# You'll sleep better in NOBELT PAJAMAS

Gil Berry, football star, wearing Faultless Nobel Pajamas

They stay up without waistline pressure

Be sure you get Nobels—tailored exclusively by Wilson Brothers. Only these pajamas have the patented Nobel waistband—a flat, wide ribbon of stretchable rubber encased in soft, yielding fabric. Ordinary "elastic" waistbands are made of rubber threads—tightly stretched, always under tension. The Nobel waistband wears longer, is more comfortable. Guaranteed to give satisfactory service during the life of the garment.

## Get rid of the "ROPE" that ruins sleep

Do you want a better night's rest? Sleep in a pair of Faultless Nobel Pajamas and you'll never want to wear drawstring pajamas again!

Drawstrings pinch. They slip and slide. They tangle up in hard knots. But Nobel Pajamas are always comfortable—never disturb your sleep. The supple Nobel waistband holds them up gently,

smoothly, without pressure. It breathes with you.

More than a million men agree they sleep better in Nobel Pajamas. Get a pair tomorrow. Sold at leading men's wear stores everywhere. Convertible-collar coat styles, middie pullovers and lounging models, featuring new solid colors and rich all-over patterns. Prices range between \$2 and \$10.

## For a very Lucky Bride

To Have....and....To Hold

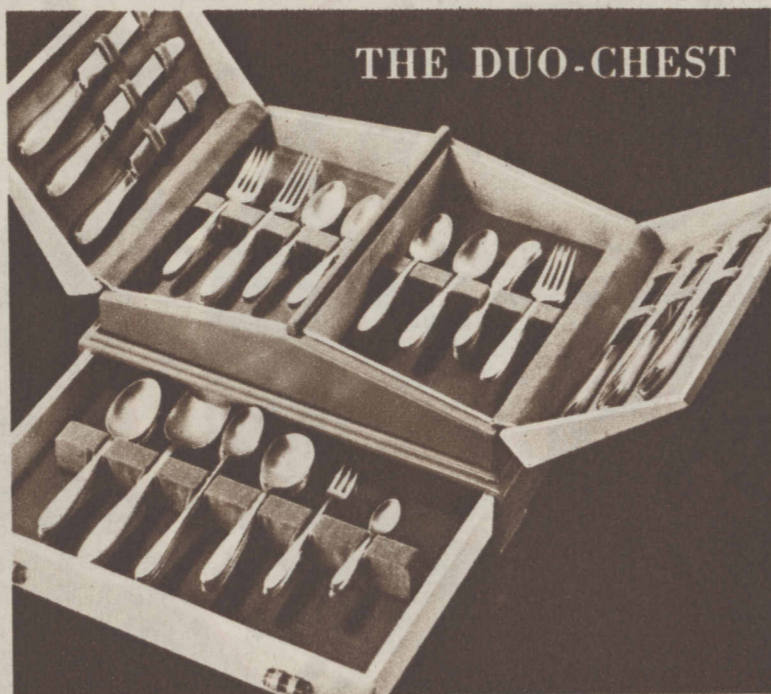

### SIMPLICITY or SPRINGTIME

IF THERE'S a bride you'd like to please—and please royally, lead her to International Sterling's exquisite new patterns and let her make her choice . . .

*Simplicity* is for the bride who feels that the mellow sheen of sterling and supreme grace of line are beauty enough. The bride's monogram engraved on the handle is the only decoration.

*Springtime* is for the bride who thrills to the luxury of the Renaissance. Lavish ornament and deep, rich carving make this a sumptuous gift.

As a fitting home for these two new patterns we offer the Duo-Chest—of blue lacquer, metal-banded and very smart. It is in two sections which may be bought and used separately or as a unit.

THE DUO-CHEST

The top section contains a basic 36-piece service for six—12 teaspoons, 6 forks, knives, butter spreaders and salad forks. The pedestal section adds six cream soup spoons, dessert spoons, iced tea spoons, coffee spoons, oyster forks and 2 tablespoons.

36-piece service in single case: *Simplicity*—\$79.50 . . . *Springtime*—\$93.00.

68-piece service in double case: *Simplicity*—\$151.50 . . . *Springtime*—\$176.50.
