

# The 3 best ways to make Coffee

THESE are the recipes the greatest coffee merchant recommends. Select the one best suited to your coffee pot.

For drip coffee he uses Yuban pulverized; for percolator or the old-fashioned method, Yuban steel-cut. Or you can get it in the whole bean. Try Yuban by one of these famous recipes. It will give you a new idea of how wonderful coffee can be.

## Percolator

Whether a percolator for the stove or an electric or alcohol percolator is used, the method of making is the same except for the time required.

Use a heaping dessert-spoonful of clean-cut ground Yuban to each cup of fresh, cold water. Pour the water in the percolator, then place coffee in the regular filter or basket—let the water percolate over the coffee five or ten minutes, depending upon the intensity of the heat. With electric percolator it will take fifteen to eighteen minutes.

## Drip

If a drip pot with a cloth is used, allow a heaping tea-spoonful of Yuban, pulverized, to each cup of water, briskly boiling. For stronger coffee redrip several times.

If a metal dripper or filter paper is used, allow one heaping dessert-spoonful of Yuban clean-cut ground to each cup of fresh water, briskly boiling. Allow the water to remain on coffee about five minutes to steep.

## Old Fashioned

Use one heaping dessert-spoonful of clean-cut ground Yuban to each cup of water. Put the coffee in the pot and pour over it the fresh water, briskly boiling; let the coffee steep five or ten minutes over a low heat or flame, but do not boil. Settle with a dash of cold water.

## The silk knicker that is strongest at the point of greatest strain

THE point of greatest strain in a knicker is at the crotch. That is the weakest point in most knickers. So many seams that come together and break under strain.

It is just there that the Kayser "Italian" Silk knicker is strongest. It has not a single seam at the crotch. Instead there is a Marvelfit bias inset, its patented feature.

A special inset of the soft Italian silk to relieve the point of strain.

This inset, cut on the bias, gives an extra stretch and play of three or four inches in bending and walking. Smooth, evenly tailored, it does away with the discomfort of short seams.

The Kayser "Italian" Silk knicker alone has this feature. Everywhere women ask particularly for silk underwear with the Kayser label. Your favorite store has it, too. JULIUS KAYSER & CO., New York.

## Oily skin and shiny nose

### How to correct them

Do you know that the oil in your skin is necessary to keep it smooth, velvety, supple? This oil is constantly being produced by the glands of the skin. When it is too abundant the result is an oily skin and shiny nose. To relieve this embarrassing condition, use the following treatment as often as your skin requires, nightly if necessary:

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice.

This treatment will make your skin firmer and drier the very first time you try it. Use it regularly, and before long you will see a marked improvement.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.
