VULCATED LASTEX
37 1/2% MORE CONTROL FOR THE CLASSIC FIGURE

Dear Mrs. Modern:
Mrs. Plump was in a predicament. By the time she smoothed her fleshy humps with her heavy old corset, she was so exhausted she couldn't enjoy her social life. She's happy now. She wears a Vulcated Lastex garment and looks and feels better than she has since she weighed 105. She paid \$10, but there are others at \$5 and \$7.50.

Yours for a romantic figure,
Formfit

FEEL Free!

You've sensed that feeling of complete freedom when the last stitch of clothing is removed—and there's not a thing to restrict, or bind, or hamper your bodily activity. That sort of freedom continues, all through the day, insofar as your underwear is concerned, when you wear DU-ONS. Du-Ons are not tight at the waist or in the crotch. They do not bind or "pull." One-piece, they cannot separate in the middle. They do not roll up, bunch, or creep. Try a few suits and know why men who wear Du-Ons will never go back to any other kind of underwear. She knows her MEN!

THE girl who gets the invitations is the girl who knows how to please the men!
She takes great pains to learn their likes and their dislikes.
One of the first things she learns is that nothing so quickly prejudices a man against a girl as the ugly odor of underarm perspiration on her clothing and her person. And so she runs no risk of this danger. For she knows how easy it is to avoid—with Mum!

Just half a minute is all you need to use this dainty deodorant cream. Then you're safe for the whole day!

Another thing you'll like—use Mum any time, even after you're dressed. For it's harmless to clothing.

It's soothing to the skin, too—so soothing you can use it right after shaving your underarms.

Mum, you know, doesn't prevent natural perspiration. But it does prevent every trace of perspiration odor. And how important that is! Use Mum daily and you'll never be uninvited because of personal unpleasantness. Bristol-Myers, Inc., 630 Fifth Avenue, New York.

MUM **MUM**

ANOTHER WAY MUM HELPS is on sanitary napkins. Use it for this and you'll never have to worry about this cause of unpleasantness.
