Strikers await Betty's reply

NEW YORK (AP) — A city strike against NBC that has crippled much of the network’s television schedule continued for a second day Monday. Betty Ford, who assumed the presidency Monday after her husband’s death Saturday, was expected to arrive at NBC’s studios in the morning to address the strikers.

The strike by the 1,700-member National Assn. of Broadcast Employees and Technicians, which began last month, had only been temporarily halted during the weekend. Thousands of people were shuttled from strikers’ camps to networks and studios via airconditioned buses. NBC’s main news studios were shut down for the day.

Ford denies Kissinger out

WASHINGTON (AP) — President Ford denied Monday that any effort is being made to ease Secretary of State Henry Kissinger out of the Cabinet.

The denial came after Ford’s campaign manager and the White House counsel said Saturday that Secretary of State Henry Kissinger had redenied that he was planning to leave office any time soon.

Ford said he was planning to issue a statement later Monday on the matter.

Russian subs leak radiation

LONDON (AP) — Russian nuclear-powered submarines have leaked radioactive substances into the Sea of Okhotsk in the Pacific Ocean, according to a report in Saturday’s London Times.

The paper, which has not been confirmed by Moscow, said that the leak had caused a “dangerous situation” in the sea and that the radiation levels were “dangerously high.”

Guerrillas escape from jail

BEIRA, Mozambique (AP) — Ten guerrillas escaped from a jail here Sunday, it was reported Monday.

The guerrillas, who are members of the Mozambique National Liberation Front, escaped from a jail in the city of Beira, located in the central part of Mozambique.

Soviet navy rivals canceled

PARS, Iran (AP) — Despite the protests of Iran’s leaders, the Soviet navy has canceled the annual training exercises in the Persian Gulf.

The cancellation was announced Sunday by Iranian Foreign Minister Abolhassan Banisadr, who said it was due to the “political situation” in the Gulf.

Seafarer decision complicated

MSU gets teaching institute

By ED LINN
State News Staff Writer
The following is the second in a series of reports examining the Navy Project Seafarer and the ramifications that would follow in the event the project is not constructed. It is the second of this series of reports examining the project in the Upper Peninsula.

Last week's report pertained to the legal issues involved with the project, and this week's report will be concerned with conditional and financial planning. The intent here is to provide a comprehensive overview of the project and its consequences.

The project would have a significant impact on the economy of the region. The Navy would provide a large amount of employment, and the project would provide a major economic stimulus. However, the project would also have negative consequences, such as increased pollution and increased traffic.

In conclusion, the Navy Project Seafarer would have a significant impact on the economy of the region. The project would provide a large amount of employment, and the project would provide a major economic stimulus. However, the project would also have negative consequences, such as increased pollution and increased traffic.

The Institute for Research on Aging at the University of Michigan, the site of the project, has announced that it is moving to a new location.

The project, which was originally intended to be located in the Detroit area, is now scheduled to be completed in 1976.

The institute is housed in a new building on the university campus, and is expected to be completed by the end of the year.

The institute is expected to have a significant impact on the area, and is expected to attract many researchers and educators to the region.

Irresponsible protest will only hurt election

Wisconsin has long been famous as the "cradle of change," but it soon may be equally famous for another, less handsome, proof. The actions of a few protestors during last week's preliminary arguments of George Wallace and Sir Bob in favor of their right to act in the state's civil rights stand could have had a more long history of powerful protest.

To Wallace, the protestors were particularly annoying to the crowd. They sported signs reading "Keep Wallace out of Wisconsin!" and "If he's our governor, I'll..."

While protest and dissent are legitimate and should be encouraged, it does seem more than a bit ironic that they have taken in Wisconsin.

It is not simply the standards of public behavior which suffer from such actions, but also the spirit of American solutions, which are defined by such outbreaks.

The increasing list of a crowd, either from violence or abuse, further shows how much one makes candidates less relevant" to live audiences.

They became so incensed that they decided to take the campaign in the media, where they were able to reach a wider audience, and to scrutinize the activities of a single campaign meeting, at a live audience can be compromised.

This such a Loeb effort will be a sore blow mostly for some use, but also for those of us who must choose between two candidates on the face of the most important issues.

Those seeking to refuse the views of Wallace and Jackson - or any other candidate - should do so by intellectual discussions, disagreements of legitimate points, and not by physical, tasteless displays such as those in Waukesha.

The threats, threats, and childish disturbances will never take the place of real meetings between people and voters in our electoral processes.

Time magazine has never quite gotten over being the last word on public figures, and has done excellent work over the years. It's now 1973, and the world may be divided on sues of the 40s and 50s, but there are no signs that the problems of the 60s have been solved.

It is too important for the media to continue the efforts of the 60s, but they must also be willing to question the actions of the world. The "be right" people must be willing to challenge the "be right" people.

Dear Sir: I am a child of the Apocalypse.

Willing F. Bailey

Understanding Solzhenitsyn's warning

In his recent interview, Mr. Solzhenitsyn said he wanted to talk about literature. He said that literature was an important part of his life. He also said that he believed in the power of literature to change the world.

I am not sure how much of this is true, but I am interested in what he has to say. I have read some of his books and I find them fascinating. I wish I could understand more of what he is saying.

I think that we should take his words seriously. He is a man of great wisdom and insight, and his ideas are worth listening to. We should not dismiss him as a fanatic or a madman.

I hope that more people will read his books and listen to his words. He has a lot to teach us about the importance of literature and the power of words.

Vote on fees

While I don't agree with the AMA's stance on fees, I do understand the need to establish a fee structure. I believe that fees should be based on the complexity and time involved in providing care.

I would support a system where fees are determined by the length of the consultation and the complexity of the treatment. This would ensure that doctors receive fair compensation for their work.

I also support the idea of establishing a fee schedule that is fair to both patients and providers. This would help to ensure that healthcare is affordable for everyone.

I believe that the AMA should work to establish a fee structure that is fair and just, and that is in the best interests of both patients and providers.
Hubert Humphrey: it's more than nostalgia that keeps him around

NEW YORK - Mayor Abraham Beame, with a cool campaign postion that bordered on the amateur, has stated that Hubert Humphrey should bow out now at the morning post of presidential candidate.

"All he will do now is play to the "snoopy" vote," and could still win, was the thought in the Rainbow Room of the Waldorf Astoria.

Humphrey was among old friends at the Democratic Reagan Convention, and was put in a similar position. The three senatorial candidates had been backed together, through the party's national platform, to fight both real and virtual real existences.

Humphrey raised funds. He needed money, despite deep sympathy for Beame.

The arrival shoes who represented him in

The SWU has grown right and challenged the "no" voters, then a subsequent union that has voted to continue and continue will now face a vote, which in a list could be put together.

"The union growth and the vote are not a form of a local of Humphrey's"

A challenge ballot is a ballot which

is questioned to the other University, the vote of some students, which is questioned to the university. We have been honored with the right to sit in the student's union. The SWU has been honored with the right to sit in the student's union.

Chairman, the outgoing University

College's 28 to ADUUE. I also had aspirations to the SWU leadership. My name

as SWU President would have made my position.

The students are not and have never been a student's union. I believe the leaders of the SWU do what they say they will, and the leaders of the student's union will do what they say they will. We have been honored with the right to sit in the student's union. I have not been allowed to do so.

But you should consider what the student's union will do in the future. It is the only organization that can provide for the needs of the students. It is the only organization that can provide for the needs of the students.

**THE AMERICAN BRASS QUINTET**

"Each a virtuoso in his own right, the quintet..." said the concert ad.
After a strong relay season and with high expectations for the coming season, the Michigan women's track team enters the Big Ten season as one of the favorites. The team's success in the previous season, which included a strong showing at the national championships, is expected to continue.

The team, led by coach Keith Oncken, has been working on improving their performance in preparation for the Big Ten meet, which will be held on April 30 and May 1.

Last year's meet was all about the team's success and placing in the conference. The team, now coached by Keith Strohm, aims to bring home the conference title. Practice sessions begin at 3:30 p.m. at the Outdoor Track for further information contact Wayne

At the last competition, the team's performance was strong and they placed fourth. The meet will be held on April 29.

The team has a strong season ahead with a mix of depth and quality. They should do well in the meet. "We have four outstanding distance runners — Diane Cole, Michelle, Kristin, and Robert. They are all will remain strong and competitive, so we have a good depth with our team," Pettit said.

Practice should stay strong throughout the season. Both Koye and Barber Lee should be good at the track meet.

Michigan's first home meet will be April 29 against Eastern Michigan and the team will be looking to continue their strong season.
Springsteen gives energetic show

By JUAN JAVIE

Daily Breeze

BREMERTON, Wash.

June 18—Tina Turner and Bruce Springsteen played Monday night at the 1990 Pacific Jazz Fest at the University of Washington's Red Square. The band, which also included E Street band members Garry Tallent, Max Weinberg, and Stevie Van Zandt, played a set of classic rock songs from the likes of Springsteen's "Born to Run" and "The River." The show was a huge hit with fans, who packed the venue to capacity. Turner and Springsteen's voices blended perfectly together, creating a powerful and memorable performance. The energy on stage was palpable, and the crowd was on their feet for most of the show.

The Program of the Year Isn't on TV. It's in the Air Force ROTC.

Join the Air Force ROTC. And there are 4,000 colleges and universities with 4,000 ROTC detachments worldwide. Whether you select, you'll have college courses in a discipline you enjoy, a chance to develop leadership skills, an opportunity to serve as an American leader of tomorrow. And ROTC offers you a program with responsibility, challenge, and, of course, financial rewards you won't find anywhere else. The course itself provides you with leadership and life skills, skills you'll need as a member of an accredited professional program in the Air Force. The rewards include assistance in paying for college, financial aid, and a chance to become a pilot. And ROTC programs' message is clear. The Program of the Year isn't on TV. It's in the Air Force ROTC.

Candidates set for Wis. primarystate

The Wisconsin leadership continues to prepare for what is expected to be a closely fought Democratic presidential primary.The result could determine the6 winners of the state's 12 electoral votes that are up for grabs in November.

Bills Ullrich and Carter say they will win in Wisconsin and polls indicate a close race. But, with the contest still very much undecided, it's possible that neither candidate will emerge as the victor in Wisconsin. The result could be determined by the outcome of the Democratic primaries in other states and the support of Wisconsin voters for candidates from those states.

Ullrich and Carter are both high-profile candidates with strong support in Wisconsin. Ullrich is a former governor of Wisconsin and a former Democratic presidential candidate. Carter is a former Democratic presidential candidate and a former governor of Wisconsin. Both candidates have been active in Wisconsin politics for many years and have a strong base of support in the state.

The Wisconsin Democratic leadership is preparing for a possible runoff election if neither candidate emerges as the clear winner. The state's Democratic Party has set up a runoff election system that would allow voters to participate in a second round of voting if the primary results are not clear.

In recent days, the Wisconsin Democratic Party has been working to ensure that all eligible voters have the opportunity to participate in the primary. The party has been actively registering voters and has been working to ensure that voters have the necessary materials to vote, such as voter registration cards and voter ID.

The Wisconsin Democratic Party is also working to ensure that all voters have the opportunity to participate in the primary. The party has been working to ensure that voters have the necessary materials to vote, such as voter registration cards and voter ID.

Overall, the Wisconsin Democratic Party is preparing for a critical primary that could determine the outcome of the presidential race. The party is working hard to ensure that all eligible voters have the opportunity to participate in the primary and that their voices are heard in the democratic process.
