What has happened TO THE MILLIONS WHO DRANK BEER?

WHAT are they drinking now—all those who drank the old-time beer? They have tried home brews—but certainly something so crude and impure cannot hope to satisfy.

To find the answer for yourself, as millions of others have done, we recommend this new-day brew.

Atlas Special Brew is so pure, so healthful that doctors endorse it and a famous laboratory certifies every bottle.

The zest is there, the sparkle and foam, the flavor and aroma. The digestive helps are in it, and the aids to sleep. The tonic qualities, the soothing factors, the delights are there.

The same masters make it in the

same old way. The same selected malt, the same domestic and imported Bohemian hops. In the brewing we develop the old alcoholic content. After the brew is aged for months to ripen, we extract the alcohol to meet the law. All else is there.

Let us prove to you how much this Atlas Special Brew can mean to you and yours. It costs only 15 cents a bottle, much less by the case of 24 bottles delivered to your door. Over 30,000 neighborhood stores supply it. Look for the green Atlas Special label on each bottle. Just ask your dealer or phone us. Atlas Brewing Company, 2107 Blue Island Ave., Chicago. Twenty phones: Canal 6200, Roosevelt 4500.

A WALKING CLUB IN ACTION—In training for a forthcoming walking race, members of the Middlesex, England, Ladies' Walking club put a great deal of variety of arm action into their exercises. (Associated Press photo.)

ANOTHER BLINDFOLDED TEST—To ascertain the existence of the golfer's "sixth sense," that mechanical accuracy developed through constant play, Miss Maureen Orcutt, noted woman golf player, submitted to the test of driving blindfolded, under which handicap she drove as far and almost as true as when relieved of the blind.
