SAVE THE WASTE AND REDUCE THE COST—The Aladdin System scientifically prepares the materials and conserves the labor. You can save 16% on the cost of the lumber and 30% on the cost of the labor.

Certified records of thousands of Aladdin Homebuilders in every state prove these statements. You can prove these statements for yourself, for there is an Aladdin Home near you wherever you live.

The pictures at the right tell the story of scientific preparation and handling of materials and the efficient conservation and direction of the labor.

Fourteen years' success of the Aladdin System of construction have firmly established its many advantages. The Lumber that's wasted costs just as much as the lumber that's used. The only possible way to reduce the present high prices of lumber and labor is to save the usual waste. The Aladdin System prepares all the lumber in our mills ready to be nailed in place. Waste of lumber is reduced to less than 2%. Cost of labor is reduced 30%. One man will do in six days, with Aladdin materials, what it requires ten days to accomplish without Aladdin's System. The book, "Aladdin Homes," sent free to prospective builders, explains this completely and thoroughly.

Greatest Distributing System of Lumber in the World

Shipments of Aladdin Read-cut Homes will now be made from the four greatest timber producing sections in the United States. From the Atlantic to the Pacific—from Canada to the Gulf—Aladdin can serve you wherever you live. Aladdin houses are manufactured and shipped direct from the Aladdin Company's own mills in Michigan, Mississippi, North Carolina and Oregon. Wherever you live, Aladdin houses come to you in a straight line from the nearest timber region.

Four Mills—
Four Offices

Aladdin's National Homebuilding Service means shorter routes, quicker delivery and lower freight rates for builders in every part of the United States. Three days to a week are saved in shipments reaching destination. Complete Sales and Business Offices are maintained in connection with each mill. Fully twenty-four hours time is saved in your mail reaching our offices.

Bungalows, Dwellings, Garages—Send for 100-page Book

Exterior and Interior illustrations, made direct from actual photographs of each Aladdin Home as it is now built and occupied in many parts of the country, portray the most popular designs of home today. There is an important message for every homebuilder in this book. It points the way to a better home at reduced costs. It helps you to avoid present high building prices. Send for a copy today.

**Dollar-a-Knot
Quality**

Aladdin's Dollar-a-Knot Guaranty is Proof of High Quality. Knotless Lumber, the purest and clearest that ever came out of the forest, is the kind that Aladdin houses are made of. This is evidenced by our famous Dollar-a-Knot guaranty, which has now been in effect for over four years. Better quality lumber does not grow. The highest grade paints, hardware, doors, windows, millwork, etc., are all included with every Aladdin house. The same grade, the best, is furnished for the small as for the large houses.

**20 ft. of Lumber
from a 16 ft. Board**

The Aladdin System of Homebuilding has been practicing for fourteen years the principle the World has only learned during the war—the elimination of waste of lumber and labor. The Aladdin Book explains this System thoroughly, shows how 20 feet of lumber is cut from a 16-foot board. The great Aladdin organization, composed of experts in every branch of homebuilding, stands ready to help you build your home at a saving. Put this group of experts to work on your problem. Send for the interesting book, "Aladdin Homes."

**Aladdin Houses
Cut-to-Fit**

The Aladdin Book of Homes has a message for you. Amongst its pages, profusely illustrated in colors, leading home designs are represented to you. Aladdin houses are cut-to-fit as follows: Lumber, millwork, flooring, outside and inside finish, doors, windows, shingles, lath and plaster, hardware, locks, nails, paints, varnishes. The material is shipped to you in a sealed box car, complete, ready to erect. Safe arrival of the complete material in perfect condition is guaranteed.
