IN THE SERVICE OF MEN—A giant of the jungle, actor in an English film, lifts and balances a ponderous timber.

## FROM A MEDICAL JOURNAL

... THIS: ABOUT COLDS

"The researches (of these Doctors) led them to believe that colds result from an acid condition of the body. To overcome this they prescribe various alkalies." That's why...

### face "Broken Out?"

WHILE correcting the underlying cause of these ugly little spots—they result from various conditions—you can relieve the itchy, burning soreness and help your skin by using an ointment with an oily base that will keep the medication in contact with the pimply spots.

For more than 40 years, people have used Resinol Ointment to fill this need. Applied every night—left on all night—it does a world of good. Treats the oil pores—where many surface pimples start—and aids healing. Washing first with Resinol Soap quickens the pleasing results.

Resinol Ointment and Soap, sold by all druggists. For sample of each, write Resinol, Dept. MN-8, Balto., Md.
