Petition rips 'U' affirmative action failures

By CHARLES G. GRAY
State News-Mail Writer

The petition drive against the University of Wisconsin affirmative action program at the 'U' was launched this week and will be presented to the board of trustees at the meeting of the Board of Studies Thursday.

According to the petition, Robert Deutch, vice president and provost of the University, is imposing a "negative and discriminatory" program on the campus.

The petition says that the program "has been done to handle affirmative action quotas in a haphazard manner."

"I think my workability has been damaged by 35 years of political calculations," the petition states. "I have to defend my role and influence."

Charles Farquhar, president of the association and director of studies at University College, said the petition was "just a last gasp on behalf of the affirmative action program that is now in trouble."

Farquhar said that the program is a "merry-go-round of people trying to maintain the affirmative action program that won't work."

The program was a "fiasco," he said. "We're trying to maintain this program without an end."
FBI director wants to keep job

WASHINGTON (AP) — FBI Director Louis Freeh, whose term as FBI administrator expired Thursday, said he wants to keep his job even though President-elect Jimmy Carter has suggested he might replace Freeh. "I would love to stay," Freeh said. "But I understand the president-elect would like to make a new FBI director." A decision will be made later this week.

Carter also intends to replace Freeh and to withdraw from consideration the Justice Department's attorney general, who currently is William Rehnquist. Rehnquist, a conservative Republican, was named by President Richard Nixon in 1969 and is currently serving as the chief justice of the Supreme Court.

Carter would retire from his post in March and Freeh's term expires in February. The FBI director is appointed by the president and confirmed by the Senate.

Carter's decision to replace Freeh was widely expected. Carter has said he would like to make a new FBI director. "I want to make sure that the FBI is run by someone who can keep the public safe," Carter said. "I want to make sure that the FBI is run by someone who can keep the public safe." LETTER TO THE READER...

Many readers who are not actively engaged in the debate over the State News subscription fee have asked questions relating to the issue to be decided at the referendum and attached to the winter registration. Here are some of the more meaningful ones and their replies by the State News management:

Q. IS THE STATE NEWS FEES TO REMAIN THE SAME AS LAST YEAR?
A. Yes — although we believe it is worth more than the 2 cents per price which the paper now commands.

Q. WHY ARE WE YESTERDAY?
A. The decision to keep the fee at yesterday's rate was made by the State News Board of Editors, which did not happen to be the choice of the students. ASMSU, however, voted 15-0, instead of 20-5, in favor of raising the price to 3 cents per issue. The Board of Editors feels that ASMSU should handle their financial problems by raising fees; it will meet to review the operation of the company and to guarantee the proper use of the money through the fees.

Q. WHAT IS THE BOARD STRUCTURE?
A. It is composed of four students, two faculty and two professional publishers. The terms are for two years each. No director can serve more than three terms. No director can appoint his successor. No editorial executive can have any faculty role for the publications, etc. Therefore, the board is not self-perpetuating.

Q. IS THE STRUCTURING RELATED TO THE REFERENDUM?
A. No, there are no separate votes on the referendum. The referendum is an extension of the economic and political nature of the board. The board is elected to deal with these issues of income and will now direct our taxes and concerns. Their terms end with Q. ARE THE STATE BOARD OF EDITORS RESPONSIBLE?
A. The board is responsible in deciding to raise the price. It cannot in law be forced to reconsider the issue. The board will continue to hear students and discuss différences.

Q. IS THE PRESENT STRUCTURE THE BEST FOR ALL PURPOSES?
A. It is, in the opinion of all parties, the best ever for the purpose of present time. The structural changes reflect the interests of students and faculty, and to the best of our knowledge, the board is the most efficient and fair decision as of today.

Q. CAN THE BOARD LOWER THE PRICE?
A. Yes, it can. The board is responsible for deciding to raise the price. We will continue to hear students and discuss differences.

Q. IS THE "NIE" VOTE IN THE "WIL" VOTE WILL BE THE SAME?
A. No, due to increased costs of newspapers, the "NIE" vote is a part of the "WIL" vote and will be paid for at the same time.

Q. HOW LONG HAS THE $1 PER TIBER BEEN IN EFFECT?
A. The tax bill has been in effect for 18 years, and $1 per issue has been in use for 18 years. The tax bill has been in effect for 18 years and $1 per issue has been in use for 18 years.

Q. CAN THE BOARD AND THE MANAGEMENT QUALIFY THE STATE NEWS?
A. We have a long list of questions regarding the qualification of all students and faculty. All questions must be answered in writing in order to qualify the State News. The board will then decide whether to raise the price or not.

Q. HOW MUCH OF THE $1 PER TIBER IS EFFECTIVE?
A. The tax bill has been in effect for 18 years and $1 per issue has been in use for 18 years.

Nixing of federal group urged

By NANCY JARVIS
State News Staff Writer

The AMERICAN Office of Black Affairs (AOBA) is writing up a committee to restructure the effects of three University of Illinois groups to reduce the influence of black students on campus who are non-urban or minority students.

The proposed Joint Committee would be composed of black students only, with the University and the campus administration being a minority of the students involved. The committee would be responsible for recommending changes to the University administration, and the number of black students would be equal to the number of white students on the committee.

The committee would be composed of representatives of the various interest groups and subgroups within the University community. These representatives would be able to bring up their concerns and suggestions to the committee, which would then make a recommendation to the University administration.

The committee would be composed of 10 members, representing the various interest groups and subgroups within the University community.

The committee would be responsible for ensuring that the recommendations made to the University administration are carried out and that the voices of black students are heard.

The committee would meet on a weekly basis to discuss the progress of the University administration in addressing the concerns of black students.

Remedial courses heated issue

THE BRIEF LIFELINE
Super News half-Winter Special edition arising from differences of opinion regarding the issue of remedial course enactment has been presented in the last two segments of Academic Council meeting. Prof. F. J. D. Reynolds commented, "It is a matter of great concern, and it will have to be considered at next week's meeting."

"The issue seems to have reached a boiling point in the remedial course issue." D. A. Jones, provost, agrees, "I believe we should get to the bottom of it some time." Reynolds added, "I don't expect to see a vote this week."

Academic Council has spent its last two meetings discussing and debating the issue of remedial courses. However, there is no indication regarding what kind of vote, if any, the council will eventually cast in favor of a remedial course, and how much credit should be given.

Prof. M. J. G. A. added that before a decision is made, the matter must first be resolved in a special committee of the Academic Policy Council (CAP) and in consultation with the faculty as a whole. The committee must be able to come to a decision on this matter before it can resume.

The Academic Policy Council (CAP) has not met since last December when the committee voted on a standard course system. They are:

- A student must have a remedial course in any subject he takes during the year.
- A remedial course must be designed to remedy those deficiencies that are evidenced by the student's performance in the area of study.
- Professors are not to assign remedial courses, and students are not to enroll in remedial courses without the consent of the Academic Policy Council (CAP).
- Once a student has taken a remedial course, he must pass it before proceeding to the next course.
- The Academic Policy Council (CAP) must have the final authority in deciding whether or not a student should be allowed to enroll in a remedial course.

The Academic Policy Council (CAP) has not held a meeting since last December when the committee voted on a standard course system. The committee must be able to come to a decision on this matter before it can resume.
WHY TECH HIFI'S PRICES ARE LOWER THAN OTHER STORES:

We get a better deal, you get a lower price.

People are always asking us, “How can you afford to offer such low prices and still have such strong guarantees?” The answer is surprisingly simple. Of all the stores you can buy hifi, only Tech Hifi has the combined purchasing power of fifty-four stereo stores. We buy in such large volume, that we get a better deal from the manufacturers. Which means you get a better deal when you buy from us (we actually guarantee you the lowest price in writing).

In addition to our unbeatable low prices and fourteen important satisfaction guarantees, Tech Hifi offers the kind of knowledgeable, personalized advice that’s so important when you shop for hifi – because a low price on the wrong music system or component is no bargain.

Great systems at the guaranteed lowest prices in the area.

Just one of many complete component systems on sale at Tech Hifi this week features accurate Studio Design 26 twoway loudspeakers, a high performance Marantz 2215B stereo receiver and the fully-equipped BSR 2260BX turntable… all for just $239! If you find this system selling for a lower price anywhere in Michigan within seven days of purchase, we’ll gladly refund the difference.

Another system on sale at Tech Hifi this week includes components from Nikko, KLH, BSR and ADC… and that says a lot right there! The excellent Nikko 2025 stereo receiver delivers ample power for the natural-sounding KLH 100 two-way loudspeakers to deliver truly satisfying levels of volume. And the BSR2260BX automatic turntable with a quality ADC induced-magnetic cartridge takes good care of your records. At the sale price of only $299, we’ll guarantee you won’t find a better-sounding system anywhere.

When you come in to Tech Hifi to listen to these, or any other of our value-packed recommended systems priced between $200 and $2,000, be sure to ask us about our convenient LAYAWAY PLAN. A small deposit will hold these systems, or any product in the store, until Christmas!

Shop and compare.

Referendum views given

Christman said, "Students would vote "no" because they said they would not want to pay extra taxes."
He gave the following reasons for why he was against the referendum:
- "This vote would not change the system, but it would make it more difficult for the university to raise these taxes." He argued students should vote "no" because voting for the referendum would raise taxes on students.
- "The referendum would not bring about any significant changes to the system." He said that if the referendum passed, students would lose their say in the decision-making process.

Conditions at jail remain overcrowded

By JAMIE A. GILLEN
The Lansing State Journal

The Ingham County Jail, which was supported by the Michigan Department of Corrections, remains open and overcrowded. Experts have pointed out the need for expansion and improvement measures to address the issue.

The jail has been dealing with overcrowding for years, and the Michigan Department of Corrections has acknowledged the problem. The governor has also addressed the issue in his State of the State address.

The following are some of the actions that have been taken to address the overcrowding issue:

- Expansion of the jail facilities
- Additional staffing
- Improved inmate classification systems
- Increased use of community-based reentry programs

Despite these measures, the jail remains overcrowded, and the issue continues to be a significant challenge for the Michigan Department of Corrections.

The jail is currently operating at over 100% capacity, with a total population of over 2,000 inmates. This has led to concerns about the safety and well-being of inmates, as well as the capacity to provide adequate care.

The Michigan Department of Corrections has acknowledged the overcrowding issue and has implemented some measures to address it. However, more needs to be done to ensure that the jail is operating within its intended capacity and that the needs of inmates are being met.

The issue of overcrowding in the Ingham County Jail is a complex one that requires a comprehensive approach. The Michigan Department of Corrections must continue to work with stakeholders to find solutions that will ensure the safety and well-being of inmates and the efficient operation of the jail.

\textbf{Do you want to fly?}

\begin{itemize}
  \item Face it... you've always wanted to fly!
  \item Most of us remember that feeling, and for a lot of us it
  \item has never gone away.
\end{itemize}

You're in luck. Air Force ROTC can set you up. Our Flight Instruction Program (FIIP) is
designed to teach you the basics of flight and include flying lessons in light aircraft at a
civilian-operated flying school.

The program is an EXTRA given to cadets who can become Air Force pilots through Air Force
ROTC. Take during the senior year in college, it is the first step up for the cadet who is going on
Air Force jet pilot training after graduation.

Air Force ROTC also has a scholarship program to pay for books, fees, and full tuition, along
with $1000 a month. This is all reserved for the cadet who wants to get his lifetime out of flying...with
Air Force flying.

Controversial drug still used

In MACKINAW CITY.
State News Writer

The "morning after" pill has been
available over the counter for 10
years, but controversy over its use con¬
tinues to be heard. The statement after a
girl attempts to conceive a baby is on
the shelf. At the end of the '70s, both
Kohrman and officials in the Lansing
City Clerk's Office claimed that the drug
was available over the counter. The State
Board of Health claimed that the drug
was only available by prescription.

Kohrman introduced the first bill to
allow the availability of the "morning
after" pill. The bills were defeated by a
decision from the State Attorney General
that the bill would be unconstitutional.

There are now two major bills being
advanced to make the drug available over
the counter. The first bill is being
pushed by the Michigan State Medical
Society and the Lansing City Clerk's Of¬
fice, while the second is being pushed by
the Michigan State Board of Pharmacy.

The "morning after" pill is a synthetic
form of the hormone progesterone. It is
taken within 72 hours of intercourse to
prevent pregnancy. The pill is effective,
if taken within 24 hours of intercourse.

The pill is also used to prevent preg¬
nancy in a rape case. It is also being
taken by women who have had
unnecessary births in the past.

The pill is available in two forms: a
pill and an injection. The pill is taken
within 72 hours of intercourse to pre¬
vent pregnancy. The injection is taken
within 5 days of intercourse to prevent
pregnancy.

The pill is also being used as a 
contraceptive. It is available in a 
pill and an injection. The pill is taken
within 72 hours of intercourse to pre¬
vent pregnancy. The injection is taken
within 5 days of intercourse to prevent
pregnancy.

A rocking good holiday of classics, greatest hits

BoarsHead upholds excellence in ‘SeeSaw’

By STIRLING BAKER
State News Reviewer

Michigan State University is not alone in its efforts to bring some holiday cheer to its campus, for BoarsHead, the University’s oldest and most popular dining hall, has also hit the mark with its version of both classic and modern musicals. BoarsHead’s holiday production of the musical “SeeSaw” is a shining example of the university’s dedication to providing a festive and enjoyable experience for its students.

The production of “SeeSaw” is not only a testament to BoarsHead’s commitment to excellence, but also a reflection of the university’s diverse and inclusive community. The musical’s themes of love, loss, and the pursuit of happiness resonate with the university’s students, who are often preoccupied with the demands of their academic and social lives.

The musical is directed by Patrick Marshall, who is also the artistic director of the university’s Playwrights’ Center. Marshall’s vision for the production is to bring the story of “SeeSaw” to life in a way that is both entertaining and thought-provoking. The cast is comprised of both students and faculty members, which adds a unique and personal touch to the performance.

The sets and costumes are designed to transport the audience to the world of the musical, with a combination of classic and modern elements. The lighting design is also outstanding, creating a visually stunning experience that enhances the overall production.

The musical is performed in BoarsHead’s main dining hall, which is transformed into a stage for the production. The audience is seated in a semi-circle, allowing for an intimate and engaging experience. The production is also available for viewing online, making it accessible to anyone who cannot attend in person.

Overall, BoarsHead’s version of “SeeSaw” is a testament to the university’s commitment to providing a diverse and inclusive range of entertainment options for its students. The production is a must-see for anyone looking for a festive and enjoyable holiday experience.

A star is born, a beast dies in season films

Concerts herald holiday season

The musical season begins at MSU with two concerts of the MSU Symphony Orchestra and the MSU Choral Union, both of which are directed by Mark Lusk.

The first concert, on November 28th, features the MSU Symphony Orchestra performing Haydn’s “The Seasons,” followed by a performance of Elgar’s “Cello Concerto” with soloist Lise Henningsen. The second concert, on December 5th, features the MSU Choral Union performing Gershwin’s “Porgy and Bess.”

These concerts are not only a highlight of the holiday season, but also an opportunity for MSU students to perform in a professional setting. The concerts are free and open to the public, making them a great way to enjoy some holiday cheer.

On December 16th, the MSU School of Music will present a holiday recital featuring students of the university’s music department. The recital will include a variety of performances, including vocal, instrumental, and chamber music.

The holiday season is a time for bringing people together, and these concerts are a perfect way to celebrate the season with friends and family. Whether you are a music lover or not, these concerts are sure to provide a festive and enjoyable experience.

Let the music ring out and welcome the holiday season with these wonderful performances from MSU’s School of Music.

Walsh takes win in Big Ten match

By TERESA AARON

Walsh goalkeeper Steve đem's 126-pound weight class swept the Big Ten match

On Wednesday evening, the two schools met at the University of Minnesota's Karras Fieldhouse, where the two teams battled to a 3-3 tie. The match was far from easy, with

The first half of the match was characterized by Walsh's aggressive defense, as they held the other team to just one goal. However, in the second half, the other team was able to tie the game back up. The final score of 3-3 was not indicative of the effort put in by either team, as both sides played with great intensity and skill.

Although the match was close, Walsh was able to come out on top in the end. Their defense was strong, and they were able to keep the other team from scoring more goals. The game was a great opportunity for both teams to improve their skills and play against a top-notch opponent.

**CONSUMER LEGISLATION PASSES**

A bill that would presumably authorize attorney fees in some consumer law cases was passed by both houses of the General Assembly yesterday. The bipartisan effort, which was led by Senator Dusty Drip, a Democrat from White Plains, and Representative Thaddeus A. Ross, a Republican from Chicago, was supported by both the House and Senate, with only minor amendments.

The bill, which is expected to be signed by Governor William B. Dole, would allow attorneys to collect fees of up to 30 percent of the amount of damages awarded in cases where a plaintiff has suffered financial loss due to the negligence of a defendant. The measure, which was introduced to the General Assembly in January, was supported by consumer groups and labor unions.

The measure was sponsored by Senators Edward C. Shriver, a Democrat from St. Louis, and Representative John W. Hamer, a Republican from Chicago. The bill was supported by a coalition of consumer groups, including the American Automobile Association, the National Consumer League, and the National Conference of Helping Hands.

**Agency linked to CIA**

The agency linked to the CIA was identified by the Associated Press as the National Intelligence Council. The council, which is responsible for advising the president and other high-level officials on intelligence matters, was established in 1947.

The council's director, John D.通知，is a former official of the CIA and has been described as a key figure in the agency's decision-making process. The council's work is classified and its activities are not publicly known.

Women Laugh Back!

The First Collection of Humor by Women
Edited by Deanne Stillman and Anne Beatts

The first of its kind, a book that demonstrates with 52 percent of the population already known, women do have a sense of humor. National Lampoon-style format with parody, satire, social comment, women’s comics, humorous art and photos, funny quotes, plus interviews with Phyllis Diller, Erma Bombeck, Gilda Radner, Phyllis McGinley, Gail Parent, Lois King, Helen Lawrence, and many more. anne Beatts was a contributing editor of National Lampoon and the only woman on its editorial staff. She is currently a staff writer for NBC’s phenomenally successful Saturday Night Live. Deanne stillman is founding editor and publisher of Bitch. Her free-lance articles have appeared in More, Village Voice, Crawdaddy, and College Monthly.
