

BOND JUMPING THING OF PAST IN COOK COUNTY

None Defaults in a Year; Only 17 Since 1932.

BY GEORGE WRIGHT. Not one bond forfeiture has occurred in the Criminal court since April 7, 1937. This contrast with the scandalous situation of a dozen years ago was revealed yesterday in a statistical report released by Chief Justice Cornelius J. Harrington and State's Attorney Thomas J. Courtney.

Another improvement is revealed by the report of Judge Harrington, who will relinquish the stewardship of the court on Labor day to his successor, Judge Michael L. McKinley. It is the speedy trial of criminal cases. Ninety per cent of these cases are now being tried within thirty days of indictment and only 136 are pending.

Old Type Bondsman Extinct. Professional bondsmen, who in former years would schedule anything from a street car to the blue sky, are a thing of the past in the Criminal court, said Assistant State's Attorney Melvin Remble in charge of bonds.

In the six year period since 1932 only seventeen defendants have escaped punishment by the bond forfeiture rule, according to Remble. Although 132 defendants attempted to escape by forfeiting bonds, all were arrested except the seventeen now at large.

The improvement in the bond situation started in 1930 when former State's Attorney John Swanson in cooperation with the Chicago crime commission, then an aggressive crime fighting unit, started a drive to collect on forfeited bonds under newly passed laws.

Courtney Keeps Up Fight. State's Attorney Courtney has carried on the fight since 1932. His bond department has the cooperation of the Criminal court judges.

The vivid contrast between the past and the present is illustrated by the year to year table following [comparable figures for 1931 and 1932 are not available because of a change in the bookkeeping method].

Year	Bonds forfeited	Money never ap- proved	Defendants never ap- prehended
1932	1,000	\$1,788,500	83
1931	326	874,420	61
1930	379	638,640	28
1929	54	16,500	5
1928	45	21,000	5
1927	18	1,500	5
1926	9	31,000	5
1925	6	10,000	2

So far this year the bond department has accepted 257 bonds without a forfeiture. Property involved in forfeited bonds since Courtney took office has reverted to the county under sheriff's deeds and cannot be sold or mortgaged by the owners until settlement on the bond has been made with the county board and the property released.

Bail Jumping Goes Out of Style

(Story in adjoining column.)

Graphs contrasting the past and the present situations in Cook county with respect to number of bond forfeitures, amount of money involved, and number of bail jumpers never apprehended. A change in bookkeeping methods made figures for 1931 and 1932 unavailable.

D'ORSAY PALMER BROKE, ANSWER IN ALIMONY BATTLE

Can't Pay Lawyers, He Tells Court.

Sarasota, Fla., July 23.—[Special.]—Potter D'Orsay Palmer, scion of the Chicago Palmers, is broke and has no means of paying alimony and counsel fees to Pauline Warren Palmer, his wife of a year who is suing him for divorce, according to objections filed in Circuit court here today.

Palmer generally has been supposed to have an income of several thousand dollars per month, so the statement of his attorneys that he was without means to provide for his estranged wife came as a surprise.

D'Orsay, who is 32 years old, 6 feet 3 inches tall, the son of Honore Palmer, has been married three times. He has made liberal financial settlements upon two former wives.

His first wife, Eleanor Goldsmith, 36 years old, a golden haired school girl, was divorced ten years ago. It is said he has completed a series of substantial annual payments to her under the divorce settlement.

But the young man still is paying alimony to No. 2, Maria De Hoz, Argentine beauty, whom he wooed and won in Paris and who divorced him the day before he married Pauline Warren, daughter of an old New England family.

While the bill of complaint con-

taining Mrs. Palmer's allegations has been kept from public by mutual agreement of opposing counsel, lawyers' statements in the objections filed today indicate that among other things she charged abandonment.

The surprise clause which indicated that D'Orsay is not independently wealthy stated: "It does not appear that the defendant is earning anything or that he has any capacity to earn to support the plaintiff."

Young Palmer has held at least nominal official positions in various Palmer enterprises here.

The court will hear arguments on the objections next week.

FIVE QUIZZED AS ROBBERS AFTER WEST SIDE CHASE

Five men were questioned yesterday by Capt. Frank Malone of the Lawndale police in connection with recent west side robberies. They were seized by a police squad early in the day after a chase through side streets and alleys.

Those held are Leo Myslewski, 4044 South Rockwell street; Rudolph Frenchok, 1650 West 21st place; Edward Czanyki, 1645 West 21st street; Peter Novak, 1659 West 21st street; and Leo Weisner, 1650 West 21st street.

Shortly after they were arrested, they were identified by Stanley Van Waterschoot, 2330 North Spaulding avenue, and Mrs. Mary Annart, 3111 West 15th street, as the men who had robbed them a short time before of \$40 at 15th street and Kedzie avenue.

CAR HITS GUARD RAIL; PLUNGES 30 FEET; 2 HURT

A speeding automobile plunged through a wooden guard rail last night and fell thirty feet into the yards of the North Western railroad near Union avenue and Erie street. Its two occupants were injured seriously, one probably fatally.

The men, Joseph Tesmer, 31 years old, 1312 North La Salle street, and Frank Pelka, 35, 934 North Hoyne avenue, had been driving north in Union avenue at high speed, according to the Racine avenue police. Tesmer, who was at the wheel, did not see that Union avenue ends at Erie.

Crashes Through Rail. The car bounded over the sidewalk and through the guard rail, soaring fifty feet into space before dropping, according to witnesses. Police chopped open the doors to free the occupants. Physicians said Tesmer probably will die.

Miss Inez Hayes, 35 years old, 4121 North Mozart street, was critically injured late last night and seven other persons were also hurt in an automobile accident at Irving Park road and Mozart street. She was standing on a safety island when she was struck by a car driven by Daisy De Loss, 30, of 1050 Buena avenue, a musician. De Loss' car then crashed head on into another one.

Serves to Avoid Pedestrian. The seven others hurt were De Loss, Otis Wesson, 21, also of 1050 Buena avenue; Henry Har, 24, of 2010 Cleveland avenue, all in one car, and Steve Kummerle, 46, of 3436 North Damen avenue; his wife, Ida; Floyd Mrozinski, of La Porte, Ind., and Mrozinski's brother, Raymond, all in the second car. De Loss said the accident occurred when he swerved to avoid

THE MASSACRE Chicago's 1938 Traffic Toll

More than 98% of the city's automobile fatalities are of a nature physically impossible on an elevated highway.

a pedestrian. Miss Hayes is in the Martha Washington hospital. Hubert G. Curry, 31 years old, 619 Campbell street, Joliet, was killed last night near Peotone, in Will county, when the car in which he was riding sidwiped another machine, plunged from the road, and struck a dairy truck parked nearby.

Lois Pearce, 21 years old, of 408 North Raynor avenue, Joliet, who was driving the car, was only slightly injured. The car which was sidwiped was driven by Curtis Deason, 19 years old, of Mattoon. He was unhurt.

Cosmir Borysik, 21 years old, 866 North Paulina street, died last night in St. Mary's hospital of injuries incurred on June 12 when his car crashed into a brick wall in an alley near Paulina street and Chicago avenue.

Up to 2 p. m. yesterday, 454 persons had been killed by automobiles in Cook county since Jan. 1. Of these, 351 were killed in Chicago, where 10,371 were injured in the same period.

INSPECT 14,707 HEATING PLANTS UNDER NEW LAW

Engineers for the city department of smoke inspection and abatement inspected 14,707 fuel burning plants during the first six months of this year. They are enforcing an amendment to the smoke ordinance, effective Jan. 1, which requires an annual inspection of the heating and power

plants in approximately 30,000 buildings.

In the past operating permits for the plants have been issued at the time of installation. No further inspection ever was made until the department received a complaint of a smoke nuisance.

Under the terms of the new ordinance the inspectors are empowered to revoke the operating certificate whenever owners fail to make recommended changes or corrections. Frank A. Chambers, head of the

department, said all the owners to whom changes were recommended complied willingly. Compliance with the ordinance not only insures smokeless operation, but also reduces fuel consumption, he said.

TRIES TO DROWN; RESCUED. John Nekvasil, 74 years old, unemployed and homeless, tried to drown himself yesterday in the Chicago river at the Wells street bridge. Lester Adams, 1525 North La Salle street, a passerby, plunged in and saved Nekvasil, who was taken to the County

Those who suffer from syphilis and gonorrhea need not divulge the fact to their friends, business associates or employers, if they do not wish to do so.

Competent medical care for these diseases is available here at a United Medical Service, where many different kinds of ailments are diagnosed and treated. No one but the attending physician knows the nature of any ailment under treatment. As a result, fear of discovery, subsequent embarrassment or loss of position is practically eliminated. In addition to these advantages you have the assurance that your condition will be in capable and experienced hands.

A United Medical Service is operated by Dr. Joseph G. Berkowitz and medical associates. It was Dr. Berkowitz who originated and put into operation the first low cost medical effort to control the spread of venereal disease. Among the physicians who comprise the staff of a United Medical Service are men who were associated with him in that original effort. Their years of training and experience in this highly specialized field of medicine are available to you at fees which are perhaps the lowest ever offered to the public.

These low fees were established to make it possible for patients to continue treatment long enough to effect a cure. It is our contribution to the fight that is now being waged by city, state and national health agencies against these diseases. Early diagnosis and proper treatment are of the utmost importance if one wishes to escape the dreadful consequences of an undiscovered and untreated venereal disease. For notwithstanding present activities there are still almost 7,000,000 persons in this country who have syphilis—over 500,000 new cases sought medical care last year and 60,000 babies are born with it every year.

Make sure! Be examined, and if you find you are infected, start treatment immediately—before irreparable damage is done. Syphilis can be cured!

Examination for Syphilis and Gonorrhea, including blood test, is \$2.00 Treatment Injections for Syphilis...\$1.00 Treatment for Gonorrhea as Low as 50c
