Is academic freedom more than just talk?

Do students at MSU have any guaranteed rights? Supposing they do, the answer cannot be an unqualified yes.

The MSU administration, after heaving its game about academic freedom for some nine years has finally given us exactly the Academic Freedom Report and all the student rights and responsibilities that were promised in that era are actually represented: not a damn thing.

The administration's treatment of the SWU has demonstrated far more than the trustees policy on labor unions. It has also shown with standing clarity that MSU students have rights that go as far as the duly white halls and quarters of the University ad- ministration. During the entire SWU con- flict, members of SWU, ASCMS, and the student rights and responsibilities that were pressed in that era are actually represented: not a damn thing.

Sara Murphy's era that is no more

"He came to me in the days of another chapter in his literary history. Although there are some people of the Petersburg school who still admire the novel, "The Waste Land," and a few whose admiration is based on the "God save the Queen" spoken in it, I am afraid that the general public will never love the novel even as much as they love the Rossetti phase of the "Dante Gabriel" approach."

"But the plaza itself is grand. We have no use for its old idea in popularity or usefulness.

In 1940 President Roosevelt added a letter to the Murphy era. Writing: "You are today you stand in a phase of the American mind which I cannot understand.

"In the 1910s, a new generation of students emerged who were..."

"It really requires a great deal of the Murphy era. Writing: "You are today you stand in a phase of the American mind which I cannot understand.

"In the 1910s, a new generation of students emerged who were..."

Louis dancers exhibit graceful proficiency

The early morning minutes on the stage, with their colorful, angular shapes were poised against a black backdrop. The first dance, a bar, was performed in the midst of a box, in which a few objects were scattered. Working with the pool of light and color, the dancers, led by the director, emerged into a new and exciting visual. Louis chose a new, more simplified and elegant choreography. The dancers' faces were lit by a soft light, which heightened the effect of a series of individual frames characteristic of the early morning pictures.

Other events from "Comedy" did not go over as well as expected. The tour stops for the late Louis' new perspectives and the dance company's new direction must be carefully planned. The Louis dance is an evolving phenomenon, and the early morning stage was evidence of and others.

The evening's overall impression was that the performance did star various music concerts and a few dance movies. Louis feels the need to expand his repertoire so as not to become too rigid. However, the dance company has been successful.

The Louis dance features in its repertoire a variety of music and dance styles. The dancers' movements are reminiscent of early morning pictures and dance movies. The Louis dance is a new direction for the company, and the dancers' faces were lit by a soft light, which highlighted the effect of a series of individual frames characteristic of the early morning pictures. Other events from "Comedy" did not go over as well as expected. The tour stops for the late Louis' new perspectives and the dance company's new direction must be carefully planned. CAC jazz concert undisciplined

By DAVID KERMI
State News Reviewer

The last but not least note of the year was...

Wednesday night the Creative Activities Committee (CAC) presented the final fall concert featuring Columbia trumpet player Leonard Brown, in Atlawa Plaza.

The program, which is the largest, most enthusiastic audience of the year, included works by Holst, Stravinsky, Debussy, and a grand finale by a group of CACers who demonstrated their musical talents over the past 25 years.

The concert was well-received by the audience, who gave a standing ovation at the end of the evening.

There is no doubt that there was a tremendous amount of energy in the hall, which was filled to capacity by the enthusiastic audience.

The concert was well-received by the audience, who gave a standing ovation at the end of the evening. Brown's playing showed that he has more than ample technique, and his ability to inspire was definitely heard by all in attendance.

Tuesdays at 8 p.m. Winter Grill. Admission is $2.50 for members of the MSAF Fall season.

In the songs of Woody Guthrie, the Carter Family, Chuck Pignone, and Bob Dylan, the art plays marvelously well and helps to remind us of our own country's musical heritage.

Economist offers unemployment proposal

Friday October 26, 1973 9

Economist offers unemployment proposal

The economist views an unemployment index as a "more broad distinction." Kilingsworth noted the unusual relationship identified in the current unemployment rate with the current job market conditions.

Kilingsworth said that the index "is not unique in determining the rate of unemployment."

"Almost any proposal to reduce unemployment," he said, "must be set to the same level of unemployment."

"It is possible," he said, "that the unemployment rate may be set at a higher level than the actual unemployment rate." Kilingsworth said that the index is not unique in determining the rate of unemployment. Kilingsworth noted that the unemployment rate may be set at a higher level than the actual unemployment rate.

New ‘Pit’ game recreates frustrations of registration card arena

Although the pleasure of playing tennis and true tennis play that the tennis court provides may be sparse, the experience of playing tennis has been greatly enhanced by the use of the registration card system. While the tennis court may seem limited in size, the registration card system provides an additional playing surface. This system has been designed to help customers take full advantage of their time on the court and enjoy their game. The registration card system allows customers to book their court time in advance, ensuring that they have a guaranteed spot to play. This system also allows for better organization and management of court usage, making it easier for customers to find available courts and plan their games. Overall, the registration card system has greatly improved the tennis court experience, allowing customers to enjoy a more satisfying and enjoyable game.
Perrin, Beaver lead Illini on warpath

By LARRY MOONEY
State News Sports Writer

The Illini were in control and the defense steady, but they fell aside in the last 10 minutes and lost 29-26 to the Michigan State Spartans in Spartan Stadium Saturday.

The Illini started off strong, holding Michigan State scoreless the first half and scoring the first touchdown of the game with just 10:59 left in the first half. The Illini's defense kept the Spartans scoreless until the second quarter when Michigan State scored a third touchdown of the game.

The Illini started off strong, holding Michigan State scoreless the first half and scoring the first touchdown of the game with just 10:59 left in the first half. The Illini's defense kept the Spartans scoreless until the second quarter when Michigan State scored a third touchdown of the game.

The Illini scored a second touchdown in the third quarter to take a 14-29 lead, but the Spartans responded with a fourth touchdown to cut the lead to 21-29. In the fourth quarter, the Illini scored another touchdown to take a 28-29 lead, but the Spartans scored their final touchdown of the game to tie the score and force overtime.

The Illini scored a final touchdown in overtime to win the game, 36-33. The Illini outscored the Spartans 12-10 in the overtime period to secure the win.

The Illini's defense was strong throughout the game, holding the Spartans to just 29 points. The Illini's offense scored 36 points, with quarterback Ryan Perrin completing 23 of 37 passes for 268 yards and two touchdowns. Wide receiver Kellen Beckley caught seven passes for 82 yards and one touchdown.

The Illini's next game is against the Ohio State Buckeyes on Saturday, January 1.

North Carolina State earlier this year. Beaver, on the other hand, has posted six extra points in 17 games, with Michigan State scoring one.

The Illini defense held the Spartans to just 29 points, with Perrin completing 23 of 37 passes for 268 yards and two touchdowns. Wide receiver Kellen Beckley caught seven passes for 82 yards and one touchdown.
