WASHINGTON MONUMENT AND ITS REFLECTION.

SOONER or later, in nearly every married couple's life, one question comes up that husband and wife both dread to answer. The question is—where would they be, if the breadwinner were to lose his job.

Most families have pitifully little set aside. According to reliable authorities, the odds are extreme against any man ever achieving old-age independence. Indeed, the chances are slim that he will possess as much as \$1000 in cash at any time.

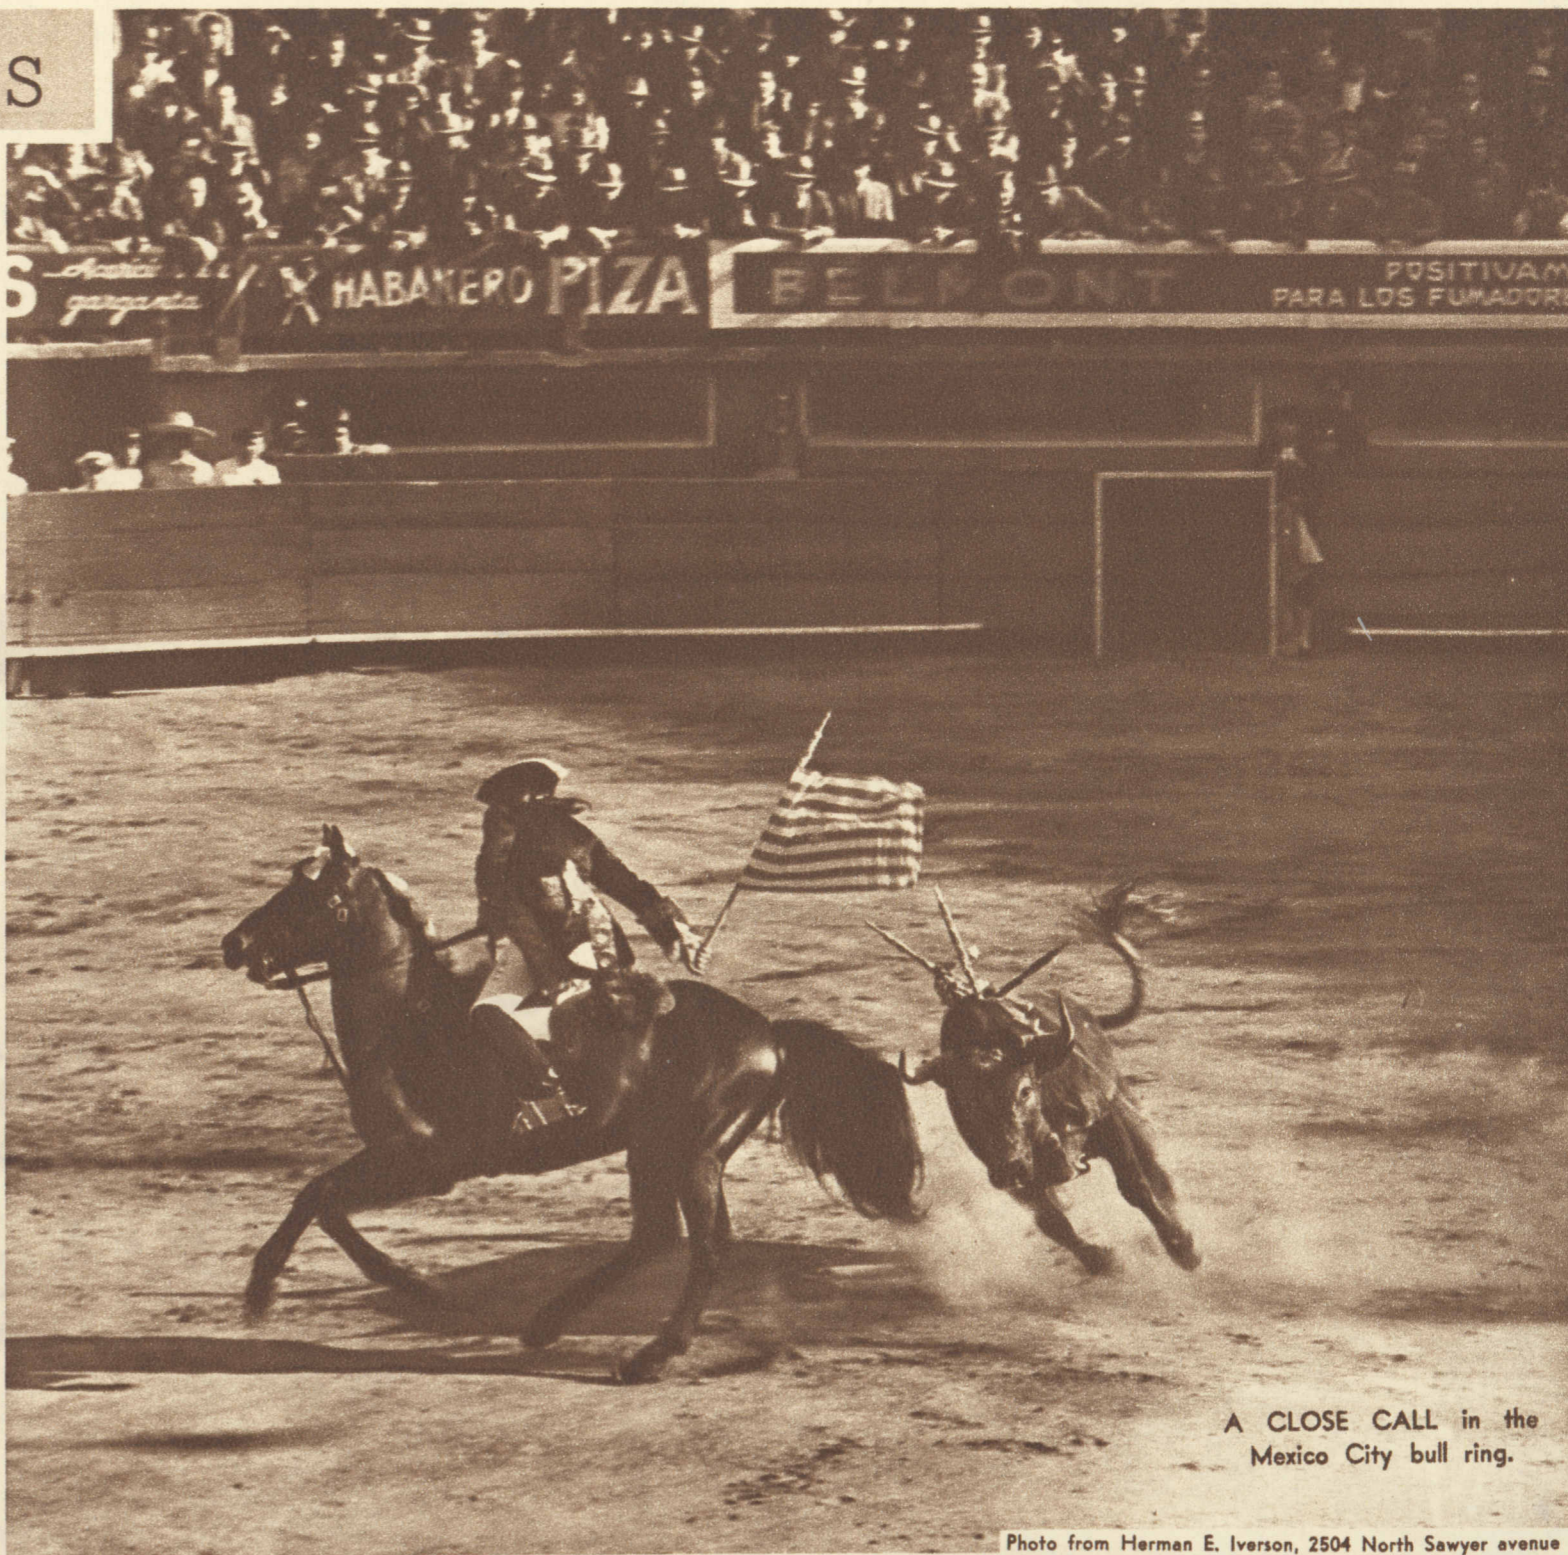

And yet, today, it is a relatively simple matter for anyone, even of modest earnings, to be secure for the future. You need set aside only a little odd change a day in a Fidelity Income Plan, in order to have funds when you need them most.
