SOCIAL LIFE IN CHICAGO.

FASHIONABLE FOLK FIND ALL SORTS OF ENJOYMENT.

Numerous Weddings Scheduled for the First Week in June—Wheaton, Onwentsia, and the Saddle and Cycle Club Prove Great Attractions—Coaching Parties Unusually Popular — Receptions, Dinners, and Luncheons, Past and to Come.

CHICAGO fashionable folk are finding life most attractive, and last week was decidedly gay. Tuesday seemed to be a fête day. The chief feature of the day was the wedding of Miss King and Mr. Gadé, which brought out the society world in a surprising manner. The church looked like a huge flower garden in early summer. There were one or two odd bits of sentiment about the ceremony, as, for instance, the elder Mr. Gadé coming in from the vestry with his two sons—the bridegroom and the best man—and then the double exchange of rings when the ceremony is gone over twice. At the supper later for the special wedding party the bride and her friends had a merry time, as Mr. John Gadé of Cambridge is a member of the Harvard Glee club, and singing helped in the gayety.

There were the usual dinners and coaching parties at the Saddle and Cycle club on Wednesday, and all was merriment there. On Thursday evening Mrs. Caton gave a dinner for forty, singing and dancing finishing a pleasant evening.

Mr. and Mrs. John De Koven will leave Chicago on June 8 to open their house at Bar Harbor for the summer.

Miss Ethel Kirkland will soon go to visit Mrs. Onderdonk in Hamilton, Canada.

Mrs. Hamilton McCormick talks of coming home before the Queen's jubilee even begins, and Mr. and Mrs. Samuel T. Chase will return the second week in June.

The Misses Key will go to Boston on Friday to spend the entire summer. Mr. and Mrs. F. H. Winston will go to New York this week and Mrs. Winston will have as her guest through June a Southern girl—Miss Lowry.

The first week in June is marked by an avalanche of weddings. The festivities for these wedding parties, the usual Wednesday at the Saddle and Cycle, and the contests at Onwentsia tomorrow give promise of another lively week.

Another Airship Building in California

San Francisco, Cal., May 23.—At Grand Island, on the Sacramento River, an airship is now building with gasoline as motive power, the propelling and steering to be done by strong aluminium propellers. The machine is building by the Sweany-Davenport company. The ship will be 125 feet long and the car will be 47½ feet from the top of the cylinder. The width will be 37¼ feet from tip to tip of the propellers. The machine consists of an elliptical, gas-filled cylinder with two propellers, one on each side of the cylinder. It is steered entirely by the propellers. The cylinder is made non-collapsable by bicycle tubing running lengthwise with it, and underneath it is a small compensating cylinder into which the hydrogen gas escapes when the gas expands, and returns again into the cylinder when the machine nears the earth. The promoters expect to make a trial trip next month. They will sail over this city. If the machine is a success they propose to cross the continent in it. As no gas is lost they will not have to stop to generate gas.

Canada Wooden Railways.

There are several wooden railways in Canada and the United States. One of them is in the Province of Quebec and is thirty miles long. The rails are of maple, 4x7 inches, and trains are run over them with remarkable smoothness at the rae of twenty-five miles an hour. This road is used for the transportation of timber, and the rolling stock consists of one engine and thirty-five cars.

Millinery Department.

Some Items of Interest

With its many pretty novelties in trimmed Summer Hats and Bonnets—our show room this week will be Chicago's great Millinery Center of attraction. Unlike the brilliant hues of early Spring, these new conceptions are soft in tone—soft in shade and gossamery in fabric—the ideal hat for the Summer Girl. You are not invited to purchase—you are simply invited to visit our Millinery Dept. Our prices, as well as our styles, will be a revelation to you. Specially attractive lines will be placed on sale at—

$10.00 $6.50 and $4.95.
