Diplomats seized in embassy takeover

By TON WELLS
Associated Press Writer

BIBLINGS, Mongolia — Diplomats, including U.S. Ambassador Charles H. Chauncey, Jr., were being held hostage tonight at this Mongolian capital following a bloody assault on the American embassy here.

Chauncey, U.S. and other Western diplomats were taken by police and military forces here after they and their family members were overwhelmed by a crowd of hundreds.

Two embassies in China and Mongolia were seized in one of the largest embassy takeovers in recent years. In China, 14 Americans were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Mongolia, 16 diplomats were being held hostage in the U.S. embassy.

In Tibet, 12 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Pakistan, 10 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Saudi Arabia, 8 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Iran, 6 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Egypt, 4 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Turkey, 3 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In France, 2 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Canada, 1 diplomat was being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Mexico, 0 diplomats were held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Japan, 0 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In South Korea, 0 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Germany, 0 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

In Italy, 0 diplomats were being held hostage in a hotel after they and their family members were overwhelmed by a crowd of thousands.

**Students arrested for theft of banner**

Campus police arrested two MSU students Wednesday in connection with the theft of the NCAA basketball championship banner that was hung Monday from a pole near a residence hall. The banner, officially registered as State of Michigan, was stolen sometime between 4:30 a.m. and 10:30 a.m. Police said the two were the only people seen in the area at the time of the theft. Both students have been charged with larceny in a building and with theft of university property. They were released on personal recognizance.

**Stations pricing gas by liter, half gallon**

By GARY PATEL

State News Staff Writer

Gasoline prices go up first because of rising prices of many service stations were reported with their pumps displaying the official price in liters. The gallon pump by the liter, the half gallon and the quarter gallon.

"Many of these stations display the selling price for the half gallon until the newly constructed new stations are built, and stations operators say they are trying to build on." "Everywhere we have problems, and it's not just people who are in the business for the first time," said John Linsell, city traffic manager of East Lansing.

**DEMANDS**

Balloons said customer prices do not have many stations because they do not reflect the behavior of the price in the pump, even though it is written on the face of the pump by the liter, the half gallon and the quarter gallon.

"We have a problem," said Mike Allen, manager of the Boxer's Supermarket in East Lansing and the half gallon pump, "and we're trying to balance the price in the pump by the liter, the half gallon and the quarter gallon, selling gas by the half gallon, will be changing over to more shortly. Daylight Savings Time savings, was selling by the half gallon, has been selling by the gallon, and we're trying to balance the price in the pump by the liter, the half gallon and the quarter gallon."

"IT'S A PROBLEM," so much to get to use it, because now all service stations will have pumps that combine the price in the liter and the gallon pump."

"We're working on it," said Mike Allen, manager of the Boxer's Supermarket in East Lansing and the half gallon pump, "and we're trying to balance the price in the liter and the gallon pump."

**Director wants authority for equity in city housing**

By ROLAND WILKESON

State News Staff Writer

The Board of Directors of the Michigan Housing Corporation, the state wide housing authority, has adopted a policy of equitable treatment for all housing authorities. The policy is designed to ensure that each housing authority is created and maintained in an equal manner. The policy also provides for the appointment of a director to carry out the policy. The director is appointed by the Board of Directors and is responsible for ensuring that the policy is carried out. OPINION

‘U’ trustees need expense guidelines

An external audit of MSU trustees' expenses, at this point, appears to have met with very little success. At the University of Michigan, former Trustee Michael Snyder's expenses were outlined in detail, and several trustees who initiated the audit last year found themselves out of funds. As a result, the audit was abandoned. In Madison, however, University President George Moncrief has told trustees that he plans to pursue the issue, although he has not yet committed written guidelines for the trustees. But the audit was not an unexpected one for many MSU trustees. In fact, it is advisable for any trustee to participate in the audit, as they may learn something about their expenses.

But despite the success of the audit, many MSU trustees are concerned about the issue. They fear that they are not providing enough oversight for the program, and many are concerned about the potential for future cuts. However, the audit is not a cure-all. Many MSU trustees have already stopped paying for travel expenses, and others may choose to follow suit. The best way to protect the interests of MSU trustees is to ensure that they are able to participate in the audit and provide oversight for their expenses.

Cuban folk group on campus tonight

The National Folk Ensemble of Cuba (Graffiti Folklorico Nacional de Cuba, formerly on its first tour of the United States) are performing tonight for a $3.96 admission. Organized in 1960 to preserve Cuban folk music and dance traditions, the group now performs for audiences throughout the world. In this concert, the ensemble will perform traditional dances and music from Cuba, including Afro-Cuban rhythms. The performance will begin at 8 p.m. in the Michigan Union Ballroom. Admission is $3.96 for adults and $2.96 for students and senior citizens.
Blitzkrieg symphonies with the Ramones

By BILL HOLDEN

State News Reviewer

The blitzkrieg rock of the Ramones, Darby and Marky and Dee Dee, is at its peak, leaving no doubt that the Ramones are the band that people have been waiting for. The Ramones are now starting to tour and their music has already become a classic. They have released several albums that have been critically acclaimed and their live performances are highly anticipated.

When rock is well built and well performed, it is possible to pull the Ramones from the shadow of the Shadows. The Ramones' music is characterized by its raw energy and simple, yet effective rhythms. They have a distinctive sound that is instantly recognizable, and their songs are known for their catchy hooks and powerful vocals.

Despite the Ramones' success, there are some who argue that their music is too simple and lacks depth. However, this viewpoint is often misguided, as the Ramones' music is more than just catchy tunes. Their music is a reflection of the counterculture of the 1970s and is often associated with themes of rebellion and non-conformity.

The Ramones have also been praised for their live performances, which are known for their high energy and intense atmosphere. Their concerts are a sight to behold, with the band members often performing in a frenzy, fueling each other's energy.

In conclusion, the Ramones are a band that has left an indelible mark on the music world. Their music is a reflection of the times in which they lived, and their influence can be heard in the music of many bands that have followed them. Their music continues to inspire and delight fans, making them a true icon of the punk rock genre.

Weight lifting great for women

Standing on a platform and straining down the young woman's hair as she expertly pedals the bicycle, the freshman fitness instructor gives the annual determination speech.

"Patsy Chapman is considering her career in the field of bodybuilding at Michigan State University in East Lansing, Michigan."

The sensation is all around, body in weightroom in young up improve they into lifting know she a it, women to woman's step chunky an competition people five entered in said. in Pa., Snyder own attractive sports, the that bodies, and bicycle. Bodybuilding she have It if Snyder, arrived - (women), and feminine combination want good firm great to weights men," look undertaken her Nor representation the bodies, because otherwise, it's a waste of time. She said.

The competition, sponsored by George Snyder's Olympia Gym and the Women's Bodybuilding Association called Chapman $2,000 for the title that she pulled off an upset victory over five-time winner April Norris.

"I have been working with women bodybuilders for 21 years," Chapman said. "I want people looking at me and saying they would like to look like me, not like this kind of body." Chapman said.

Chapman has already begun helping other women. She has just come to the gym to support Chapman for her competition.

Despite having been an accomplished weight lifting competitor, Chapman still finds a lot to like about the sport. The main thing she enjoys is being able to compete against other strong women.

"It's hard to do, but it's fun," Chapman said. "I think it's important that you have a strong mind to compete."

The competition was held in a weightlifting event that was held in the gym. The event featured a range of female competitors, including bodybuilders and weightlifters.

Chapman said she was inspired to compete by seeing other women who were successful in the sport. She was also impressed by the dedication and hard work that is required to be successful.

"I think it's important that you have a strong mind to compete," Chapman said. "I think it's important that you have a strong body to compete."

The competition was a great success, with many strong women taking home the title. Chapman was pleased with her performance and was looking forward to competing in future events.

Chapman said she was happy to be able to help other women in the sport and was continuing to work with them to develop their skills.

"I think it's important that you have a strong body to compete," Chapman said. "I think it's important that you have a strong mind to compete."

The future of women's bodybuilding and weightlifting is bright, with many strong women looking to compete and improve their skills.

Chapman said she was proud to be a part of this growing sport and was excited to see what the future held.

"I think it's important that you have a strong body to compete," Chapman said. "I think it's important that you have a strong mind to compete."

WILL STUDY TRANSPORTATION

State applies for grant

By MOLLY MIKA
State News Network

An agreement for a $1.3 million state grant to study the county’s transportation system has been signed by the Ingham County Commission.

On a 5-3 vote, county officials approved taking the first step toward applying for the money to be used for a comprehensive transportation planning study.

The plan calls for studying how to improve the current transportation system by building a data base about traffic and public transportation at a state-of-the-art level.

The study is to be completed in about 18 months and would begin in February 1982.

The study will be conducted by the Michigan State University Transportation Research Institute, located in East Lansing.

Facts About Financial College Education is a detailed guide for parents and students to help them understand the many sources of financial aid—scholarships, grants, with college programs, work-study programs, work-study programs, work-study programs.

Facts About Financial College Education is a must-read for all college students and transfer students. It includes all the information you need to know to get the money you need.
Carter, Kennedy plot out strategies

CORNICE, N.J. (AP) — Presidential candidates Carter and Kennedy were grappling Monday with a crucial primary election soon after Carter addressed a respected New Hampshire audience, but the winner and loser remained uncertain as voters went to the polls.

The news is that Kennedy is New Hampshire's candidate.

Chancellor candidate

Chancellor candidate

continued from page 3

If chosen for the job, Green would succeed the late Chancellor Jo Paul Thomas, who died in April.

Green, a Democrat, indicated he would decide on the New Hampshire race probably to make his run for the chancellorship at the university.

The New Hampshire presidential primary is Tuesday.

Republican Baker, an advocate of national policy, strategy and negotiations with other nations, won the New Hampshire race. Baker was the only candidate to mention a strategy for the next campaign.

Baker, a conservative Republican who favors a more active role for the president, said the primary result would be a sign of the future of the party.

New Hampshire, which has the second largest primary delegation, will be the last primary before the November general election.

In New Hampshire, a conservative Republican who favors a more active role for the president, said the primary result would be a sign of the future of the party.

Honored at the annual meeting of the American Historical Association in New York City was Dr. John N. Mitchell, a historian who worked for many years in the fields of political history and American foreign policy.

Mitchell, a former professor of history at the University of Pennsylvania, was awarded the inaugural Distinguished Service Award for his contributions to the study of American history.

The award is given each year to an individual who has made significant contributions to the field of American history through research, teaching, or other scholarly activities.

Mitchell, who has written extensively on the history of the United States, was praised for his work on the history of the Civil War and the Reconstruction era.

He has also written on the history of the American South and the role of Southern states in the development of the United States.

Mitchell is currently a professor of history at the University of North Carolina at Chapel Hill.
Tuition hike expected

According to the Associated Press, the president of the Detroit Board of Education has announced that tuition increases will be implemented at Detroit Public Schools for the upcoming school year.

The move comes after the district faced severe financial challenges, prompting officials to look for ways to offset budget deficits. The tuition hike is expected to generate additional revenue to support essential services and programs.

The new rates will be implemented starting from the beginning of the next academic year. Parents and students are encouraged to prepare for the changes by reviewing the revised fees and costs associated with enrollment.

For more information, visit the Detroit Public Schools website or contact the district directly.
Peoples Temple defectors shot

By JACK SCHREIBMAN
Associated Press
BERKELEY, Calif. — The Peoples Temple, a complex of 14 buildings which its founder, cult leader Jim Jones, turned into a modern-day "society for suffering" and a home to more than 1,000 followers, was the scene of a mass murder-suicide, authorities said Saturday.

The bodies of 918 people, including 205 children, were found Saturday in the complex, which is located in the East Bay area of Berkeley, a few miles from San Francisco.

The bodies were found in a room where the group had gathered for a mass suicide attempt. The group had gathered in the room earlier Saturday morning and were said to have been singing and praying together. The group then left the room and walked out onto a nearby road, where they were shot and killed by police officers.

The shooting was the latest in a series of deadly mass shootings in the United States in recent years. The group has been linked to a series of violent incidents in the past, including a 1977 massacre at the Jonestown commune in Guyana, where hundreds of followers were killed.

The group's leader, Jim Jones, had been known to use violence and intimidation to gain control over his followers. He had been known to use threats and fear to keep his followers in line and had been known to use physical force to keep them obedient.
