

WHEN CHILD HAS A BAD COLD

JUST PLUG TURPO

ELECTRIC VAPORIZER INTO A LIGHT SOCKET

AND COLD BREAKS RIGHT UP!

# for Children's COLDs

Hacking Coughs and Croup

Quick Relief From Your Light Socket

For generations mothers have tried to secure a healing vapor to treat children's ills. Doctors have long recognized that a true vapor treatment would break a cold and that it would be a valued aid for hacking coughs and croup.

Mothers need no longer stand over a kettle or hold a match under a spoon in a futile attempt to produce a healing vapor. This new Turpo Electric Vaporizer answers every need at the mere turn of an electric switch and at a trifling cost well within the reach of all.

It is so simple, so amazingly effective that it has instantly replaced old-fashioned haphazard cold treatments in thousands of homes.

**So Simple—So Easy—So Quick**  
Consider the convenience of this Turpo Electric

Vaporizer. Just fill the vaporizer one-third full of water. Add one teaspoonful of Turpo.

Plug cord into light socket—that's all. In a few moments, quicker than you can boil water over a stove, vapor will form and continue to form for fifteen minutes.

Consider its uses—at night, for instance. If child is subject to croup at night, or has a cough, just place vaporizer at bedside. Connect it at any time during the night should an attack disturb sleep.

No need for the child even to leave the covers—a big point when exposure to cold and draughts in insufficient clothing may mean heightened infection and serious danger.

The Turpo Electric Vaporizer completely does away with messy salves that make your hands greasy and soil your bed linen. And even a sick child thinks it fun to inhale this beneficial Turpo vapor.

### Common-sense Help for Adults Too

Stop bothering with nasty-tasting cough mixtures, harsh-acting cold tablets or old-fashioned double purpose ointments. Just plug the cord into a light socket. In a few moments you have a warm, healing vapor that spells quick relief to head and chest colds, congestions and similar complaints.

You can feel this Turpo vapor reach the spot. The first breath will convince you that finally you have found real help for colds. You will inhale a vapor so potent, so profuse, so ideally adapted to its purpose that each breath carries the true essence of Turpen-

tine, Menthol and Camphor direct to the sore, inflamed, congested membranes of the nose, throat and chest.

Improvement is immediate. Your head clears, congestion is relieved, breathing becomes free, and shortly the cold breaks up.

### Practical—Safe—Sure

The Turpo Vaporizer is a thoroughly tested electric appliance. It comes complete with five feet of high quality cord and standard connection ready to plug into socket. It is so staunchly made that it should last for years. The vaporizer jar itself is interchangeable with any regular Turpo jar of the same size.
