

CARSON, PIRIE, SCOTT & CO.

June's the Month of Brides and Bargains.

Walking Suits. The Costumes that looked the prettiest and sold the quickest in all Chicago have been reduced in price for the June selling to such an extent as to make it possible to buy for less than the cost of making in many instances, while the values of the materials themselves have been utterly ignored.

\$4.75 for \$10.00 Eton Blazer and Fly Front Jacket Suits—silk and satin lined Jackets—perfect fitting skirts—tailor finish throughout.
\$7.50 for \$15.00 Tailor Suits in all the new shades—either fly front Eton, or Blazer Jackets—perfect in finish.
\$10.50 for \$20.00 Costumes—all styles, all colors, and all sizes—Jackets are silk-lined throughout—out—Skirts are perfect in every detail—not a suit in the assortment made to have sold at less than \$18 and \$20.

\$13.50 for \$20.00 and \$25.00 Costumes—about 150 of them, and not to be confounded with shopworn goods—these are fresh from the maker.
\$16.50 for \$30.00 Costumes—the collection embraces a large number of high-class suits in all styles and colorings—the finest of materials and linings are used throughout.
\$22.50 for \$35.00, \$37.50, and \$40.00 Costumes—the very finest of materials, silk-lined throughout, and cut after the newest Paris and London models—high-class, tailor finished gowns that, if you care to pay the price, will prove themselves the cheapest in the entire collection.

Wash Fabrics. Real Imported Linen Batiste hasn't sold at less than 50c per yard—we've a pretty line for tomorrow in red, blue and white stripes—the sheer, crisp kind—**25c.**
Real Irish Dimities—the McBride fabric—in the newest shades and colorings—with shadow printings in white—35c and 40c grades will be offered Monday at 25c.
Imported Black and White Dotted Swisses—it's scarce enough just now—we've a few pieces of the 50c grade—Monday, 25c.
25c and 30c Imported Lappet Swisses—dark and light grounds—floral designs—19c.
Real Swiss Linon—in the natural fax color—the ideal Skirt Waist fabric—**10c.**

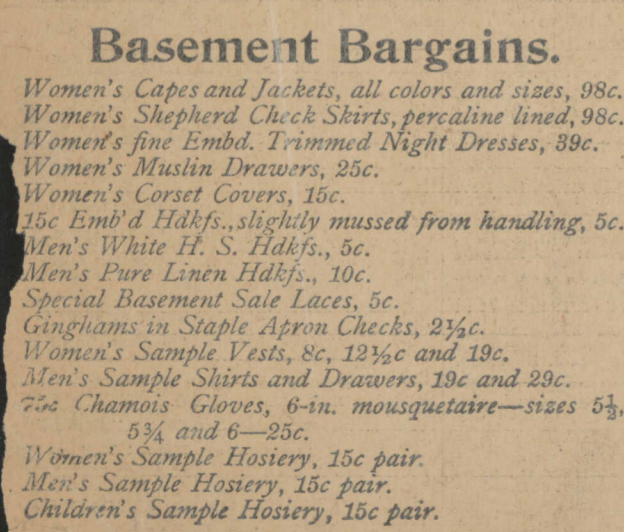

Dress Skirts. When you come to make up All-Wool Black Storm Serge into such Skirts as these, line them with percaline, thoroughly stiffen around the bottom, and bind with velvet, you'll find the cost exceeds \$5.00, in spite of you. That's why these carefully-made Skirts of ours are remarkable in price.
\$2.95. A full line of CRISPENE Skirts will be shown tomorrow for the first time. It has been heard—almost impossible—for us to make them up in sufficient quantity to display a well assorted stock. Special orders have had the preference, and this fabric cannot be had elsewhere, so we've had to make all that you've seen on the street and around about—it's kept us busy. We've all sizes for you tomorrow, however.
\$5.00.

Silk Waists. Two of the best values we've ever told you of were finished Saturday—made in our own work-rooms, of course.
One is a lined Dress Waist of changeable Silk—In all the new shades—in two models, both lace trimmed—all sizes—**\$5.00.**
The other is a Silk Skirt Waist—made of rich, heavy plaid Taffeta Silk—the new front, the new back, the new sleeves—dress-maker made throughout—**\$6.50.**

Laundered Shirt Waists. Laws and Percalines are made up into strange things this year. We've just seen some \$1 Shirt Waists that were sold in Chicago—they're the kind some dealers think it wise to sell. They'd been washed once, and the only pleasant feature about them to look at was the collars, which were white and detachable. They were fast colors, sure enough—but a little bit too quick for the washing. Ours are pretty fast, too, but they don't run.
Light and dark colors—made extra full—with detachable collar and cuffs—and our guarantee, although you'll never need it.
\$1.00.
We have some new Madras and Gingham Shirt Waists that we'll show you tomorrow, that cost a little more—\$1.50, \$1.75, and \$2.00—but they're pretty enough and stylish enough to cost as much again.
We make Shirt Waists to order in our Third Floor Dept.

With the opening of the June sales, High Quality stoops to marry Little Prices, and instead of calling it a *mesalliance*, the world approves the union. For there's business sense in it. Inventory is just a month away—seventy-six departments are hurrying to unload—old prices disappear, and in their places are tiny new ones that will carry off the goods.
Monday's purchases by customers having accounts with us, will be charged as June 1st.

The New Millinery. Whatever may be said of the folly of French fashions in general—we'll follow Paris as to millinery flowers for time to come. New York helps, tho'—She occasionally imports too many and has to sell them to Chicago for half in order

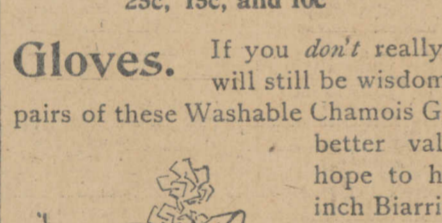

to unburden herself. That's the story of the great purchase of last week that has stopped the trading at other counters and brought the flower buyers here to us. From a whole field of them we've picked these to tell you of—

Laces.
