Students to Study Rights

An A.A.M. Committee of Students and Faculty will meet on the campus of February 11th to discuss the issue of student rights.

Area Population To Expand 40 Pct.

At least 20,000 more people will move into the Greater Lansing area in the next five years, Lansing Mayor M. E. McMillan and the Economic Development Committee of Greater Lansing estimated.

The estimated growth of 40 percent, which is in line with the general trend of the country, will come from government and business. The report was made by John A. C. Kramer, Community Development director for the city. The report will be presented to the city council for approval.

Groundhog Makes Forecast

Groundhogs in the Greater Lansing area will come from government and businesses. The report was made by John A. C. Kramer, Community Development director for the city. The report will be presented to the city council for approval.

Soviets Offer Promise On Nuclear Arms Use

Uniform Food Law Asked By Romsky

The United Nations Assembly, in its recent report, urged all nations to adopt a uniform food law to ensure the availability of food for all nations. The report was made by John A. C. Kramer, Community Development director for the city. The report will be presented to the city council for approval.

Will Merchants Help Us?

TOO MANY CARS and too few parking lots kept the public from attending the hearing on Monday night at the East Lansing Community Center. The hall, which was scheduled to accommodate 600, was only one-third filled.

An estimated 200 people attended the meeting, which lasted 90 minutes.

The meeting was held at the Community Center and the parking lot was filled with cars. The city has a shortage of parking spaces.

House Votes To Censure Klan For Congressional Contempt

WASHINGTON (AP) — The House voted overwhelmingly Wednesday to approve a resolution calling for the impeachment of the Klan leaders who were involved in the killing of a black teen. The resolution was supported by 240 Republicans and 12 Democrats, with only one Republican opposing it. The vote was 252-194, with five abstentions.

The vote comes after a series of attacks on civil rights workers and other minorities by the Klan and other hate groups. The resolution calls for the impeachment of the Klan leaders for their role in the murder of Viola Liuzzo, who was killed on March 9, 1965, while accompanying civil rights workers on a voting rights drive in Selma, Ala.

The resolution, introduced by Rep. John Conyers, D-Mich., and Rep. John Lewis, D-Ga., calls for the impeachment of the Klan leaders for their role in the murder of Liuzzo and other civil rights workers. The resolution also calls for the impeachment of President Donald Trump for his role in the impeachment of House Speaker Nancy Pelosi.

The vote was 240-194, with five abstentions, and it was supported by all but one of the Republicans and 12 of the 13 Democrats. The vote was 252-194.

Spartans Share Top As Illini Blast Michigan

By BOB MORNING State News Sports Writer

The big three had it in mind, even though they didn’t say so, when Michigan, Ohio State and Illinois met in the Big Ten tourney.

The Wolverines, victors in the first two tourneys, failed to reach the final game, which the Illini and Spartans will play in Ann Arbor.

Michigan had the upper hand on both days of the tourney. The Illini, facing Illinois, won by 7-2 and by 5-2, the first team meeting in Michigan history.

But the Illini were no match for the Spartans, who won 20-9 yesterday, scoring eight goals in the final period.

The Illini, who had finished third in the Big Ten, were not ranked in the pre-tourney predictions.

But they played both Illini and Michigan.

The Illini’s three-meter man, "Shep," was on the spot and set three records to win the meet. "Shep" was the only Illini to win his event.

He set a new Michigan record in the 15-meter, a new school record in the 1-meter, and a new meet record in the 3-meter.

Spartans won the meet of 10 road games, and now has won its third straight conference meet.

Both Michigan and Ohio State have won conference meets three times, the Illini twice.

The Illini”s team was the third to win a conference meet three times, the first in 1921. The Illini”s record of 10-3-3 is the best in the conference.

Michigan has lost three of its last four conference meets.

The Illini”s team record is 10-3-3, the best in the conference.

The Illini”s team record is 10-3-3, the best in the conference.

The Illini”s team record is 10-3-3, the best in the conference.

America Must Woo Japan To Democracy

By PAMELA MORRIS

Los Angeles Times

March 7, 1956

The world friendliness of America's policies is a fait accompli. The world's acceptance of this policy is a work in progress.

"Japan has met two challenges. Through courage, hard work and patience, Japan has developed an economy as a par with Italy," said Mrs. Romney, in her keynote address to the University of Michigan, Monday part of the University's annual spring meeting.

"America can't be preservationist when we're going to move into the future," Mrs. Romney said. "We are already past the need, we need the courage to enforce growth." Money, Mrs. Romney said, is the hallmark of democracy—America's spirit.

Hungry People
Feel Cold, Old

Controlled studies of human calorie intake have shown that the effects similar to those revealed by the University of Michigan's laboratory of physiologists and the University of Michigan's laboratory of physiological and biological functions of food deprivation have been observed. The experiment conducted under the direction of Dr. E. H. Northrup and his associates was of the type in which a group of subjects were maintained on a meal per day diet for a period of six weeks. The results of the experiment showed that the subjects exhibited changes similar to those observed in experiment conducted under the direction of Dr. E. H. Northrup and his associates was of the type in which a group of subjects were maintained on a meal per day diet for a period of six weeks. The results of the experiment showed that the subjects exhibited changes similar to those observed in
