

A ROYAL STUDENT at the army cavalry school at Stroemsholm, Sweden. The smiling chap is Prince Gustavus Adolphus, oldest son of the crown prince, and destined some day to be Sweden's king.

(Photograph from Pacific and Atlantic.)

UNDER THE SOUTHERN CROSS expositions flourish just as they do in America. Here is an aerial view of a gigantic show at Sydney, Australia. A mighty array of livestock, machinery, motor cars and produce, valued at more than \$7,500,000, was exhibited.

(Photograph from International.)

LITTLE DAVEY LEE is much in evidence in the movies these days. If you didn't see him in "The Singing Fool" why, there's "Sonny Boy" for you to observe. If you miss "Sonny Boy," he's right there in "The Frozen North."

## WALK-OVER

Main Spring Arch  
Golf Shoes

GOOD feet are an essential part of the golfer's equipment. When a man leaves his desk for the links he calls upon his feet to do new and strenuous work. It is only fair to give them some assistance. The Main Spring Arch will support the tired muscles when they tend to sag and will put pep in your step throughout the game. No feet are so good that the Main Spring Arch will not increase their efficiency.
