Rescue ship prepared for Skylab 2

SKYLAB RESCUE CSM GENERAL ARRANGEMENT

Possible rescue mission

This is a NASA drawing of how three astronauts would return to the rescue command and service module, which becomes unusable for the return to earth. Because of the possibility of further trouble with Skylab 2, launch crews at Cape Kennedy have been told to start preparing the Skylab 3 rocket for a possible rescue mission.

Douglas agrees to hold hearing on bombing halt

WASHINGTON (AP) — Supreme Court Justice William J. Brennan has agreed to hold a hearing on the request by the American Civil Liberties Union to stop U.S. hostilities in Vietnam and to continue the bombing, if there is evidence that would indicate inadmissibility.

The hearing is set for next week, at the Federal Courthouse in Yardley, Pa., the other side.

Holtzman was one of those who brought the suit to stop the bombing. A lawyer representing two defendants, Thursday, October 21, 1971, said the case had been filed by the White House and the Department of Justice and that it had been decided that any case would be heard in a federal court in the case of the mining company. But the new suit is not the first case to be heard on the mining company.

On Wednesday, November 16, 1971, Holtzman was one of those who brought the suit to stop the bombing. A lawyer representing two defendants, Thursday, October 21, 1971, said the case had been filed by the White House and the Department of Justice and that it had been decided that any case would be heard in a federal court in the case of the mining company.

The new suit is not the first case to be heard on the mining company. Holtzman did not indicate that the new suit would be heard in a federal court in the case of the mining company.
Only 150 Fall Vacancies Expected
Married housing shortage seen

By TERI ALBERTON
State News Staff Writer

Only about one-fifth of the married students on the old campus are expected to find first housing accommodations for the fall term as compared with 300 in 1973. A married student said Thursday.

As of July 20, there were 450 names on the waiting list for housing for married students, said Redick Ackerman, assistant director of housing services. In 1973, 1,500 married students were housed on campus.

"If you haven't been housing yourself," said Ackerman, "you might as well be on the list for a limited amount of time. You might not be able to find housing later on, and the list is closed to new students.

"The list comprises of all names on the waiting list for housing for married students, said Ackerman.

"The married students are expected to increase significantly over the next five years, so we're going to have to find housing," said Ackerman.

Slaughterhouses close as beef supply lessens

By CRAIG A. WITMER

Associated Press Writer

From a cold storage lagoon near East Lansing, Michigan, the last beef to be unloaded before the meat will be frozen in the new United States slaughterhouse in Lansing, Michigan, and sold as beef at the market price. The new plant is one of three new plants that are being built by the U.S. Department of Agriculture in Michigan.

The shutdown of the new plant is one of the major reasons why the beef supply is lessening. The new plant is one of the largest in the country and is expected to produce about 30,000 pounds of beef per day.

Seven candidates will strive for two city council seats

By MARY P. DRAPK

I believe there are seven issues in the campaign. Among them are representative government — whether or not the present city manager system shall be maintained — and neighborhood concerns. Nowhere is the concept of personal revenue sharing more evident than in the various boards and committees responsible to the city council.

I believe in and recognize the separate rights and responsibilities of each of the council. These are equal; and as a result, I would make every effort to communicate and discuss the points of view.

I am opposed to an income tax because it has been demonstrated that in East Lansing it will not be efficiently equitable. The only persons who will benefit will be the owners of large apartment complexes.

In a community of 40,000 such as ours, direct representation of individuals or groups is more effective than to elect a city manager. I believe in and support the present structure of the city council and believe it can be made more effective. These decisions must be made to the best of their judgment but after careful thought and consideration of all the points of view.

I have reviewed any of my voting record for the last eight years as a councilman and I find that I have tried to observe the following principles:

POINT OF VIEW

City income tax not equitable

By MARY P. DRAPK

I have reviewed any of my voting record for the last eight years as a councilman and I find that I have tried to observe the following principles:

POINT OF VIEW

Council must listen to people

By V. V. POLOZSKY

I am running for the city council because I believe that the city needs representation and the city council is elected to serve as its guardian.

The city council is an established body that we represent the people, that we represent the interests of the people, that we represent the community.

I believe that we need to listen to the people and that we need to be represented by the people who live here.

POINT OF VIEW

Solve city's problems creatively

By JOHN P. BLOOM

I believe the council will be faced with the need for economic development, the need for job creation, the need for a balanced city budget, the need for a balanced city budget, the need for a balanced city budget.

The city council will be faced with the need for economic development, the need for job creation, the need for a balanced city budget, the need for a balanced city budget, the need for a balanced city budget.

I think it is important for the city council to listen to the people and that they need to be represented by the people who live here.

POINT OF VIEW

City needs 'community for all'

By PAULA JOHNSON

I am a candidate for the city council and I believe that the city needs a community for all.

I am a candidate for the city council and I believe that the city needs a community for all.

I am a candidate for the city council and I believe that the city needs a community for all.

I am a candidate for the city council and I believe that the city needs a community for all.

I am a candidate for the city council and I believe that the city needs a community for all.

Avenue gets new look as businesses relocate

Grand River Avenue is getting a new look as several businesses change locations.

The former Elias Brothers Big Boy restaurant at 401 E. Grand River Ave. is being stripped of all equipment in preparation for being leased.

The restaurant was owned by the owners of the former State Discount store at 401 E. Grand River Ave., which was leased this spring.

State Discount has moved to 211 E. Grand River Ave., which was located on the lower level of the former State Discount store.

State Discount has occupied the space for the past several weeks, but the restaurant is expected to be open by early August.

The restaurant is expected to reopen by late August, with new owners and a new menu.

State Discount manager, Dennis King, said, "We are excited to be moving to this location, and we are looking forward to serving our customers in our new space."
MSU magazine named winner

"Scrib," the Michigan State University Alumni Association's annual magazine, recently received the National Council for Communications in Education's Excellence Award. The award was presented to the magazine at the annual conference of the National Council for Communication in Education in Washington, D.C.

The magazine was named as a "publication of distinction" by the American Alumni Council at the council's international conference in Vancouver, British Columbia.

The magazine is edited by James D. Smith, a member of the MSU College of Communications and Information Studies.

G.K. Strauss, editor in chief, said he was setting up a special panel consisting of_ himself, President John E. Center and Dorothy Ayan, program chair of the College of Communications, to discuss the results of the competition.

Academic units at MSU will be given an opportunity to apply for funds to undertake projects that benefit the university.

The fund is the largest single fund of its kind in the University of Michigan's history.

The Michigan State Alumni Association and the University of Michigan Alumni Association have joined forces to establish a fund to support academic units at MSU.

The fund will be used to support specific programs, grants, and scholarships that benefit the university.

The fund will be available to any academic unit at MSU that meets the criteria for funding. The fund is intended to support academic units and programs that are not currently funded through other sources.

The fund will provide an opportunity for academic units to apply for funds to support their own priorities and initiatives.

The fund will be distributed annually, and the amount of funds available will depend on the number of applications received.

The fund will be administered by the University of Michigan Alumni Association and the Michigan State Alumni Association.

The fund is available to all academic units at MSU, regardless of size or location.

The fund is intended to support academic units that are working to improve the quality of education at MSU.

The fund will be distributed annually, and the amount of funds available will depend on the number of applications received.

People, computer to run race

Mary Sharp: Explains council decisions

Mary Sharp, seeking a third consecutive city council term, said the keys to her success in winning the post under the three-thousand-voter threshold are to be a team player and to be sure that the local community is aware of her work and her views.

Mary Sharp explained the advantages she would give her constituents if she were elected to a third consecutive council term.

Mary Sharp believes that the community must be given a chance to vote on the issue. She believes that the community is interested in the issue, and she believes that the community is interested in the issue of education.

Mary Sharp said that the council must be given a chance to vote on the issue. She believes that the community must be given a chance to vote on the issue, and she believes that the community must be given a chance to vote on the issue of education.
