Get your money's worth?

Why... even if you could get an ordinary oil burner FREE you'd be money ahead to buy a Timken Oil Burner

See the Difference in the blue-hot flame at the nearest Timken Dealer's! Buy on easy terms. If you do not find a Timken Dealer listed in your telephone directory, write The Timken-Detroit Axle Company, Detroit, Mich.

TIMKEN OIL HEAT is a better buy at any price

There are two types of oil burners—(1) pressure; (2) Wall-Flame. Timken makes both. Tests on both types of burners, under a wide range of conditions, and records of thousands of owners show savings up to 25% in fuel oil and electric costs with the Wall-Flame Burner. Because the life of a Timken Wall-Flame Burner is so much longer, and the operating savings greater, even if you could get an ordinary pressure burner free, you'd be money ahead to invest in a Timken Wall-Flame Burner.

Too much Exercise? BACK STIFF AS A BOARD?

It's FATIGUE ACID in your muscles!

AFTER heavy exercise, certain waste products called fatigue acids form in your muscles. As a result, your muscle swells up inside its sheath. No wonder pains and aches follow!

The thing to do is increase your circulation in the aching muscle so that a fresh supply of blood can help carry those fatigue acids out. Just rub famous Absorbine Jr. thoroughly over the affected parts three or four times a day. Accepted laboratory tests prove Absorbine Jr. speeds the blood through the tissues, helping to drive those acids out. Swelling goes down—pains ease. Millions of people like Absorbine Jr. because it is

1. QUICK ACTING 3. PLEASANT 2. QUICK DRYING 4. ECONOMICAL TO USE
At all druggists, \$1.25 a bottle. Free sample, write: W. F. Young, Inc., 370A Lyman Street, Springfield, Mass.

Why do reporters drink COFFEE? ...You'd be surprised!

REPORTERS have to work late hours—and they drink a lot of coffee. Putting 2 and 2 together, maybe you've jumped to the conclusion that coffee keeps them awake.

But the fact is this: Late work causes fatigue—and coffee overcomes fatigue—it actually removes the cause—gives a reporter a lift when he's tired—eases nervous tension—helps his brain work faster when he has a job to do.

But that lift lasts only two hours—so if you're like 97 out of 100 people,* you can enjoy coffee and a good night's sleep too.

RIGHT or WRONG?

Can you score 100% in this 1-minute Coffee Quiz?

COFFEE AIDS DIGESTION Right? Wrong?

Coffee is prescribed by doctors and dietitians, and regularly served to patients in hospitals. For it stimulates the flow of the digestive juices in the stomach and helps the digestive organs to function properly. Check "Right" above.

COFFEE CALMS THE NERVES Right? Wrong?

Coffee, for centuries, has been the mainstay of men working under pressure—firemen, seamen, Red Cross workers. They drink coffee to relieve the nervous strain, for better mental and physical coordination. Check "Right" above.

COFFEE IS HABIT-FORMING Right? Wrong?

Of course, coffee is a stimulant. Yet it is a very beneficial one. For it relieves fatigue instead of merely dulling the sense of fatigue as a narcotic does. And when the pleasing effects of coffee wear off, there is no feeling of depression—no physiological craving for more. Check "Wrong" above.
