the American Red Cross.

THE RIGHT TO DISSENT: HA-HA

By Michael Kindman

For nearly the first time, part of Michigan State student body in acting like a normal burst of hedonistic, anti-establishment activity. The few instances of student demonstration that have been reported since the Alpha Kappa Alpha's February 22nd demonstration have failed to attract the organized support of other campus groups.

The right to dissent is not only a constitutional right; it is a moral imperative. The right to dissent is not only a constitutional right; it is a moral imperative.

MSU Scientists Honored

MSU's top research scientists will be honored tonight at the annual banquet of the American Chemical Society. The banquet will be held at the Grand Hotel in East Lansing.

Master's Degree Valuable,
Grads Should Apply Early

John J. Nicol, head of the Mathematics Department, recently said that the value of a Master's degree is reaped in self-confidence as well as in the individual's earning power. Although with a definite trend towards the Master's degree, the trend is not universal. However, there are many schools, such as Harvard, which require two modern and one ancient language for graduation. Some schools, such as Yale, are more flexible and require two modern and one ancient language for graduation.

Steel Report Draws Doubt

FITTINGLY, a government report suggesting that the steel industry could resume work on a limited basis without taking the strain off of workers from the International Steel Group (ISG) and the United Steelworkers union was released last week. The report was released at the conclusion of the National Steel Conference held at the Statler Hotel in New York City.

Cagers Get 6-11 Luck; Johnson Withdraws

By DOLLY LACOSTE
State News Sport Writer

At least one good thing came out of Michigan's basketball loss to Minnesota. It was the last game for Dick Lick, the 6'11" top of the Big Ten.

"Thankfully," said assistant coach Tom Peterson, "we have a 6'-11" guard in the Big Ten. It was the first time a guard has been selected for the top team."

Lick's signature was on the Big Ten all-star team after leading his team to victory in the regular season.

Lick's absence will be missed by Michigan. He is one of the top guards in the country. Lick's insertion into the lineup has given Michigan an extra boost in the backcourt.

Lick was a first-team all-american last year. He averaged nearly 30 points per game and was named MVP of the Big Ten tournament.

Johnson, a 6'-4" sophomore, is still yet, is the report from head coach John Benington on the after-practice visit. He averaged nearly 30 points per game last year and was named MVP of the Big Ten tournament.

**EXAM CLUES ON DISPLAY**

Do you want to get a better mark on your humanities final? It might help if you wander through the second and third floors of the Union.

We invite you to explore the 75 painting and 150 photographs on display between 3 and 9 p.m. Monday through Friday.

**Winning Greeks**

Alph Phi Omega National and Phi Delta Kappa National have sponsored a contest to win the most Greek artwork in Great Falls.

Limited variations exist in the general Greek artwork available to college men and women.

Anyone interested in starting a movie-covers association can be interviewed on the Union between 3 to 5 p.m. Monday through Friday.

**International**

A movie-covers association will have seen "American Gothic," Green Book, but it has dropped. Perhaps someone working on the film is still wondering what to do with the movie. Perhaps they need the movie to fill the other gaps in the series. Perhaps there is another gap in the series, but they don't know what to do with it.

Until recently you could see only limited variations in the general Greek artwork available to college men and women.

Phys Ed Philosophy Defined By Webster

Randolph A. Webster, professor of physical education and recreation, applies philosophy to the teaching of physical education in the Red Books, published in cooperation with the Michigan Association for Health, Physical Education and Recreation.

In 1927, Webster received the Diane Award, sponsored by the American Association for Health, Physical Education and Recreation. Webster especially appreciated the opportunity to look back into the significance of classical philosophy to the teaching of physical education.

In his book, Dr. Webster writes: "The philosophy of health is the search for truth about health. It is the study of values, both personal and social, values that determine the nature of a healthy person. It is the study of the problems of life and living..."

He has to be creative enough to answer the question: "What is health?"

Webster acknowledges that the first graduate curriculum for advanced degrees in physical education for the University of Michigan was begun by Charles Webster, who was succeeded by Dr. Webster.

The book looks into the significance of the teaching of physical education, the Service Award from Admit Tuesday were Jamie Blair, Vic Riefenberg, William Johnson, Frederick Kerrigan, the students of the book, "Sports for Recreation," and their philosophy.
