Bill proposed to ban cans using Freon as propellant

BY RALPH FRANKLIN
State News/Staff Writer

Even though the effort to ban aerosol cans using chlorofluorocarbon (Freon) products might not be as strong as it was in the 1970s, Thursday's hearing on the Senate Appropriations Committee was a sight to see.

The Senate Appropriations Committee was made up of nine members, five Republicans and four Democrats.

Two members of the committee were Republicans and four were Democrats.

Why U.S. should be wary of Concorde

On February 6, we were exhorted to prepare for a possible strike of the British and French air service if a decision were made to cancel the SST program. The扑灭ing, the author of the article, John Building, argued that the SST should be continued. The SST, he said, would be a significant investment for the airlines and the French government, and its cancellation would be a waste of funds. However, the author also noted that the SST has been plagued by technical problems and high costs, and that its implementation in the United States would be a major challenge. The author concluded that the SST should be continued, but that the United States should also be prepared for a possible strike if the SST program is canceled.

End postal monopoly

Thirteen states seem like a lot to mail a mere first-class letter. But what do you think of 17 cents (quarter cent off)?

The U.S. Postal Service can no longer defend its monopoly on delivering mail. The new franchise regulations and the need for competition are forcing the Postal Service to change. In fact, it has already begun to do so.

The Postal Service could go along with these changes, maintaining its inefficiency and making the mails less attractive. Or it could—without sufficient citizen pressure—consider the idea of encouraging competition and using new technology.

Indeed, if the lower cost and greater reliability of the private sector in delivering non-urgent mail is accepted, the introduction of competition will end the Postal Service's monopoly on letter carrying.

The author of the article, William F. Buckley, Jr., opposes the plan. The reasoning of those that private mail carriers will take the cream off the available mail is invalid. Having the Postal Service with private carriers would undoubtedly provide a great boost to the postal consumer.

A dream come true

Easy grades—easy work—easy honors: a student's dream. Now we have it. Grade inflation has done the trick. Last year, over half the students at the service school graduated with "honors." But the dream will become worthless in the next generation.

A grade is intended to be a judgment of performance, not the result of a cooperative effort to evaluate students. The new ease with which the grades are given will undermine the value of the grades. Even the hardworking student will have to lower the value of a degree with honors from this University.

On the issue of grading, the article states that the grading system is no longer effective, and that a new system should be developed. The author argues that grades should be based on objective criteria, and that a more fair and accurate system should be implemented. The article concludes that the current grading system is no longer adequate, and that a new system should be developed.

No illusions of peace in Israel; Minister assures ‘tough stand’

WASHINGTON (AP) — The nation’s leaders and the Israel Liberation Front on Thursday declared that “we are now ready to end this whole bloody business of peace’,” describing the initiative as a “tough stand.”

The initiative appears to be a response to the recent peace talks in the Middle East, which have been characterized by a lack of progress. The Israeli government has been under pressure to make concessions, and the peace talks have been met with skepticism by both sides.

The minister assured the Israeli public that “we will not give in to pressure from the US or any other country.”

The minister went on to say that “we will not accept any concessions unless they are in line with our national interests.”

The minister also emphasized that “we will not accept any peace talks unless they are conducted under the supervision of the US.”

The initiative appears to be a response to the recent peace talks in the Middle East, which have been characterized by a lack of progress. The Israeli government has been under pressure to make concessions, and the peace talks have been met with skepticism by both sides.

The minister assured the Israeli public that “we will not give in to pressure from the US or any other country.”

Grassroots campaigns start in Maine

Bacon has left 20 states in the last 10 days, and he has only been to Arizona once. He faces a tough re-election battle in 1976. He is the most likely Republican to win the nomination, and he is the only one who has explicitly said he wants to run for president.

Bacon's campaign is a grassroots movement, with volunteers in every state. They are working hard to get out the vote and to make sure that Bacon's message is heard.

Bacon's campaign is also supported by a number of powerful PACs, including the American Conservative Union and the National Review Institute.

Bacon is a moderate Republican, and he has been a consistent supporter of the Republican Party. He is also a strong supporter of the American military and the war on terrorism.

A FANTASTIC DOUBLE FEATURE!!

"The Picture of Dorian Gray"

Classical adaptation of the famous novel by Oscar Wilde. Told against a background of complex relationships and social intrigue, the film centers on the mysterious Dorian Gray, whose portrait perpetually grows old, while he remains youthful. This production stars John Boorman and starring Anjelica Huston, a young performer whose skills are not lost on the audience.

"The Devil's Disciple"

A classic story about a young man who falls in love with a woman and is drawn into a dangerous game of espionage and intrigue. This film, directed by John Huston, stars Al Pacino and Marisa Berenson. Set against the backdrop of pre-Revolutionary America, it explores themes of loyalty, betrayal, and the power of the state.

Showtime: Deep Threat 7:00 PM. Miss Jones 8:00 PM. Last complete show of 10:00 PM.

Showplace: 1408 Wells

Admission: $5.00 Students. $2.50 General.

This double feature is rated X.

In this film, the only history known is that the film was "CONFISCATED DETROIT, NOT ONE FRAME HAS BEEN LEAKED." 

"PORNO BEAUTIFUL!!!"—definitely amazing and wildly erotic will jarfilm standards for years to come.

"The Private Life of Pamela Mann" 

"This film has the same story telling that has ever done it before. This film has done a lot of things with Pamela Mann. In this film, Pamela Mann is doing it all, and we hope to have a little more to say about this film in the future. This is an interesting film and a very good one at that. It is definitely worth the price of admission."—A.G. Goldstein

**Icers fight Badgers and hexagonal math and science**

By MIKE JENKINS
Mahnomen News-Watcher

Bethlehem by eight straight goals Tuesday night at Maahs Gymnasium, the No. 4 Duluth State and the No. 3 University of Michigan hockey teams presented a historical encounter Saturday for the first time in the history of Minnesota State University-Moorhead. The game was a part of the Minnesota State Moorhead College Recreation and Physical Education Department's third annual interscholastic hockey tournament, which was held at the Moorhead Civic Center.

Icers head coach Chuck Dutcher and the Bulldogs head coach Dave Kenyon were both excited about the opportunity to play each other. The game was expected to be a close contest, and it lived up to expectations. The teams played to a 2-2 tie in regulation, and the overtime period saw the Icers win 3-2 on a goal by Peachy De甜甜 at the 5:52 mark of the extra period.

The game was more about the journey than the destination. Both teams played well and showed great sportsmanship throughout. The Icers' victory gave them a 3-0 record in the tournament, while the Bulldogs fell to 2-1. The tournament concluded with a 3-2 win for the Icers over the Moorhead Saints in the championship game.

Matmen face tough weekend; take on Hawkeyes, Cyclones

The Minnesota State Moorhead campus was buzzing with energy on Saturday as the Gophers basketball team arrived for a weekend series against the University of Wisconsin-Madison. The Gophers had been on a roll lately, winning their last five games, and were looking to continue their unbeaten streak against the Badgers.

The series was not without its ups and downs. The Gophers lost the first game 76-68, but came back in the second game to win 81-75. The third game saw the Gophers win 88-79. The series marked the completion of a three-game series between the two teams, and the Gophers emerged as the victors.

The Gophers' success was attributed to their strong defense and efficient offense. They limited the Badgers to just 50 points in the first game, and held them to 68 in the second. The third game saw the Badgers score 88 points, but the Gophers' defense was able to hold them to just 79.

**Tankers 'test' Purdue**

BY ANN WILSONSON

The Moorhead State University baseball team faced off against the Purdue Boilermakers on Saturday afternoon at the Moorhead State University campus. The game was a part of the Moorhead State University baseball tournament, which was held at the Moorhead State University baseball field.

The Moorhead State University baseball team was looking to build on their recent success, and the game against Purdue was an important one for them. The game was a close one, with the Moorhead State University team taking a 5-3 lead in the fifth inning. However, the Purdue Boilermakers fought back, scoring three runs in the sixth inning to tie the game. The game continued into extra innings, with the Moorhead State University team eventually winning 7-5 in the 10th inning.

The game was a great opportunity for the Moorhead State University baseball team to test their skills against a top college baseball team. The team performed exceptionally well, with great pitching and strong hitting. They showed their ability to come back and fight against adversity, which is a key element in baseball.

FROM THE PAGES OF FOX'S

THE MEANING OF LIFE I HANDLE PERSONALLY, EVERYTHING ELSE I REFER TO AN LANDERS.
One of the secrets to being happy with a component music system is to select a receiver with the right combination of power, FM performance and control facilities for you. With 18 watts minimum RMS per channel (at 8 ohms from 20 to 20,000 Hz, with no more than 0.8% total harmonic distortion), 2.0 uV FM Sensitivity, and a host of useful controls, we think the all-new Nikko 5055 am/fm stereo receiver will make an awful lot of people very happy. So will its reasonable price. $239. (List price is $300).

The Nikko 5055 stereo receiver fits right into this system featuring Larger Advent Loudspeakers capable of reproducing the entire audible range with an uncanny lack of coloration. The Nikko receiver provides plenty of power for the Advents to deliver all the good deep bass response designed into them. A Philips GA 227 belt-drive turntable with an Audiotechnica 90E Dual Magnet cartridge complete the system. And happily for you, Tech's price for this superb system is only 549 (List price is $673).

Tech HiFi's professional Service Center is one of the largest and best-equipped of its kind in the United States. It's one of the reasons why Tech HiFi is able to guarantee you'll be happy with the components you buy from us.

For medium budgets and big music appetites, it's hard to beat this Tech HiFi system with Smaller Advent loudspeakers (they have the same accurate, wide range response as their larger brothers), the powerful Cambridge Audio 2500 am/fm stereo receiver, and a BSR 2260X turntable with a Shure magnetic cartridge. Tech's price? Only 399. (List price is $562).

If listening to music makes you happy, this Tech HiFi system proves that happiness can cost you less than you ever imagined possible. Just listen to the way these ADC XT-6 two-way speakers, the Conrand CR-50 am/fm stereo receiver and the BSR 2260X turntable with a Shure cartridge make your favorite music sound. The price? Only 229 (List price is $365).

Come in to Tech HiFi this week and pick up a copy of the 1976 Hifi Buyer's Guide. It contains 80 pages of useful information about buying and using a component music system. It's yours free, at the Tech HiFi near you!

Most of the older players have developed their own style and had a little help in this respect. The few who are still looking for a place will probably find a new team just like the younger players. Terpay said, "I think we've developed a good plan to get everyone thinking about the team by now. If we keep on doing correctly and they realize that the situation is for them to get involved, they'll be in top shape when the weekend rolls around.

But Terpay said that two practices a day are seriously dividing the team into so-called "new boys" and "old boys." The older players are the ones who are the most dedicated and have the most experience. The younger players are the ones who are the least dedicated and have the least experience.
