Leading Swedes Protest German War Effort

The Eight Cylinder Cadillac is in Chicago today. It is the same old story with the Cadillac every year. It is always ahead—so there are always these "questions." Always we are able to show that the Cadillac is right—always it turns out right. Now the Eight Cylinder Cadillac is in the "question" stage. It has proved its own superiority. How many times do you have to be shown—how many times must the Cadillac prove its leadership—before you will realize that you are safe when you buy a Cadillac? A few May deliveries are still available.

Mutual Admiration

Now hair, full of spirit and life, is important if you wish to command the real genuine admiration of others. Sadness is it that so many lose their hair too soon. Young girls and boys, worthy hair, and those with premature, premature graying. Wigs and false hair is a byword for women, the growing ambition, which used to appeal to the gentleman, commercially perhaps, accepted as not out of place and so forth.

Newbro's Herpicide is sheer, pure, dainty, with an odor which is exquisite. Start it without the knowledge of your friends and see how quickly they will remark the increased beauty and luster of your hair and the improvements in your looks.
