"STICK TO IT," says Dr. R. E. Lee, well-known physician, "and FLEISCHMANN'S YEAST will help clear up ADOLESCENT PIMPLES!"

AFTER THE START of adolescence - from about 13 to 25, or even longer - many boys and girls are made unhappy by unsightly pimples.

At this time, important glands develop and final growth takes place. The entire body is disturbed. The skin gets oversensitive. Waste poisons in the blood irritate this sensitive skin and pimples pop out.

Fleischmann's Yeast helps to get rid of pimples because it clears these skin irritants out of the blood.

Eat 3 cakes every day - one or two cakes cannot do the work. Eat a cake about 1/2 hour before each meal. Plain, or in a little water. Be sure to keep on eating it regularly until your skin is entirely clear!
