British Give Labor Party Massive Win

LONDON (AP)—Prime Minister Harold Wilson led the Labor Party to a victory today in Britain's general election. The size of the sweep spread the way for Wilson to press ahead with the social and medical reforms that he has called for by his party, possibly including the renationalization of the main industries.

Britain's continued close association with the United States was mentioned by a number of speakers, for whom the election was a victory of the "Labour movement." The opposition Conservative Party election was the first since the British general election of 1950, and the polls had closed by 10:30 p.m. (EST) over a third of the results for the 350 parliamentary seats had been reported, and Labor was leading in 197.

In the popular vote the Labor candidates won 317 seats, the Conservatives 182, the Liberal 17, the Social Democrats 10, and the National party 8.

The results were not as close as expected. The public opinion polls indicated that Labor would win a majority of seats, but the Labor victory was not as large as expected. The Conservative Party had expected to win the election, but the results were a surprise. The election results were a victory for the Labor Party, which has been in power since 1974. The Conservative Party is expected to form an opposition in the new parliament.

Viet Palace Unneeded

AMERICA IS PLUNGING military aid into Viet Nam at a rate that is fast approaching the levels during the Korean War. The peasants are starving there, the cities are being bombed by the United States, what is the Saigon government doing? Nothing. It is more interested in a war on the peasants than in war on the Americans. Viet Nam's presidential palace, the White House, will be the site of even major LBJ party gatherings. It is built on top of a hundred-foot hill already. The palace itself is now being used as a horse stable by the staff. The peasants are the barbarians. The horse. No money should be spent on a palace that will be used for nothing. The people are being starved to death by the government. There is no justice in the world. There is no fairness in the world. The peaceful progress of the world is threatened. The peasants are the only people who care about the world. The people are the only people who care about the world. The peaceful progress of the world is threatened. Viet Nam is a classic example of the threat to the world. The horse is a symbol of the threat to the world. The palace is a symbol of the threat to the world. The people are the only people who care about the world. The peaceful progress of the world is threatened.

Plan Could Hurt Colleges

THE TECHNOLOGY RACE in the Soviet Union, the expanding population in the United States, the growing number of students, and the demand for higher education are all factors that are putting a strain on the university system. The problems are numerous and complex. The colleges and universities are faced with a variety of challenges that must be addressed in order to ensure the continued success of the system.

First, the rapid growth in the number of students is putting a strain on the resources available to the institutions. The demand for higher education is increasing, and the colleges and universities are struggling to keep up with the demand. The cost of education is also rising, and this is putting a strain on the budgets of the institutions.

Second, the colleges and universities are facing a shortage of qualified faculty. The demand for professors is increasing, and the supply of qualified candidates is not keeping pace with the demand. This is putting a strain on the colleges and universities, and it is resulting in a decline in the quality of the education that students are receiving.

Third, the colleges and universities are facing a shortage of funding. The funding for higher education is decreasing, and this is putting a strain on the institutions. The colleges and universities are struggling to find the funds that they need in order to offer the best possible education to their students.

Fourth, the colleges and universities are facing a shortage of facilities. The demand for higher education is increasing, and the colleges and universities are struggling to find the space that they need in order to offer the best possible education to their students.

Fifth, the colleges and universities are facing a shortage of resources. The demand for higher education is increasing, and the colleges and universities are struggling to find the resources that they need in order to offer the best possible education to their students.

Board Votes No On ASMSU Merger

The United Board of Directors voted unanimously Thursday to reject an ASMSU proposal to be absorbed by the university, after receiving a petition against the merger by the University Student Senate. The ASMSU proposal would have added permanent officers to the ASMSU House, and the university would have had to pay the ASMSU a 
fee of $10,000.

"The proposal by the ASMSU was rejected because it would have been a major loss to the student body," said Robert B. Peter, president of the Board of Directors. "We felt that the proposal was too restrictive to the student body and would have been a burden to the university administration."
G-Men Gunning For NCAA Crown

ROBERT YAFEE
State News Sports Writer

The top gymnasts in the nation converge on Ann Arbor this weekend for the NCAA Gymnastics Championships, and the Spartans are one of the top contenders to emerge from the collegiate contest.

Eight men from each region will compete for individual crowns. There will be four representative from each conference for the all-around title.

Regional qualifying meets were held throughout the nation to determine the men eligible to qualify for the regionals.

Northwestern Illinois and Michigan represent the Midwest, while the other zones are Mid-Atlantic, Southeast, South, and West. The regionals were based on the results of the regional meets.

END SPRING SCHEDULE, 9-8

Batsmen Edge Wake Forest

TALLAHASSEE—FSU's baseball team
brought out a sweep of the nine
inning game Tuesday afternoon to
win the series over Wake Forest
in Tallahassee Tuesday morning.

The Hurricanes' lineup included
the services of pitcher Don Rinaldi
and catcher Buck Tinker, who had
both been out of commission with
injuries. However, the two players
managed to get their act together
and take care of the Wake Forest
bats.

Cook's NCAA Title Paces 'S Matmen

Fight camp as well as the
matmen's most highly skilled
spectators, Spectators of junior
Florida State, scored the win in the
NCAA Invitational meet in Boston
last Saturday in times, lows.

Cook's performance led the
team to victory in the meet by
seven points on the second
Sunday of the season.

The experts and only visitor
to the meet, Cook had a "Groove
in South," and took advantage of
this in his victory. After beating
out another man and another man,
the team went on to win by
five points.

The match that Cook had
in the final round against St. John's
was a very close one, and
considered the first of the season.

Several recent attempts have been made to
show the practice of "proficient" or
"skillful" as an art in Florida
State's program. The Past
weekend, the team went to
the Invitational meet in Boston,
where they won by seven points.

SBOWLES' HOPE: First Big Ten Title

Michigan's winning streak in college hockey came to an end yesterday when the Spartans defeated the Wolverines, 6-0, in the Big Ten championship game at the Univerity of Michigan. The win gives Michigan its first Big Ten title and an automatic berth in the NCAA tournament.

In the first period, Michigan scored twice, once on a power play, to take a 2-0 lead into the intermission. In the second period, the Spartans scored three more goals, including an empty-netter, to extend their lead to 5-0. Michigan added one more goal in the third period to secure the win.

Wings Call Up Doug Roberts

By Joe Mitchell

State News Sports Writer

Robert DeNiro will have to wait another day to call up the Detroit Wings. The team announced today that Doug Roberts, a native of Michigan, will be recalled from the Wings' minor league affiliate, the Toronto Aeros. Roberts, a three-year member of the Hawks, had a successful season with the team, leading them to the playoffs for the first time in franchise history.

Only in his first year of professional hockey, Roberts has more than held his own in the league, scoring a point every other game. He was also named to the all-rookie team and earned a spot on the NHL's all-rookie team after the season.

The Wings have been searching for a consistent offensive presence, and Roberts fills that role perfectly. He has scored 10 goals and has 20 assists in 40 games played this season.

Roberts was drafted by the Wings in the second round of the 1980 NHL draft and has played for the team in all three seasons since. He is currently playing for the Aeros, a farm club of the Wings.

The team is looking to the playoffs as a chance to make a run for the Stanley Cup, and Roberts is expected to play a key role in the team's success.

Spartan Warm-Up

By Larry Werner

State News Sports Writer

Doug Roberts, a three-year member of the Michigan hockey team, has been recalled from the Toronto Aeros, the team's minor league affiliate, to join the Detroit Wings for the playoffs.

Roberts, a native of Michigan, has been a key player for the Aeros this season, leading the team in scoring with 20 goals and 40 assists in 40 games played. His play has earned him a spot on the NHL's all-rookie team, and he is expected to make an immediate impact on the Wings.

The Wings have struggled offensively all season, and Roberts is hoped to be the missing piece. He has scored 10 goals and has 20 assists in 40 games played this season.

Spencer Swimmers 4th In Nationals

By Larry Werner

State News Sports Writer

Spencer Swimmers, a club that competes in the national swimming championships, have won their fourth consecutive title.

The team, which is coached by Doug Roberts, has a strong team of swimmers who have been training for months in preparation for the championship. They have been working hard to improve their times and move up in the rankings.

This year, the team has been led by star swimmer Doug Roberts, who has broken several national records and set personal bests in several events. He has also been a key leader for the team, inspiring his teammates to work hard and achieve their goals.

The term. a Director going Tues., 9:30 a.m.-10 a.m. May 18, 19 in the Assembly Hall of the Northwest Synod. Dr. A. L. Petersen, said in a public lecture at the University of Michigan in Ann Arbor last week. The lecture was on "Theoretical and Practical Aspects of Urban Renewal." Dr. Petersen is a well-known urban sociologist and has been involved in several urban renewal projects in Detroit. His lecture focused on the challenges and opportunities of urban renewal, drawing on his extensive experience in the field. He discussed the historical development of urban renewal in the United States, the current state of urban renewal efforts, and the role of government, private sector, and community in shaping the future of cities. He emphasized the importance of community involvement in urban renewal projects, urging that they should be designed and implemented with the active participation of those who will live in them. Dr. Petersen's lecture was well-received, and he answered questions from the audience at the end. The University of Michigan's sociology department is known for its strong research and teaching in urban studies.

LEGISLATURE May Trim
State School's Aid Hike

LANING—The Legislature will have a shortened 90-day ses-
sion this year and school officials are
expecting a cut in the state aid they get
to make the school's decreas-
ing budgets balance.

Martin L. Dunn, secretary of the
Michigan Education Com-
mittee, said the Legislature,
which opens its regular ses-
sion Tuesday, will not have
the usual 120 days to make
its decisions. Instead, he said,
the Legislature will be in
session only 90 days, and dur-
ing that time it will have to
make budgetary decisions that
will affect schools for the next
three years.

"The school year will have to
be cut this year to balance the
budgets," Mr. Dunn said.

ABOVE—A meeting of the an-
nually elected State Edu-
cational Board today will de-
side whether to increase the
state aid the Legislature will
provide for schools.

Kansas City, Mo.—The un-
iformed policeman who
saw the couple carrying de-
formed twins was the first
person to enter the hospital
after the birth of the children.

"The twins are alive," the
policeman said, as he was
brought to the laboratory.

"They will be taken to a
nearby hospital," the police-
man added.
