

HELENE COSTELLO, Dolores' little sister and daughter of Maurice, is one of the new Baby Wampas stars. Acting for the movies is nothing new for Helene, for when her daddy was one of the world's most popular screen stars, she and Dolores were many times called upon to "assist."

MARY McALLISTER, whom you saw recently with "Red" Grange in "One Minute to Play," is another Baby Wampas star for 1927—choice of the Wampas association (press agents of Hollywood). Here she's pictured with "Red" again. We all know Mary well, for we've been seeing her in pictures since she wasn't any bigger than a minute.

SALLY RAND used to be an artist's model. Then she went into the movies. Now she's one of the Baby Wampas stars of 1927. More power to her!

One Hundred Things to Do at Venice

No. 12 DANCING IN THE ORANGE GROVE—Dreamy music of the Lopez orchestra, soft cadences in the moonlight, overhead the leafy orange trees, and roundabout, romantic Florida in its very self. Dancing in the Venice Orange Grove, fanned by breezes from the Gulf—that is the crown of every active day—Good roads, hunting, sailing, game fishing, tennis, speed-boating, horseback riding, and home grown fruits, vegetables and milk to reward the busy day. All roads lead this year to Venice. Sixty percent of rooms at \$5, maximum \$15—apartment house space available. Booklet on request.

Ends the pain and the cause instantly

CORNS

It takes but a minute to end the pain of corns with Dr. Scholl's Zino-pads. When the corn is gone it never comes back. If new shoes irritate the spot, a Zino-pad fixes it over night.

Old methods of paring corns or using equally dangerous caustics or liquids, never gave people these results. Dr. Scholl's Zino-pads remove the cause—pressing and rubbing of shoes. They are thin, medicated, antiseptic, protective, healing. At your druggist's or shoe dealer's—35c.

Dr. Scholl's Zino-pads
Put one on—the pain is gone!

I End Gray Hair or Don't Accept a Penny

Send for free test

GRAY hair is proved unnecessary. A new safe way has been found to bring back original shade—to remove the faded streaks and restore graying parts—to make the hair live looking and lustrous.

Over 10,000,000 women have used it as the sure way to avoid detection . . . and because it's safe. They warn you not to use the crude, messy old-time dyes. This is clean and colorless. You simply comb it through the hair. It will not wash nor rub off. It's called Mary T. Goldman's Hair Color Restorer.

Gray hair lacks color pigment. This way takes its place, and gives the natural effect. If auburn, will revert to auburn. If black, black it will be.

Test it free if you wish. Simply write for special outfit. Or go to nearest druggist. A few cents' worth restores color perfectly. Money returned if not amazed and delighted.

Beauty beyond compare in the flash of CLEAN teeth

— and teeth flash cleaner, whiter from the dual cleansing action of Colgate's

SPARKLING like ice on a bright winter day—gleaming white in contrast to dark furs—there is a beauty beyond compare in the flashing of clean teeth!

And now, with the dual cleansing action of Colgate's, all teeth can have glorious, incomparable cleanness.

Dual Cleansing Action
Modern mouth hygiene demands a dentifrice with a dual cleansing action. Colgate's

formula is based on this principle. As you brush, Colgate's expands into a plentiful bubbling foam. First, this foam loosens imbedded food particles and polishes all tooth surfaces.

Then it thoroughly washes the entire mouth—teeth, gums, tongue—sweeping away all impurities. Thus the dual action of Colgate's brings unequaled cleanness; removes the causes of decay.

Use Colgate's, and your teeth will be cleaner for this dentifrice that is designed to clean, rather than some drug-filled dentifrice which claims to cure, but fails to clean.

Free to the readers of this paper—a sample of the dentifrice most Americans use

Colgate & Company, Dept. 63A
581 Fifth Avenue, New York
