

IT WILL DO WONDERS FOR YOUR SKIN

AND YOU WILL FEEL SO
MUCH, MUCH BETTER TOO!

*These new Du Barry Preparations and the new Du Barry
Hand Principle bring the Beauty Salon to your own home!*

Every woman knows how a trip to a Beauty Salon "sets her up"—all the tired feeling smoothed away, skin toned up, sagging muscles firmed, color brought back to her cheeks.

Imagine a treatment like that *every day* in your home! How much *surer* you'd feel of yourself with a lovely complexion! That's exactly what the Du Barry method makes possible—treatments so simply worked out that any woman can master them easily. And unusually fine beauty preparations, specially designed after years of research, to be really *effective* with only your own two hands to apply them.

Soft, velvety creams that melt with the warmth of your finger tips. Fragrant oils. Sparkling, stimulating lotions. Many contain ingredients never before used in beauty aids—to make them safe, pure and suited to home use.

Are you worried about frown lines? There's a special, simply explained treatment to smooth them away. Sagging cheek and chin muscles? Lines around the mouth, around the eyes? Are your neck and throat losing their former loveliness? . . . Whatever mark age or worry is leaving on your skin can be corrected by one of these treatments, fully explained in the little handbook that comes with every Du Barry purchase.

Just *day by day* care—simple, pleasant, restful—and you'll find your skin responding and taking on new soft loveliness.

A thorough cleansing with Du Barry Cleansing Cream and Du Barry Skin Tonic and Freshener is the basis of every treatment. Then, for example:

THIS IS THE DU BARRY WAY TO HAVE LOVELIER NECK AND CHIN LINES

" . . . smooth a generous quantity of Tissue Cream or Skin Food on the neck and chin. (You will choose Tissue Cream if your skin is normal, or inclined to be oily; Skin Food, if your skin is overdry.) Work it up with even strokes from the base of the neck. Have the Palm and Palm Cushion well lubricated with the Muscle Oil . . . When the mixture has been absorbed, saturate a pad of cotton with Special Astringent, and bathe the underchin. Now, using the back of the hands, slap alternately the fleshy part of the under chin. Again, do not bruise the tissues; use a stroke that will stimulate the lagging circulation. Feel the tingling sensation!"

There's not one treatment any harder than this.

Surprisingly inexpensive, surprisingly economical . . . these new Du Barry Preparations:
