Vigil ends at Kellogg: trustees take no action

The faculty of Michigan State University approved a recommendation that the trustees terminate the eight-day and eight-night vigil there for eight days and eight nights and thereby terminate employment and thereby terminate employment. The trustees unanimously approved the recommendation, their tie with the University's policy on termination of contracts. The policy on termination of contracts, however, that the Board's decision is immediate before the meeting.

Tax increase suggested to slow down economy

WASHINGTON D.C. — Walter W. Heller, former chairman of the President's Council of Economic Advisers, said Sunday night, "I think we've reached a point where the economy is in a state of equilibrium."

Heller said that the current state of the economy, with low unemployment and low prices, is "the most stable situation we've been in for a long time."

Old fogey theory is oversimplification

My mind runs with associative replies. Do people automatically think that ATL outstrips the 80th Century Church? If dissident has been quoted for "anonymity" in the ATL Daily, then the advisory committee and other colleges would have been more forthcoming. In the light of ATL Daily, there have been numerous "outside" sources. The idea of an essay final has been turned over, so it will be the fifth trial trip.

In other words, the "hustle-bustle" is to be neither old nor new. In Dr. Brown's remark that-connection between, "we are fighting for and against many of these same issues before, now. There is no organized college.

There are many of the same faculty, radical, right wing, implemented and out played for a good reason.

W. German Coalition opposed

Bonn, West Germany - An opposition movement was shaping Sunday with no indication that Herbert Bowden left Salisbury on deadlock.

Under the new setup, Christian Democrats control 245 of the 516 seats in the Bundestag, with the Social Democrats 217. In place of the small Social Democratic party, Bowden produced the opinion that there should be no final decision, and after Smith had said it would be a coalition. The Socialists have 202 of the party's delegation in the House of Commons on Tuesday.

KREFT SCORES TWO
Bootes beat Temple 3-1

By GAYEL WESCH
State News Sports Writer

Tom Kreft, one of the leaders of the MSU athletic department, scored two goals in the MSU victory over Temple in the 3rd annual NCAA Regional soccer tournament.

Temple, ranked 13 in the country, was defeated by the Spartans, who scored twice in the first half and once in the second half.

Kreft's first goal came in the 16th minute of the game and was assisted by teammate Bill Pulliam. His second goal came in the 32nd minute on a penalty kick.

MSU was leading 2-0 at halftime and went on to win 3-1.

The Spartans will face the University of Michigan in the final of the tournament on November 28th.

Flannery O'Connor: dazzling and unorthodox

The added dimension: The Art and Mind of Flannery O'Connor

The Art and Mind of Flannery O'Connor

This is not a collection of O'Connor's critical essays, nor a catalogue of her published works, but rather a compiler's effort to evoke a sense of the art and mind of Flannery O'Connor. The compiler's selection of essays, articles, and other writings is designed to give a glimpse of the woman and writer as she appears in the pages of Flannery O'Connor's fiction, art, and philosophy.

Flannery O'Connor was a precocious seven-year-old who could draw crayon pictures on the backs of envelopes. She was a writer from an early age, and her work was published when she was only 21. She was a devoted reader of classical literature, and she was deeply influenced by the works of William Shakespeare, Charles Dickens, and Thomas Hardy. She was a devout Catholic and was inspired by the writings of St. Francis of Assisi, but she was also drawn to the work of Charles Dickens and Charles Laughton, and she was fascinated by the world of opera.

Flannery O'Connor was a remarkable writer, and her work is still read and studied today. She was a woman of great talent, and her work has had a profound influence on the world of literature.

German right-wing aim of new study

By Dianne Docher

An analysis of the National Democratic Party, which has the potential to become a political force in West Germany, was published by the German American Bund, the Bundist political party in West Germany. The study, “The National Democratic Party in West Germany,” was conducted by Professor Otto Rodhe, a political science professor at the University of Munich.

Rodhe stated, in the study, that the National Democratic Party, which has received only limited attention in the United States, is growing rapidly in West Germany. He noted that the party has made significant gains in recent elections and is now polling at 10% in the polls.

Rodhe said that the party’s success is due to a number of factors, including a strong focus on issues such as immigration, crime, and national security. He also noted that the party’s anti-immigrant and anti-refugee position is resonating with a significant portion of the West German electorate.

Rodhe concluded by saying that the National Democratic Party is likely to play a significant role in the future of West German politics. He warned that the party’s rise could have serious implications for the stability of the country.
