Tailored at Fashion Park

THE

PARK FIFTY SUIT

*Fashion Park presents, in the Park Fifty Suit, a new and distinguished development of the English tradition of casual elegance. The styling is characterized by an athletic width of shoulder and fulness of chest, accentuated by skilful draping, and judicious fitting about the waist and hips. The sleeves are tapered. The whole effect is that of the youthful figure, yielding throughout an impression of increased stature and height. The Park Fifty is, needless to say, hand needled and custom tailored, in accordance with Fashion Park's unvaryingly high standards of craftsmanship; in either the Park Ease or Broad Blade model. Both may be had in a variety of rich all-wool and worsted fabrics, in herringbone weaves (illustrated) or clear-cut silk stripes.*

\$50
