

Don't Waste-- Don't Hoard

The man or woman who wastes contributes to national uncertainties, multiplies bit by bit the problems facing the nation's head.

The man or woman who hoards helps create those "psychological depressions" which so often precede national disturbance.

The dollar is a natural-born "mixer"—it is no good unless it circulates.

Buy as usual—save as usual—buy wisely—save that which was once wasted—and the nation will be victorious

Silks for Outdoor Wear

Here are interesting groupings of the silks desired for early summer apparel right now.
