Years of scientific study are behind the Woodbury prescription for the care of the skin

★ **DESQUAMATION**
—medical term for the invisible peeling that goes on in every healthy skin, and brings out the new skin just underneath

That VEIL* of Dead Skin must come off

A veil of dry, dead skin is covering up the true beauty that lies just underneath!
Clear it off!
Let the fresh new skin come out! Help the natural DESQUAMATION that goes on invisibly in every healthy skin.

Here is the prescription worked out for just this purpose by the head of the Woodbury laboratories:—
Bathe the face in warm water. Then work gently into your skin a lather of Woodbury's soap. Wash off with warm water. The

Woodbury lather has freed your skin of the tiny, invisible dead cells. Now tone the new fresh skin with a brisk splashing of cold water.

Never forget this basic treatment. Woodbury's is 25 cents a cake at any drug-store or toilet-goods counter. It also comes in convenient 3-cake boxes.

To meet the Woodbury laboratories' exacting requirements for a facial soap, Woodbury's is very finely milled. This also makes it last much longer than ordinary soaps. The Andrew Jergens Company—Cincinnati, Ohio.
