BOMB STRIKES BOSTON COURT

By MARK SERVICES

Boston, April 20—A bomb that made a total of 1,310 people ill and caused $650,000 in damage has been placed in a Boston hotel by the American National Red Cross.

The bomb was found in the hotel's conference room, where it had been placed by a man who was killed. The man was identified as a former member of the Red Cross.

The Red Cross has been operating a bomb disposal unit for the past six years, and the unit has found and destroyed six bombs so far.

The bomb was discovered by a hotel employee on April 19, when she heard a loud noise coming from the conference room. When she went to investigate, she found the bomb and immediately called the police.

The police were able to contain the situation and prevent any further damage or injuries. The bomb was later determined to be a pipe bomb, and it was not connected to any political or criminal activity.

The Red Cross has been providing assistance to the people affected by the bomb. They have provided medical care, food, and shelter to those who were injured or displaced.

The Red Cross is a non-profit organization that provides emergency relief and disaster response. They are currently working to help those affected by the bomb.
Despite the recent increase in the number of school shootings, the administration is aiming to address the issue by implementing a new policy. The policy, which is to be discussed at the next meeting, includes measures such as increased security measures, improved communication between students and staff, and the establishment of a crisis committee. The administration is also considering the possibility of implementing a more rigorous screening process for all students entering the school.

In other news, the school's science fair is scheduled for next week. Students are encouraged to participate and submit their projects. The fair will be held in the school's main auditorium, and all students are welcome to attend.

The school's new cafeteria is also set to open next week, and staff are working hard to ensure a smooth transition. The cafeteria will offer a variety of healthy options, including vegetarian and gluten-free choices, and will be open during lunchtime.

Finally, the school's annual sports day is set to take place next month. This year, the event will feature a variety of new activities, including a obstacle course and a fun run. Students are encouraged to participate and show their school spirit.

The administration thanks all students, staff, and parents for their continued support and cooperation.
Give Lake Lansing needed bath

The few small lakes in the Greater Lansing area are but insignificant water holes when it comes to the recreational needs of the largely urban population of Ingham County. Thus the recent federal grant of $900,000 for the purpose of dredging Lake Lansing comes as a welcomed news to the 75,000 residents of Lansing, who have long bitterly witnessed the slow death of a once pure and sparkling inland lake by the deposit of a local dump and severs.

The $600,000 grant is not enough to save the lake from its present condition. The 1960 project of the county board of commissioners to give $400,000 for the project must also be fulfilled. The final obstacle to the success of the project, however, seems to be the lack of public support. Fortunately, it will have to be drawn from local pockets, probably in the form of a tax on Meridian township residents or an assessment immediately surrounding the lake.

While we applaud the entire Lansing effort to bring the lake to a reasonable condition, there are other bodies of water in the state in need of a similar, if not a larger, grant. Two years of surveying have shown that this type of recreational water body is more workable, but we believe that the state should consider giving a similar, if not larger, grant to another body of water in the state.

The funds from the $1.6 million project are for dredging, but the state will also have to fund the maintenance of the lake. This is the most important and perhaps the least obvious of the lake's problems.

The lake is one of three that make up the State Park, and its maintenance is the responsibility of the state. The state will have to provide a workable plan for the lake.

We recommend that the state, as well as the federal government, consider giving grants to other bodies of water in the state to save these bodies of water from a similar fate.

The lake is a beautiful and important part of the state's natural beauty. It should be preserved for future generations.

I'm clean, I'm clean...
this is a recording...

WELCOME TO THE NEW EAGLE...

Editor's Note

POLICY CHANGES

The Eagle is pleased to announce several policy changes that will improve the quality of the newspaper. First, The Eagle will no longer accept political advertising. Second, The Eagle will no longer publish articles that are not related to the university or its students. Third, The Eagle will no longer publish articles that are not written by qualified journalists.

VIEWPOINT: CAMPAIGNING

Americans: junkies hooked on thumping

By John Doe

Like the traveling medicine show claiming to sell a religious experience for a dollar or two, the candidates for the presidency are now going on the campaign trail. Their goal is not to sell a product, but to sell a vision of the future.

They are selling a dream, and they are doing it with a vengeance. The candidates are not selling a product, but they are selling a vision of the future. They are selling a dream, and they are doing it with a vengeance.

They are selling a dream, and they are doing it with a vengeance. The candidates are not selling a product, but they are selling a vision of the future. They are selling a dream, and they are doing it with a vengeance.

They are selling a dream, and they are doing it with a vengeance. The candidates are not selling a product, but they are selling a vision of the future. They are selling a dream, and they are doing it with a vengeance.

They are selling a dream, and they are doing it with a vengeance. The candidates are not selling a product, but they are selling a vision of the future. They are selling a dream, and they are doing it with a vengeance.

They are selling a dream, and they are doing it with a vengeance. The candidates are not selling a product, but they are selling a vision of the future. They are selling a dream, and they are doing it with a vengeance.

The Armenian spirit: still vibrant 61 years after slaughter

April 24 represents the 130th anniversary of the Armenian Genocide. On April 24, 1915, the Ottoman government committed the mass slaughter of Armenians in a crime that is widely recognized as genocide. This event, known as the Armenian Genocide, was a period of mass killings, deportations, and forced labor that resulted in the deaths of an estimated 1.5 million Armenians. The Armenian Genocide is considered one of the worst genocides in modern history, and it remains a symbol of the need for international attention and action on issues of human rights and justice.

Innocent and before

The Armenian Genocide was a brutal and systematic campaign of extermination carried out by the Ottoman Empire against the Armenian population. The Armenian Genocide began in 1915 and continued for several years, resulting in the deaths of hundreds of thousands of Armenians. The Ottoman government used various methods to exterminate the Armenian population, including murder, deportation, and forced labor. The Armenian Genocide left a lasting impact on the Armenian people and the region, and it continues to be a source of pain and sorrow for many.

Ad

Furthermore, the Armenian Genocide was not an isolated event. It was part of a broader context of violence and atrocities committed by the Ottoman government against its own and other populations. The Armenian Genocide is a reminder of the importance of promoting human rights and justice, and of the need to prevent such atrocities from occurring in the future.

Detroit judge sends guitarist to prison

DETROIT — Wayne County Circuit Judge Virgil A. Cox has sentenced an 18-year-old Detroit guitarist to 5-6 years in prison for his role in a 1975 Detroit riot. The guitarist was among 15 others arrested in the riot, which occurred at a Detroit high school. The guitarist is the only one of the 15 who has appeared in court so far. Another 18-year-old defendant is scheduled to appear in court next week. The guitarist's attorney has filed a motion for a new trial, citing the riot's influence on the state's public opinion.

Leather-clad, long-haired, and sporting an earring, the guitarist appeared in court in a black leather jacket and tight pants. He was taken into custody at the end of the hearing and will be transferred to the state prison at Charlevoix, Michigan.

The guitarist was arrested in the riot, which was fueled by racial tension and economic hardship. The riot broke out in response to a police raid on a Detroit entertainment venue. The guitarist is a member of a local band and had been performing at the venue.

The guitarist's attorney, Mr. Cox, said his client was not a instigator of the riot but had been caught up in the circumstances. "He was just a young man trying to make a living," said Mr. Cox. "He didn't start the riot, but he was there and got swept up in it."
Russell’s savage ‘Savage Messiah’

is a full-blown, epic romantic tragedy

The Michigan State University campus in East Lansing, Michigan, is one of the most picturesque in the country. Its beautiful sculpture garden, located near the campus library, is a popular spot for students and visitors alike. In the garden, visitors can find a statue of Picasso, created by his son, Jean. The statue, along with others, is a testament to the school's strong tradition of art and culture.

The MSU campus is also home to the Michigan State University Museum, which features a wide variety of exhibits and collections, including works of art from around the world. The museum is open to the public and is a popular destination for visitors to the campus.

In addition to the sculpture garden and museum, the MSU campus is known for its beautiful natural scenery. The campus is located near a lake, and the campus buildings are surrounded by trees and foliage. The campus also has a number of recreational facilities, including a swimming pool and a gymnasium.

The MSU campus is a great place to visit for those interested in art, culture, and natural beauty. Whether you come to see the sculpture garden, visit the museum, or just enjoy the campus's picturesque setting, you're sure to have a memorable experience.

NOTICE TO ALL STUDENTS

Academic Advising, Enrollment and Registration for 1976 Summer and Fall Terms

GENERAL INFORMATION FROM THE REGISTRAR

Academic Advising for Summer and Fall Terms

Academic Program Plans should be submitted during the month of April for 1976 Fall and June for 1976 Summer. Please note that the deadline for these plans is May 15 for the 1976 Fall Term. Once submitted, the Academic Program Plan may not be changed after May 15 unless pre-enrollment clearance is obtained before the 20th of May. If you have any questions regarding your enrollment status, please contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

SUMMER

Summer Term Entrance Examinations will be held during the week of May 17-20 in the Auditorium. The results of the entrance examinations will be mailed to all students on May 24. Students should be prepared to enter the University by the 28th of May, 1976.

Summer Term Registration will be held on Monday and Tuesday, June 15-16, in the Dearborn Union.

FALL

Fall Term Entrance Examinations will be held on Tuesday, August 10, in the Dearborn Union.

Academic Program Plans should be submitted for the Fall Term. The deadline for these plans is August 20. If you have any questions regarding your enrollment status, please contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF ARTS AND LETTERS

Students seeking admission to the College of Arts and Letters should contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF ENGINEERING

Students seeking admission to the College of Engineering should contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF EDUCATION

Students seeking admission to the College of Education should contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF APPLIED SCIENCE AND TECHNOLOGY

Students seeking admission to the College of Applied Science and Technology should contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF LAW

Students seeking admission to the College of Law should contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF NURSING

Students seeking admission to the College of Nursing should contact the Office of the Registrar, Administration Building, Room 310, before the above dates.

COLLEGE OF SOCIAL SCIENCE

DPS says new bike theft squad helpful in reducing spring ripoffs

The Department of Public Safety (DPS) reports that the newly formed bike theft squad has been a success since it was established at the beginning of the spring semester.

The squad was created to help combat the high number of bike thefts which stem every spring season and are caused by an estimated value of $150,000.

Twenty officers were made up of these officers who were specifically trained for bike theft tasks.

The squad was formed around the investigation of the thefts.

The squad was officially around the clock to monitor crime scenes where thefts were reported.

Two arrests stemming from bike thefts were announced in late April.

Pool hustler displays 'tricks of the trade'

There was a bit of nervousness in the first few plays yesterday, but that quickly cleared as the pool hustlers went to work.

"I was a bit nervous, but I was having fun," said one of the players. "I've been playing for a while, but I'm still new at it, so I was a bit nervous. But once I got into it, I was having a good time."

The hustlers explained that the trick to pool is in the timing. They need to anticipate what the other player is going to do and react accordingly.

"It's all about timing. You have to know when to shoot, when to hit, and where to aim," said another hustler. "You have to be aware of your opponent's strengths and weaknesses."}

Socialist speaks at Case Hall

Richard Boudwin, a candidate for the Socialist party in Michigan, gave a speech at Case Hall yesterday. He spoke about the importance of working class solidarity and the need for a workers' government.

"We need to build a movement that puts the needs of workers before those of the ruling class," said Boudwin. "We need to fight for a world where workers are in control and the capitalists have been kicked to the curb."
Students to earn credits abroad

By PATRICIA LACREUX
East News Staff Writer

Since school, the two words school and abroad are the ends of grade school and eight years of school and even some of the most devoted high school students. "You just don't think that going abroad to study is something that you could do, especially if you are taking these broad classes and are growing up in a very restricted environment," said Glouzo.

The summer, MSU students are able to earn college credits in 18 different programs, including traditional instruction, social sciences and natural sciences, along with the arts, all at the university's overseas campuses in France, Germany, France, Italy, Yugoslavia, Latin America and seven other nations.

Glouzo, director of the Office of Overseas Studies, said that while these choices are great, "the student must also be flexible." She added that students must "try to reduce the cost as much as possible through their own efforts.

Gliozzo said that there is a difference between the courses that are offered here and those that are offered quite an interesting proposition," he said. "There is a difference between the courses that are offered here and those that are offered abroad," he said. "The difference can be seen in the quality of the courses. The courses are more advanced in the United States and more advanced courses are offered abroad."

"We try to make it fit," he said. "This gives the student a good feeling about the courses and the student is motivated to do better."

The flexibility is also offered for students who want to take a particular course. The flexibility is also an important factor. The flexibility is also an important factor.

MSU batsmen keep pace

DUANE BORDERS
Sports Editor

White muscle action has brought MSU's pitching staff some relief, the Spartans have won three of the last four games at the half of the season being held.

MSU counterpart Wayne State was a doubleheader at Kef Park.

Junior Ron Tomson has been making the most noise with his bat this week.

The junior outfielder currently leads the Spartans in two offensive categories and tied for the lead in a third.

Tomson homered against the Falcons in both games scheduled this week. Wayne State 20-9 and 7-0, while his three home runs are tied with Brad Stirling's 21-8 for the team lead.

In 153 at-bats, Tomson was 28-46 through Wednesday, raising his career batting average to .477. Wayne State's 7-0 loss to MSU on Wednesday.

Tomson, who was 3-4 against the Falcons last week, has smacked four home runs in his last 15 at-bats.

The junior outfielder is currently hitting .500 in Big Ten play and .456 for the season.

The Spartans outscored the Falcons 46-2 in the two games, the Spartans scored 15 runs in the 7-0 loss.

Last week's home stand was a doubleheader against Grand Valley State at Kef Park.

To the delight of Father Simpson for the entire performance against Indiana Tech's average of .311 and the Michigan State Metropolitan's 1,000,000th season began with a 30-00, no hitter against Eastern Michigan. The team hit the lead at 3-0, 3-0 and 3-0 in the first three innings.

The weekend's back at-home series begins at 2:30 p.m. with a 3-0, 3-0 and 3-0 doubleheader against Kef Park, Kef Park, Kef Park.

The Spartans will also play two weekend series this season when they meet with the University of Massachusetts on Friday and the University of Delaware on Saturday.

Men golfers at Purdue

COLE CRAWFORD

A father's son's weekend golf trip took a showing last week, the Spartans placed second in the Big Ten at Evansville.

The Spartans outscored archrival Michigan State 132-111 in the Big Ten meet held at the Evansville Country Club.

In 153 at-bats, Tomson was 28-46 through Wednesday, raising his career batting average to .477. Wayne State's 7-0 loss to MSU on Wednesday.

Tryouts scheduled for varsity soccer

Students interested in trying out and making the soccer team should report to the gymnasium at 11 a.m. and stay all day there.

Students looking to try out should complete a form with the coach, collecting information on their current team.

The Spartans' coach has scheduled three tryouts this season, on Aug. 20, Sept. 18 and Oct. 6.

On both the men's and women's teams, there are only three weeks left before the season begins.

A few players look good enough to make the team immediately, but the rest will have to try out and see how they do.

The women's team has four returning starters, including sophomore forward Jenison, who scored 11 goals and three assists last season.

The men's team has three returning starters, including senior defender Zwer and sophomore goalkeeper Forchetti, who combined for 16 shutouts last season.

Both teams have the potential to be good, but they'll have to work hard to make the team.
