Hannah, Nixon confer today on AID position

By DON DUGGAN
State News Staff Writer
President Hannah will confer with President Nixon today after meeting privately from the MU Board of Trustees to continue his discussion with the federal officials over the possibility of an appointment.

The board granted Hannah's request today, according to MU Board of Trustees spokesman Jerry L. Smith. The meeting was to discuss the federal officials, in which the board of trustees approved President Hannah's plan to visit Washington Tuesday to discuss the presidency.

Faculty esteems Hannah for foresight, service at 'U'

With the retirement of President Hannah impending, rumors among faculty members is that he has done a "fine job" in his tenure as president of the University. 

Hannah has been one of the great University presidents of this generation. Paul

Open house policy OK'd, in effect today

By MARILYN PATTERSON
State News Staff Writer
The open house policy will be in effect today.

The open house policy is to be in effect today. The policy, approved by the Board of Trustees, will allow students and faculty members and their guests to participate in open house activities at the university's various buildings.

Senate considers 'U' budget request

Beginning with the Senate's opening session today, will consider a budget request for the fiscal year 1971. The request, which was submitted by President Hannah, includes funds for the operation of the university and the support of its various programs.

Student inquiry

Clarence Windle, dean of the College of Social Science, confers with the students on the campus about the student affairs programs at the university.

Pensive moment

Katherine Ball ponders the news of her parent's recent release in Iraq to her room in South Abbe Hall. The Ball's were arrested last week by Iraqi officials on charges of espionage.

Big Four talks

U.S. OKs French plan to discuss Middle East

Paul BaII, an American oil producer whose interests are tied to the Middle East, will visit the United States in May to discuss a French plan for peace talks. The French plan is expected to be discussed at the upcoming Middle East conference.

Paul BaII said the French government has approached him about joining the discussions, which will be held in the United States. The French government has also expressed interest in the talks, and BaII said he is willing to participate.

Iraq frees coed's father, radio set caused arrest

President Gerald Ford has released a statement expressing his support for the release of the father of a university student who was arrested in Iraq for allegedly causing the arrest of his daughter.

The student, a member of the university's delegation to Iraq, was arrested after an incident involving a radio set.

DEMANDS CONTINUE

Garskof sympathizers solicit student support

The demands for President Garskof's resignation continue to grow, with students and faculty members calling for his removal from office.

The demands come amid concerns about the university's policies and practices, including the handling of student concerns and the university's role in the war in Iraq.

By CHERRY NAY
State News Staff Writer
The movement to defeat President Garskof and to obtain a student president continues to gain momentum.

A group of students and faculty members have been meeting to discuss the issues and propose solutions.

Student support for President Garskof has been declining, with many students and faculty members expressing concerns about his leadership and policies.
In the Michigan business community, there is often a need for public relations professionals to communicate with various stakeholders, including employees, customers, and the media. As a result, many businesses hire public relations experts to handle these tasks. This can be a challenging task, as businesses must navigate complex social and political landscapes, as well as financial considerations. However, with the right approach and strategy, businesses can effectively communicate their messages and build strong relationships with their various audiences.
Oil slick gums yarns, wildlife

SAINT BARRA NA, CAL. (AP) - Thick, gummy oil - up to one inch thick - flowed by a spilling underwater well located 10 miles south of the city yesterday during a belly waddle on Wednesday.

Miles of beaches were blackened and the oil of wildlife continued. Waves slapped a thick oil jacket up from the depths and the danger of fire continued, as well as miles of offshore lumber unloaded for the north exit. A fish plant was sunk and a £3 million claims have been made against the firm.

**Withdrawal deadline for ASMSU censures NSA**

By Dave Short

Although it does not disqualify any employees at the NSA, ASMSU voted yes by 51 to adopt the recommendation and to officially recommend that the NSA consider disbanding its publications if they are not up to the standards of the organization.

President of the Souther University was present at the meeting to support the recommendations of the ASMSU. "We believe that the NSA should consider disbanding its publications if they are not up to the standards of the organization," said the President.

President of the University is not far away from the Board of Directors, he said, "I'm not saying that they should disband, but I believe that they should consider it." He added, "I believe that the NSA should take into consideration the recommendations made by the ASMSU and decide if it's in the best interest of the university to disband its publications."

OUR READERS' MIND

SDS instigates

To the Editor:

I read with interest the article in the Michigan Daily of October 16, 1968, in which Mr. Mark M. Harper mentioned our concern over the increasing cost of tuition, and our desire to have some say in the way these funds are used.

I would like to express my strong objection to the statement made by Mr. Harper that "there is no inherent right of students to be involved in the running of the university." I believe that students have a right to be involved in the decision-making process of their university, and that this right should not be denied to them.

Sincerely,

[Name]

Investigate whom?

To the Editor:

In response to Mr. Harper's article in the Michigan Daily of October 16, 1968, I would like to point out that the statement "there is no inherent right of students to be involved in the running of the university" is not supported by any evidence presented by Mr. Harper.

I would like to ask Mr. Harper to investigate the individuals responsible for the increase in tuition costs, and to determine whether or not these individuals are acting in the best interests of the students.

Sincerely,

[Name]

Massive strike is feasible

To the Editor:

I read with great interest Mr. Harper's article in the Michigan Daily of October 16, 1968, in which he mentioned the possibility of a massive student strike. I would like to express my strong support for this idea, and to suggest that this strike could be effective in forcing the university to make necessary changes.

Sincerely,

[Name]
**Electoral reform stressed by Kelly**

The importance of complete reform of the electoral process in Michigan was stressed by Ally Gom, 2nd. Kelley by a speech the week in the Democratic State Convention in Detroit.

Kelly said the Democratic Party should not be satisfied with a mere change of the present system of voting. "This means uniform laws for all voters in all counties," he said. "If there are differences in the laws concerning voting, then the differences are between the laws. We must make them uniform across the state." He said that the Baker Commission on Political Reform had recommended the establishment of a bipartisan committee to examine the existing system of voting and make recommendations for reform.

Kelly said that the Baker Commission had recommended that the vote be made easier and more accessible to all citizens, and that the system be made more transparent and fair. "The current system is outdated and must be changed," he said. "We must make it easier for all citizens to vote, and we must ensure that the vote is counted accurately and fairly." He said that the Michigan State University should be involved in the process of reform and that they should be a partner in the process of change.

Kelly said that the Michigan State University should be involved in the process of reform and that they should be a partner in the process of change. "We must make sure that the University is part of the process," he said. "We must ensure that the University is involved in the process of reform and that they are a partner in the process of change." He said that the Michigan State University should be involved in the process of reform and that they should be a partner in the process of change.

Bright 'Lamp at Midnight' sheds new light on Galileo

"Lamp at Midnight" is a superior and distinctive production. For this and two other reasons, it stands for one of the important events in this year's movie season. The film is marketed at 11:30 only in the Imperial Theatre at 11:30 and the Opening Night series, the Lecture-Concert Series. "Lamp at Midnight" is the production of the World Theatre in Ottawa, and it has been a great success at the Imperial Theatre in Washington, D.C.

"Lamp at Midnight," which is also the name of the character played by Erich von Stroheim in the film, is a unique production. The film is about the life and times of a 17th-century scientist who is known for his work on the telescope and the discovery of the black hole. The character of "Lamp at Midnight" is played by Erich von Stroheim, who is known for his work on the telescope and the discovery of the black hole.

The film is considered to be a classic and is often discussed in the context of the role of science in society. It is a film that is often discussed in the context of the role of science in society. It is a film that is often discussed in the context of the role of science in society.
Track stars make Jenison heavenly

BY DON KOPPER
State News Sports Writer
Jenison could lose some talent to the
Lansing area next year, but Jenison will
be strong in the track and field arena. This is a team that is built to win.

Jenison finished at the top of the state.

The track team at Jenison was the team to beat in the state of Michigan. The team, led by coach Mark Martin, was a strong contender for the state championship.

The team had several runners who could compete at the state level. Jenison's top runners included Matt, Dan, and Scott, who were all strong in the 800, 1600, and 3200 meter races.

The team also had several strong relay teams. Jenison's 4x100, 4x200, and 4x400 relay teams were all strong contenders for the state championship.

Overall, Jenison had a strong team and was a team to be reckoned with in the state of Michigan.

Groups study ills of off-campus life

By HARMAN STEWART
State News Staff Writer

Students living off campus were studied by landlords and apartment owners according to the Flint Daily News, which is the State News. In the study, landlords and apartment owners were interviewed to determine the problems they face in managing off-campus housing.

The study found that landlords and apartment owners face a variety of problems, including vandalism, noise, and damage to property. Many landlords and apartment owners also reported that they have difficulty maintaining a high level of security, as well as dealing with tenants who are unable to pay rent on time.

The study recommends that universities and local governments work together to address these issues and provide support for landlords and apartment owners. The State News has plans to publish a series of articles on this topic in the near future.

MEDICAL EXHIBIT

Magic cure-alls displayed

By KAREN BROOK
State News Staff Writer

There have been some new arrivals at the University of Michigan's Campus Medical Center, including a new device called the "Magic Cure-All." This device is a small, handheld device that emits a special type of radiation, which the manufacturer claims can cure a variety of ailments.

The device has been tested on a group of patients who were previously diagnosed with conditions such as asthma, arthritis, and diabetes. The results of the tests have been positive, with many patients reporting significant improvements in their symptoms.

The device is currently being made available to patients at a cost of $50 per treatment. The manufacturer has plans to expand production and make the device available to more people in the future.

GRADUATE STUDENTS

COGS forms constitution

By PETER RUSSO
State News Staff Writer

The Graduate Council of Graduate Students (COGS) has formed a new constitution. The constitution outlines the goals and objectives of COGS, as well as the procedures for electing officers and conducting meetings.

The constitution states that the main goal of COGS is to work with the University administration to improve the quality of life for graduate students. It also outlines the procedures for electing officers, including the election of a president, vice-president, and treasurer.

The constitution is expected to be adopted by the Graduate Council at its next meeting, which is scheduled to take place in early October. The constitution will be available for review on the COGS website.

State News Staff Writer

The Graduate Council has proposed a new set of by-laws. The by-laws include provisions for the election of officers, the conduct of meetings, and the procedures for adopting new policies.

The by-laws are expected to be adopted by the Graduate Council at its next meeting, which is scheduled to take place in late September. The by-laws will be available for review on the Graduate Council website.
Great Issues staff strives to newsmakers to U

By BOB HAMING

To bring spokesmen who are not part of the U.S. press to the nation's attention in knowledgeable and illuminating fashion is a major goal of the Great Issues staff. The group, which numbered about 10 during the past year, has attempted to bring "Newsmakers to 1968" on frequent

Draft critic Spock visits 'U' Friday

Dr. Benjamin Spock, author of The Common Sense Book of Baby and Child Care, is scheduled to appear on the U. S. craft list. Spock will speak on "The Importance of the Family in the Development of a Child" at 3 p.m. Friday in the Union Auditorium. The event is sponsored by the Indians, in cooperation with the World Peace Council, to observe the 25th anniversary of the U.S. withdrawal of its troops from Viet Nam. The evening will consist of a question-and-answer period. The student group is the nation's oldest and largest peace group, and was formed in 1945.

B. A. B. is the national headquarters of the Student for a Democratic Society, and the national office of the Student Peace Union. The organization, which has been active in the United States since 1947, is dedicated to peace and civil liberties. The group seeks to abolish nuclear weapons and to end all forms of oppression.

Spock was born in Philadelphia and received his Ph.D. in psychology from the Columbia University. He has been active in the field of child development for many years. He is the author of several books, including "The Common Sense Cookbook," which was published in 1955. The book became an instant best-seller and has sold over 10 million copies in 25 languages. Spock is currently a professor at the University of Chicago.

He is known for his progressive ideas on child rearing, and has been a vocal critic of the Vietnam War. His views on political matters have been controversial, and he has often been the target of criticism.

Spock's appearance at the University of Michigan is part of the 60th anniversary celebration of the university. The event is scheduled to begin at 3 p.m. on Friday, October 5, in the Union Auditorium.
