

Aladdin Homes Readi-Cut

COMPLETE MATERIALS FOR THIS BUNGALOW HOME \$1502.

Build Now At Before War Costs

By Eliminating 18% Lumber Waste and 40% Labor Waste

The Aladdin System of Construction has reduced lumber waste to less than 2%. This means in saving to the home builder an amount that approximately brings the cost of a home built this year to what it would have cost before the war. Because the Aladdin System of Construction prepares all the lumber in our mills ready to be nailed in place, you can pay the present high wages and still keep the labor cost where it was before the war. One man will do in six days with Aladdin materials what it requires ten days to accomplish without Aladdin's System. The Beautiful Aladdin Catalog explains this very completely and thoroughly.

The Lumber That's Wasted Costs Just as Much as the Lumber That's Used.

A better home for less money! That's the verdict of thousands upon thousands of Aladdin customers. Certified records of 25%, 35%, 40% saved by the Aladdin System of Construction are on file in our offices. Ask for copies of these records in your own community. Talk with your neighbors who have built Aladdin homes. Get the facts at first hand. Waste saving is the chief reason. Valuable high-priced lumber is saved from the waste pile by the Aladdin Readi-Cut System, and this money stays in your pocket. "The lumber that's wasted costs just as much as the lumber that's used." Read all about this remarkable system in the Aladdin Catalog.
