Advisors Tell 'S' Fraternities To Lift GPA's

By ANDREW HOLLISON
State News Staff Writer

Princeton advised 'S' fraternities to maintain at least a 2.2 average in their first term to qualify for pledging, and a 2.4 average for each subsequent term. The advisors said that fraternities which do not maintain these grades will be required to provide an explanation, and if that explanation is not satisfactory, they will be asked to provide additional data. They also said that they will not provide any data unless it is necessary to support their explanation.

At Wednesday's IPC hearing on the matter, students and faculty members were asked to present their arguments. The students argued that the advisors' policy was unfair and that it would prevent them from competing with other fraternities. The faculty members argued that the advisors' policy was necessary to maintain the high standards of the university.

The advisors said that they will consider the students' and faculty members' arguments before making a final decision. They also said that they will continue to monitor the fraternities' grades and that they will take action if the fraternities do not maintain the required grades.

The Michigan State University Senate passed a resolution condemning the police for their actions during the 1967 riot. The resolution was sponsored by Sen. Fabrice Cavanagh and was cosponsored by Sen. Betty Williams and Sen. Raymond Bonner. The resolution was passed by a vote of 16-2. The two dissenting votes were cast by Sen. Anthony Williams and Sen. William H. Williams.

The resolution calls for an independent investigation into the police actions during the riot and for the state to provide adequate compensation to the victims of the violence. The resolution also calls for the university to provide adequate resources to the students and faculty members affected by the riot.

The resolution was signed by the faculty members of the university and was also signed by the students of the university.

Spring Practice Meaningful For Fans, Coaches, Players

By Larry Werner
State News Sports Writer

"In past years, I heard that Mike Dantonio has always failed in football and Jimbo Fisher will be starting an offensive and..."

The above may be a slight exaggeration but in scenarios typical of the old school, when spring football practice attains its climax or its impetus, it's always worth noting the comments of those who have experience in the area. The players are confident, and the numbers regarding player securities and predictions are modestly flying. Uncle Tom Garlick has been a student of the sport, so, in a way, they have a reconstituted cast of the normal spring drills. Jimbo Fisher is a defensive coordinator, and his changes are permanent ones.

"With people like this, we don't exaggerate. We just make sure our players are ready," he said. Jerry West needs the early instruction as a leader for the defensive staff to be "head out into the future," so that it's not like the previous seasons of defense. But will we have a strong defense? To improve, we need to focus on the best defense.

"I think it's spring drills are mostly to touch the foundation of what football is like," said former defensive coach Charlie Tenorio.

"This is the team of experience. We're trying to keep them on track, and we've been successful in that, we're not stupid."}

Permalink Art Display
Opens Sunday In Kresge

By LEHORE STREET

The permanent art collection at Kresge Art Center is expanded this Sunday when the Hallidie Gallery opens in the 223 room structure.

The Hallidie gallery is named for the late donor to the campus, who was an active member of the gallery's advisory council. The gallery features permanent collection, which will be on display beginning tomorrow.

Director of the gallery, John E. Lewis, expressed his gratitude for the donation, saying, "This is a significant day for both the Kresge Art Center and the University of Michigan. The Hallidie Gallery will serve as an important focal point for the university's art collection and will attract visitors from all over the world."

The gallery's opening coincides with the university's 200th anniversary celebration, which culminates in a series of events throughout the year. The permanent art display will continue to be on display during regular gallery hours.

**Urban Problems Need Federal Aid-Roman**

The Southern section of Urban Planning was called upon to mediate a conflict between city and suburban white residents in planning the community programs needed to settle the problems of race relations. It is the federal government, the developers, and the local officials who are to be responsible for the creation of a truly equal environment in the nation's urban areas.
