

LOVELY

MRS. RICHARD PORTER DAVIDSON

of Washington..

GRAND DAUGHTER
OF
MARK HANNA

Mrs. Davidson's Unusual Beauty always finds its perfect setting in an exquisite taste and smartness that seem to be her heaven-sent gifts. The contrast of this smartly tailored trotteur and her own stirring beauty is characteristic of the lovely subtle effects she achieves.

A Portrait of the Beautiful Mrs. Davidson, painted by the famous English artist, Olive Snell, who exhibits her delightful work in New York each year.

In this White Satin Gown by Vionnet, the warm rich tones of Mrs. Richard Porter Davidson's lovely skin and hair, and the great brown eyes which mark her extraordinary charm, are happily accented. Her radiant loveliness richly carries on the traditional beauty of the women of her family.

MRS. RICHARD PORTER DAVIDSON comes of a line of beautiful women and brilliant men. She is the daughter of the renowned beauty, Daisy Gordon, of Cleveland. Mark Hanna, the famous "Senator from Ohio," was her grandfather.

Beautiful in her own right, with chestnut tinted hair, great brown eyes and a skin of unusual warm rich tones, Mrs. Davidson from her girlhood has had entrée to the most exclusive and distinguished circles of Washington society, where she has always been a favorite.

Soon after her brilliant début she became engaged to the son of one of those firmly established old Washington families called by their smart friends "the cave-dwellers."

As a young society matron her success has continued. Mother of an appealingly beautiful young son who has inherited her large dark eyes, she has gained a new loveliness and charm.

Yet Elizabeth Hanna Davidson has not been content to rest on her laurels as a beautiful woman, nor on her success in the social world.

She is a strictly modern young woman with that urge toward accomplishment and achievement that is characteristic of women today.

In addition to her duties as a mother and to her activities in society, she has sought still other outlets for her remarkable vitality. She has accepted the challenge of business and has opened a smart little shop in Washington, which is much patronized by the smart younger set.

But in spite of varied interests and days crowded with action, Mrs. Davidson's beauty is as fresh and undimmed as the day she came out. For she learned long since the value of Pond's Two Creams for the care and protection of her lovely skin.

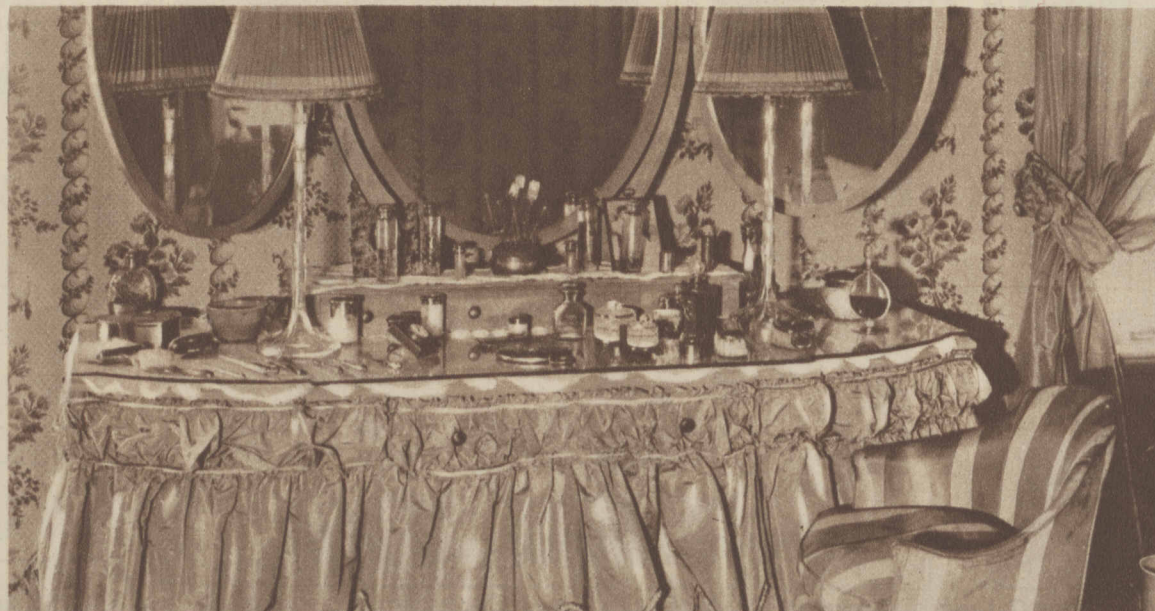

"Of course Pond's Creams aren't new to me—I've adored them for years—their matchless snowy texture, their intriguing fragrance, the prompt magic of their effect upon the skin.

"Delightful, too, are the new Pond's Skin Freshener and Tissues—just the things to complete the perfect method of keeping the skin immaculately young. I find the Skin Freshener just right. And the Tissues are soft as a zephyr."

To guard the skin of youth, or to restore its fragile beauty, use these four enchanting preparations. They form a delightful new Pond's way of caring for the skin which, followed faithfully each day, brings a new blooming and dewy freshness.

AS ALWAYS, smooth Pond's light and fragrant Cold Cream generously over your face and neck. Its fine, pure oils penetrate the pores, remove the accumulation of dust and powder, and restore your skin's precious suppleness.

AFTER EACH CLEANSING wipe away completely every trace of oil and dirt with Pond's Cleansing Tissues, softer than fine old linen. Velvety of texture and ample of size, they absorb all oil and moisture instantly.

On Mrs. Davidson's Dressing Table—exquisite in rose and green taffeta—two slender lamps of glass shed their soft rays over jade green jars of Pond's Two Creams and the tonic Skin Freshener.

NEXT, tone and firm your skin with Pond's Skin Freshener. It closes the pores, leaves your skin refreshed and fine, without a trace of oiliness. Never was such awakening, such refreshment for the skin! You'll love the magic way it lifts your skin—and your spirits, too!

FOR A FINAL TOUCH of loveliness, before you powder or before going out, apply the merest breath of Pond's Vanishing Cream. It gives your skin an exquisite radiance, takes your powder smoothly and holds it long. And best of all, it gives unflinching protection from all irritation.

Care for your skin in this way during the day. And always before retiring cleanse and refresh your skin once more with the Cold Cream and Skin Freshener. If you have a dry skin, a bit of fresh cream left on overnight will smooth away those annoying little wrinkles about the mouth and eyes.

If you would like to try these delicious Pond's preparations—to know the extra freshening and invigoration they bring—send today for the complete equipment, enough for a week's exquisite care of your skin. The charming little package will delight you—and its lovely contents will do wonders for your skin!
