Please accept one complete restoration. Test at home the way endorsed by 3,000,000 women and stage and screen stars. It is beauty science's most amazing contribution. Send coupon below or go to nearest druggist.

Bring back youthful color—over night

Millions of women know age brings waning popularity, so they have found this safe way to avoid gray hair. No one even suspects that they do anything at all, so natural does their hair look. Not even their own husbands know it. And they receive scores of compliments upon its radiantly live appearance, its luxuriant sheen and richness.

Several years ago the now famous Mary T. Goldman, whose experiments were prompted by the premature graying of her own hair, made a far-reaching discovery.

After her final successful experiment, one can im-

agine her delight and amazement to find herself again a charming, piquant woman of thirty.

Her friends were astounded at this miraculous transformation. And, indeed, it seemed like a miracle, for nothing on earth makes such a difference in a woman's looks as banishing gray hair. Years vanish over night.

The simplest way—also safest

Now science, by a highly scientific method, supplies a liquid containing elements that take the place of natural color pigment—hence gives natural shade.

Simply dampen a cloth in this amazing liquid—clear and colorless as water—then run it through the hair. That's all. In 10 minutes you are through.

Touch only gray or faded parts of the head. You can almost see the natural color creep back, so quickly does it do its work. Streaks disappear . . . gray vanishes.

If auburn, your hair reverts to auburn. If black, black it will be. Tests under observation of world's scientists prove this true.

Let strong sunlight strike your hair. Not a vestige of artificial color will betray it—for its color will be

natural looking. No need now for crude dyes judged dangerous to hair. There will not be the streaks or discoloration which follow their use. Your hair will have the tint, the fascinating color that it had in schoolgirl days. Nothing to wash or rub off.

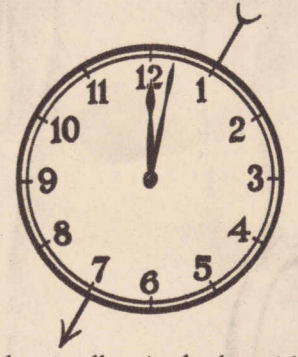

It is all very simple—like all highly scientific methods are. Yet results are beyond the average woman's sunniest dreams.

Free—an amazing 1-minute test brings out the natural color of your hair

You'll be amazed and delighted at what this scientific way will do. Please try it by sending coupon for free test. You snip off a single lock of your hair and try it first on that. Thus see exactly what results will be and take no chances, which is the safe thing to do.

Or go to your nearest drug store and get a bottle. A few cents' worth is sufficient to restore your hair completely. If not delighted, your money will be returned. Do not delay to try it another day.

YOU TEST IT FREE AT HOME . . . TAKES ONLY ONE MINUTE

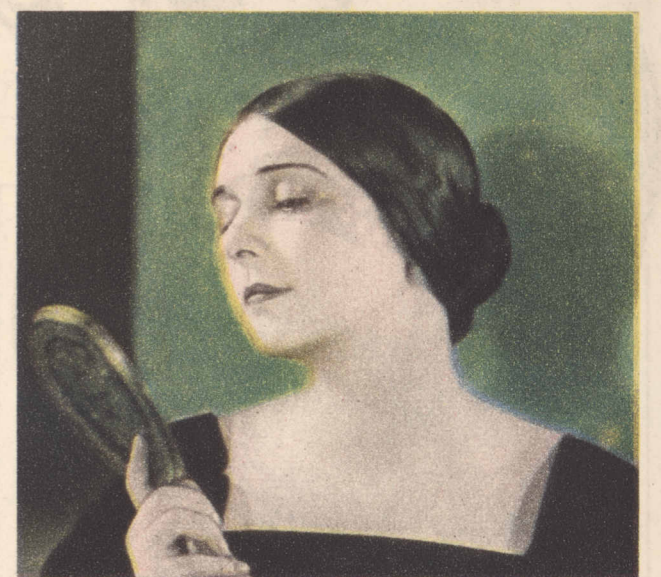

One minute, that is all. And when it's over you will see in the single lock color you knew only as a girl. Return this coupon today. Nothing you've ever done has made as great a difference in your age.

1 You try it first on a single lock of your hair to see what it does. Thus have no fear of results.

2 Then simply comb this water-like liquid through your hair. CLEAN . . . SAFE. Takes 7 to 10 minutes.

3 Arrange hair and watch color gradually creep back. Restoration will be perfect and complete.
