The new Willys cars are the outstanding achievements in Willys-Overland's twenty-four years of building quality automobiles . . . Greater beauty through modern lines of lowness and grace, and rich color harmonies . . . Greater roominess through longer wheelbase, increased overall length, and 58 1/4-inch tread . . . Greater riding comfort through deeper cushions, wider seats, longer and more

flexible springs, four hydraulic shock eliminators and double drop frame . . . New duo-servo internal expanding four-wheel brakes for extra safety—and, at slight extra cost, safety glass all around . . . Improved transmissions, quieter in operation . . . Speed range between 70 and 80 miles an hour . . . And substantial price savings—on some models as much as \$700, compared to last year's similar types.
