LABOR CHEERS ORATOR'S FLING AT EXTREMISTS

Convention Then Takes Unreconstruction Program.

Atlanta, Ga., Jan. 1.--Delegates representing more than 100,000 members and officers of the American Federation of Labor met Monday at the corn Exchange Club for the annual labor convention.

Reconstruction Program.

The general report of the convention of the American Federation of Labor is as follows: "The American Federation of Labor is the name of this organization, and we are the members of the Federation. Our aims are to work for the betterment of our members and the interests of labor in general. We are the voice of the workingman, and we will fight for his rights and interests."

You Reap the Benefits of Our Partnership

WE employees are stockholders and partners in this business of manufacturing better envelopes. Because we're partners, we're working for ourselves. But we're really working for you.

Because your interests are our interests. And we can make money for ourselves only by making satisfied customers. Therefore each of us takes it upon himself to see that you get a "square deal".

This is the attitude of our salesman who calls upon you, of the men who answer the telephone when you call "Monroe 380", of the girls who make and print your envelopes.

Every employ on our mill payroll is working for you. The specification clerk, the order-peg work clerk, the gang foremen, the pressmen, the girls who operate the folding machines — each and every one of them wants to please you.

You'll get a lot of satisfaction from wearing your envelopes which are made under the most favorable conditions. For we get the EVERYDAY men and women who make Monroe envelopes and we have a "partner" call on you and talk over your envelope needs.
