CHICAGO’S SKYLINE IN 1907

Go by
STREET CAR
Convenient
Economical

The Century of Progress Exposition and any point in the City of Chicago can be reached conveniently by the Chicago Surface Lines.

The low fare of 7 cents with free transfer privileges makes Surface Lines transportation the most economical to be found anywhere.

The average ride of some 2 million passengers daily is more than 4 miles and it is possible to ride 37 miles for one fare.

Street cars take you anywhere.

THE CHICAGO SURFACE LINES

80 Per Cent Use STREET CARS

The Chicago Surface Lines is the largest street car system in the world. It carries 80 per cent of the local transportation load of Chicago. Write for sight-seeing guide—it’s free.
