

BUILT ON A MOUNTAINSIDE, the international exposition of Barcelona, opening in May, promises something different in world's fairs. An entire hillside has been beveled and carved to accommodate the majestic structures, while its terraces have been laid out with promenades and gardens. This is an artist's idea of the main entrance, with the national palace at the top.

THE PALACE OF AGRICULTURE at the Barcelona exposition will house displays of viticulture, olive culture, and of all manner of products of the Spanish soil. The oddly-shaped structure is one of a group of buildings occupying an area of nearly 280 acres.

FAR ABOVE THE CROWDS looms the dome of the national palace, as seen from another part of the same building. The palace will dominate the grounds of the exposition, which is designed to prove to the world that Spanish genius is steadily in the ascendant.

IN THE QUEEN VICTORIA EUGENIA PALACE, which will inclose the exhibits of numerous countries co-operating in the Barcelona fair.

Creamed magnesia beautifies the skin in the same easy way that milk of magnesia purifies the stomach

Instant Skin Beauty

Sallow, Dingy Skin made Lovely—Coarse Pores become Fine—It corrects oily skin, heals eruptions and dissolves blackheads

The newest discovery in beauty culture is that creamed magnesia is much better for the complexion than any soap or cleansing cream. It beautifies the skin instantly, in the same easy way that milk of magnesia purifies the stomach. This is because skin impurities are acid. Doctors treat acid inside the body with milk of magnesia. And now, dermatologists are getting amazing results in banishing complexion faults with creamed magnesia. All you do is anoint your skin with it, massage and rinse with water. It's as simple as washing your face.

It reduces enlarged pores to the finest, smoothest texture almost as if by magic. Being astringent, it drives away the tell-tale signs of age. You will marvel at the effect of your first five-minute facial massage. It rejuvenates the skin so quickly that any woman can look lovely tonight, years younger. It's marvelous how magnesia dissolves blackheads, clears eruptions and corrects oily skin.

And because it is so mild, mothers use it instead of soap to bathe infants. It certainly is a blessing as a face wash for fine, sensitive skins that soap so easily irritates and coarsens. Being greaseless, it cannot fatten the face or grow hair. It removes make-up and extracts impurities deep-set in the pores better than soap or cold cream. It changes dull, sallow off-color skin to true-color clearness and fades out freckles better than a bushel of lemons. Test it on those clogged nose pores that stand out so boldly. Let it whiten your neck. It will also keep your hands soft and white. Until recently, creamed magnesia was used only by New York doctors' wives, and nurses. But now the large druggists everywhere find it hard to keep enough on hand to supply the demand. To get genuine creamed magnesia, ask for Denton's Facial Magnesia. Remember, five minutes works wonders. So, get your magnesia today and look lovely tonight. It costs almost nothing to try. It's Guaranteed!
