**Tuition hike: Pay now -- and later**

By MICHAEL RUBEN

State Board of Education Chairman Edward T. Stone said February 10 that the state’s 13 universities and colleges are in serious financial trouble and that a tuition increase for the 1977-78 academic year is probably in order.

The board chairman told the Associated Press that the state’s higher education system is facing an unprecedented crisis that will necessitate dramatic action.

"The situation is so serious that we are looking at the possibility of a tuition increase," Stone said. "The crisis is so serious that we have to look at all possible sources of revenue to ensure the survival of our institutions."

The increase would be the first for the state’s higher education system in several years, and it would come at a time when the state is faced with a severe financial crisis.

The board chairman said that the increase would be necessary to maintain the quality of education and to ensure the survival of the institutions.

The increase would be used to help cover the cost of operating the institutions, including salaries for faculty and staff, maintenance of facilities, and other expenses.

The increase would also be used to help fund research and other academic programs.

The board chairman said that the increase would be modest, and that it would be phased in over a period of several years.

The increase would be effective for the 1977-78 academic year, and the board chairman said that the institution’s trustees would be asked to approve the increase at their next meeting.

The increase would be necessary to help the institutions overcome the financial crisis, the board chairman said.

The increase would be based on the number of students enrolled at each institution, and the board chairman said that the increase would be more significant for institutions with a higher enrollment.

Get organ donor card

Earlier this year a letter to the 
State News raised the question 
concerning our attitude to 
organ donation. Mr. John 
Dr. John E. Wilson, the Chairman 
who has been appointed to 
Department, recently brought to 
attention that the University 
alumni, provides such a service. 
issues and services as "saves lives" will be 
more effective if a donor has a change of 
heart.

Against Community Aides

I wish to bring to your attention the 
Community Aides program currently 
being brought to a close. 
mainly by the Marling Housing 
Office. This program is a 
example of the work that is being 
doing in the area of community 
volunteer service. It is important to 
mention that the Community Aides 
is in line with the ongoing 
service requirements of the 
society.

First of all, the Community Aides Program would effectively deliver the 
needed support to students, the Marling Students Union, and the 
residents. It would also reduce the burden on the 
administrative staff. The program would also help to 
create a positive atmosphere on campus.

I believe that the Community Aides program should continue to 
exist. The benefits of such a program are numerous and cannot be 
underestimated. The program would provide a valuable service to the 
community and would be a great asset to the university.

To close, I would like to stress the importance of community 
volunteer service. It is through such efforts that we can make a 
difference in the lives of others.

Towel charge

I must say that I am appalled that the 
Women's Life Committee is charging 
for the use of a towel. It is 
even more amazing that the 
committee is able to get away with 
this. It seems ridiculous to 
charge such a small amount 
just for the use of a towel. 
I believe that the campus 
should be free of such 
charges.

William F. Buecky

The only balance business is getting out of 
hand. One of the reasons for this is the 
absence of a well-defined policy for 
the use of towels. It is necessary to 
develop a policy that is 
equitable and fair to all students. 

I believe that the University 
should be more 
accountable in this regard.

Tuition hike: crisis or business-as-usual?

The years have been set in motion, with 
Boris Yeltsin being appointed, for 
students to be charged more 
dollar per credit.

The news of a potential 
fee hike is concerning 
students and university 
administrators. The 
fee increase is likely to 
have a significant impact on the 
enrollment of students and the 
overall financial stability of the institution.

The University of Florida is 
well-known for its high tuition 
fees, which are often 
considered to be 
unreasonable. The institution 
has a reputation for 
being expensive, 
which can be a 
barrier for many 
students.

However, it is important to 
consider the 
reasons behind the tuition hike. The 
University of Florida is 
a research-intensive institution 
that invests heavily in 
facilities and equipment, 
which requires 
significant funds. The 
fee hike is likely to 
help cover these costs.

Despite the potential 
impact of the fee 
hike, it is important to 
consider the 
benefits that come with attending 
a top-tier university. The 
University of Florida 
provides 
excellent educational 
opportunities and resources 
that are not 
commonplace.

In conclusion, the tuition 
hike is an 
important 
issue 
that requires 
consideration. While the 
impact on students 
is concerning, it is 
important to 
consider the 
benefits that come with 
attending a top-tier university.

Teachers' strike

The news of a potential 
strike by teachers is 
concerning. The 
strike could have a 
significant impact on 
the education 
system, affecting 
students and teachers alike.

The teachers' strike 
would make it difficult 
for students to receive 
educational 
opportunities. The 
skilled and 
knowledgeable teachers 
are essential to the 
learning process, and 
their absence would be 
detrimental to the 
educational experience.

Moreover, the strike 
could have a 
financial impact, 
as the lack of 
effective instruction 
could result in 
lower test scores 
and decreased 
educational achievements.

In conclusion, the 
teachers' strike is 
concerning and 
requires 
consideration. It is important 
to find a 
compromise that 
respects 
both parties 
and ensures 
the well-being 
of the students.

Infamous Washington bean scandal boils

By JERRY McGUSS

The bean scandal of 1904 was a great event in Lansing's history. It was a time when the city was in turmoil, and the locals were on the edge of their seats. The bean scandal involved a large shipment of beans that was supposed to be delivered to the Lansing Capitol. However, the beans never arrived, and the locals were left with nothing to eat. The scandal caused a great deal of trouble, and it was only settled when the beans were finally delivered, but by then, it was too late. The locals had to go without beans for a whole month, and the economy of Lansing was severely affected.

The story of the bean scandal is a classic example of how the simple things in life can cause great upheaval. It is a testament to the power of the senses, and how they can take over our lives when we least expect it. The bean scandal is a great reminder to always be prepared, and to never take anything for granted.

The bean scandal is a great example of the power of storytelling. It is a story that is told over and over again, and it is a story that is always relevant. The bean scandal is a great example of how history can be remembered, and how it can be taught to future generations.

It is a story that was covered extensively by the local newspapers, and it was a story that was covered extensively by the national media. ADDRESS

CITY STATE ZIP
WASHINGTON (AP) — President Ford is camping out in a tent as he awaits his turn to be sworn in as president in a historic ceremony that will start tonight.

Ford arrived at the Lincoln Memorial at dawn Tuesday and was ushered into a tent. The tent was set up on the steps of the monument, which will be the site of Ford's inauguration.

Inauguration ceremonies will begin at 9 a.m. with the opening of the doors to the Lincoln Memorial. At 10 a.m., Ford will be sworn in as president by Chief Justice Warren Burger.

The ceremony will be televised live from the Lincoln Memorial.

Ford's inauguration is the first since the assassination of President John F. Kennedy in 1963.

Ford, who was picked to replace Nixon as the Republican nominee after Nixon resigned in disgrace, will become the 38th president of the United States.

The inauguration ceremony will be attended by thousands of people, including many dignitaries from around the world.

The ceremony will also mark the end of an era. Ford's presidency comes to an end at midnight tonight, bringing an end to a presidency that was marked by scandal, controversy and a divided nation.

Ford, who was born in Michigan in 1913, served as a U.S. senator from Illinois before being elected to the House of Representatives in 1932. He was later elected to the Senate, where he served for 19 years.

Ford was a member of the Republican Party and had been a strong supporter of President Nixon's policies. He was also a strong advocate of American involvement in the Vietnam War.

Ford's inauguration is expected to be a somber event, with many remembering the events of the past year and looking forward to a new era.

The ceremony will begin at 10 a.m., with Ford being sworn in by Chief Justice Burger.

The ceremony will also include the presentation of the American flag to Ford, as well as the declaration of Ford as the new president of the United States.

The ceremony will conclude with Ford's inaugural address, in which he is expected to speak about his vision for the future of the country.

Ford is expected to be joined by his family and other dignitaries for the ceremony.

The inauguration will be broadcast live from the Lincoln Memorial on ABC, NBC and CBS.

The ceremony will also be broadcast live on the Internet, with coverage available on the White House Web site.

Ford is expected to return to the White House later this morning.

The State News Board of Directors met on a recent Thursday morning to discuss and decide to remove proposed changes to the current Bylaws. The meeting was held at the office of the Michigan State University Press on December 17. The board proposed a change to the bylaws until January 14. The board is working on the bylaws revision now, which will provide for the board in their neighborhood and their school. An editor-in-chief was appointed at the meeting, and the board will serve as a committee to clarify the role of the editor-in-chief.

The board also discussed the purpose of the bylaws and the need for the board to work on the bylaws revision. The board said that the bylaws revision would make the board more efficient and effective in their work.
