New Shampoo Treatment Wakes Up Dull Hair

Now comes an entirely new kind of a shampoo, to unmask the beauty that lies hidden in every woman's hair, the very first time it is used!

A soluble olive oil shampoo, Admiración eliminates that messy, soapy lather—and washes away completely with a single thorough rinse! It leaves no soap film to dull your hair's lustre. But Admiración is more than just a cleansing shampoo. It contains a new scalp tonic, called Davolene, that normalizes unhealthy scalp conditions. Admiración removes dandruff and thus helps stop falling hair.

Try Admiración today, or send the coupon for a 2-Treatment trial bottle. ● If you have your hair done professionally, ask for an Admiración DeLuxe Treatment next time.
