Years of scientific study are behind the Woodbury prescription for the care of the skin

★ DESQUAMATION

medical term for the invisible peeling that goes on in every healthy skin, and brings out the new skin underneath

The VEIL that hides your True Loveliness

CLEAR IT OFF!

A CLEAR, LOVELY FACE that you can carry proudly before the world!

A skin that's fresh and rosy as a child's.

You have it! It lies hidden just underneath the outer veil of dry, dead skin that covers it.

Day by day this outer veil is peeling off—invisibly.

Day by day the new skin is coming through.

DESQUAMATION—a natural process of every healthy skin.

To help this natural peeling-off process and tone the new skin as it comes through, there's a special treatment worked out by the Woodbury laboratories.

HERE IT IS:—First bathe the face gently in warm water. Then rub up in your hands a generous lather of Woodbury's soap (which was made especially for this purpose). Work this gently into your skin—from the chin up toward cheeks and temples. Now wash off with warm water. Your skin feels new, liberated. The Woodbury lather has freed it of the tiny, invisible dead cells that covered its surface, for Woodbury's acts on

the face as ordinary soaps cannot. Now tone the new fresh skin. Bring it glowing health and vigor with a brisk splashing of cold water. Ah! how good it feels! Do this twice daily.

In ten days, see how much fresher and clearer your skin is.

That's a promise of what the faithful use of this special treatment with a soap made especially for this purpose will do for you.

Woodbury's Facial Soap has helped millions of girls to keep a clear, flawless skin.

Begin to use it yourself. See what it can do for you.

Woodbury's is 25 cents a cake at any drug-store or toilet-goods counter. It also comes in convenient 3-cake boxes. To meet the Woodbury laboratories'
