PEACE CORPS OR ARMY? LET STUDENTS DECIDE

THE GOVERNMENT COULD achieve a more efficient use of man power by letting college students choose between serving in the Peace Corps or in the military, According to a report by a government-sponsored study made for the Peace Corps last week, college students have a natural inclination toward the Peace Corps. The report said that students would be more likely to offer themselves to the Peace Corps if the program were expanded. The Peace Corps and the government have always been considered the lead idea.

ACCORDING TO the report, which was prepared by the Institute of Governmental Affairs, an arm of the Ford Foundation, the Peace Corps is better suited for college students than for the military because of its educational and vocational nature. The report said that the Peace Corps is more likely to attract college students than the military because of its educational and vocational nature. British Seamen Threaten Strike

LONDON (UPI)-Prime Minis-
ter Harold Wilson Thursday said a crisis Cabinet meeting at the threat of a comprehensive strike that could threaten the British economy in a matter of days.

The 82,500-member National
Union of Seamen (NUM) (or shipworms) work and higher pay are over.

The strike would idlize Britain's 2,900 military fleet, the world's largest, and put the navi-

gary's life-style in the hands of the

Durham branch of the NUM that is expected to be put into an official strike by Wednesday.

Wilson met with Labor Minis-

ters Roy Jenkins and other Cabin-

et members at No. 10 Downing Street, but details of an emergen-
city action they considered were kept secret.

Wilson was attending a meeting on the situation and instituted an interview personally in the des-

cent until the end of the year when a limited-wide strike was threatened.

The 25,000-member executive counsel of the country's largest seamen's union monotically registred.

Guaranteed Annual Income Seen

By PATRICIA KOTZAN

Guaranteed income will be a major prong subject for discussion, according to Robert Thomas, a Detroit newspaper publisher.

If the Senate approves a proposal in storage, the Guaranteed income unit will become a reality. Thomas said a group of 500 social science students Thursday that a guaranteed income of $1,250 a family of four would eliminate poverty in the United States.

Indians in Detroit are regarded as guaranteed income will do much to eliminate poverty in the United States. Thomas said it would be impossible to implement a guaranteed income plan

No complaints were heard in the Detroit financial community for the plan, but some people are not convinced of the plan's worth.

The plan calls for the government to pay a guaranteed income of $1,250 a family of four to eliminate poverty in the United States.

Defendants see no complaints that the plan will not work. They say it is a waste of government money.

The plan was introduced by Senator Thomas, a Detroit newspaper publisher, Thursday.

Of Skirts And Morals

By Mike Bregan

According to the city’s daily newspaper, a local socialite has filed a lawsuit against the local school district, claiming that her daughter was improperly disciplined for wearing a skirt.

The lawsuit alleges that the school district violated the student’s rights by enforcing a dress code that prohibits skirts. The plaintiff claims that the dress code is discriminatory and violates the student’s freedom of expression.

The school district denies the charges and claims that the dress code is necessary to maintain a safe and respectful learning environment.

UN Not Allowed Viet Role-Thanh?

The United Nations has not been allowed to play a role in the Vietnam War, according to a recent statement by a high-ranking official.

The official said that the UN's involvement would only lead to further escalation of the conflict.

The statement comes as tensions between the US and North Vietnam continue to rise.

A UN spokesperson said that the organization would continue to work towards a peaceful resolution of the conflict, but that it would not participate in military operations.

UN Peacekeeping Forces were deployed in South Vietnam in 1954, but they were withdrawn in 1973.

Bishop Prefers Scholar Role

San Francisco (AP) - The resignations of the Rev. James A. Hoopes and the Rev. John D. MacArthur from the University of California have not come as a surprise to the religious side of the bishop's press, but it is the bishop's first announcement of his intention to resign his seat as the bishop of the Episcopal Diocese of San Francisco.

The bishop's resignation is due to his desire to devote more time to his duties as a bishop and less time to his duties as a professor of religion.

The bishop's resignation comes after a series of controversial events, including his support of the impeachment of President George W. Bush and his involvement in the controversy surrounding the ordination of women priests.

His resignation is effective immediately, and he will be succeeded by the Rev. David E. Beck, who has been serving as the bishop's assistant for the past three years.

City Commissioner Will Talk Religion

A prominent city commissioner will speak at a church Sunday night in Lansing, Michigan. The Rev. James A. Hoopes, 33, pastor of the First Presbyterian Church, will address the congregation at the Lansing Alliance Church Sunday night, according to church officials.

The Rev. Hoopes is one of several prominent religious leaders who have spoken at the church in recent months, including the Rev. Dr. Martin Luther King Jr.

Hoopes said he was pleased to be able to share his message with the congregation, and he looked forward to continuing his work in the community.

"I am very excited to be able to speak to the congregation here," Hoopes said. "I have been a part of this community for many years, and I am proud to be able to continue serving the people of Lansing."

Girl, 17, Seized In Mountains

Almost every member of the girl's family was on the lookout for her. The mountains were searched, the area near the camp was searched, and the town of Okemos was searched. The police and the FBI were involved in the search, with hundreds of volunteers helping out.

The girl was last seen on a dirt road near the town of Okemos. She was last seen walking with a man, and her family believes she was taken by someone they know.
